FEBRUARY 2019 NEWSLETTER

WILDLAND FIRE TOWNHALL SCHEDULED

Last month's wildfire townhall meeting was again very successful with a full house in attendance. There will be another meeting on Friday, February 8th at 6 PM in the Fire Station Hall to refine our plans and gather more feedback regarding Shelter Cove's wildfire preparedness and evacuation readiness. The focus of this meeting will be the announcement of a Community Chipper Day so please plan to attend to bring your thoughts and get the details on how you can take advantage of this free chipper service.

Emergency Disaster Preparedness Committee Meetings to Start:

The RID and Shelter Cove Fire Department are organizing a series of Emergency disaster planning meetings to be held in the Fire Station Meeting Hall. The regular meeting schedule will be announced at the February 8th Wildland Fire Townhall meeting noted above. The meetings will allow the community to bring ideas and knowledge to help the newly formed committee craft an Evacuation Plan among other things.

Dark Sky Protection:

If you want to be a good neighbor and reduce light pollution, the cheapest, most obvious and most effective way to reduce light pollution is to start turning lights off or place motion sensors on essential outdoor lamps and use directional light to avoid the light bleeding onto adjacent properties.

Lift Station Red Light:

If you notice a red light on any of the lift station vaults located on Lower Pacific Drive, please notify the District as soon as possible. The red light signifies a malfunction of the pumping system and requires immediate attention to avoid a sewage spill.

FULL-TIME JOBS AVAILABLE

General Laborer:

Minimum Qualifications: High school graduate. Must be computer and network/internet literate. Should have the ability to understand and carry out oral and written direction and maintain cooperative and professional relations with the public at all times. COMMUNITY CENTER DESIGN MEETING

The New Community Center Ad hoc Committee has scheduled a public meeting at 4:00PM on Friday, February 22nd at the Fire Station meeting hall. The meeting will provide opportunity for public input.

Meter Clearing Time:

Vegetation is growing rapidly this time of year and can make reading meters difficult. Please take time to look at your meters and make them easily accessible. If a meter cannot be readily seen by our meter reader, it may result in an error in billing.

Utility Usage Inquiries:

If you have a question regarding your monthly usage, please call our office immediately so we can check your meter read.

Airport Safety:

Pedestrians and golf carts are prohibited from using the airport runway and taxi lane during daylight hours. Signs are posted around the airport declaring these rules. Please honor these restrictions to avoid an accident and FAA violation issues for the District. Residents are welcome to walk the golf course, while being mindful of golfers and yielding the right of way to play.

COMMENTS: We encourage your comments, so please use your bill stub to provide feedback regarding matters within the District's control.
