Emily Smith, Site Director

-Welcome Back to School-

Welcome back!! We have had an Awesome August! Students have met new friends and their new group leaders! Throughout the month, students enjoyed focusing their STEM knowledge on building activities and projects! Students were challenged to design and model different types of architecture and structures using a variety of building materials. These challenges help strengthen problem solving and critical thinking skills.

STEM

-September Happenings-

During September, we will continue to focus on new and exciting STEM projects.

We will also focus on Labor Day & Grandparents Day. September is National Honey Month and Childhood Cancer Awareness Month! We are accepting gas cards and food gift cards donations to give to CURE Childhood Cancer.

Lastly, we will highlight ways show gratitude to others.
