

Waterford Fire Department

Tanker Truck Committee – Meeting Notes

December 27, 2023 – 7:00 PM - Warned Meeting Open to the public.

The meeting started at 7:05 PM, at the Waterford Fire Station. The purpose of the meeting is to review the specifications that 4 vendors have provided, for review on a new Tanker Fire Truck for the Fire Department. The 4 vendors include: E-ONE, HME, BME and Metal Fab.

The committee reviewed the specs and narrowed the vendor list down to 2 vendors.

Specs reviewed included (not all inclusive): Chassis, Engine type & size, pump, transmission, discharge and intake options, cross lay options, water tank type and size, dump valve type and size, door options, body style, lighting options, slide out tray, air bottles and air packs storage, fold a tank, ladders and pike poles and additional storage areas.

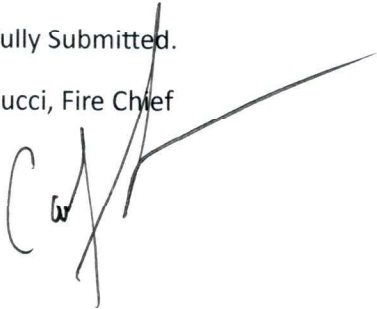

The committee agreed to make a recommendation to the Selectboard to move forward with purchasing a new tanker from either of the 2 recommended vendors and to work with the Selectboard on the final specification and selection of the truck.

Public comment was offered: Marcel Lapierre discussed financing options and the timing of the purchase. He also inquired about the Heat Pump Tray discussed in the meeting and the need for the option in our cold climate to be sure it was included.

The meeting ended at 8:45 PM

Respectfully Submitted.

Colin J. Fucci, Fire Chief

A handwritten signature in black ink, appearing to be 'CJF', written over a horizontal line. The signature is stylized and extends to the right.
