Notice to the Parties shall be given at the above addresses.

ARTICLE 1 TEAM RELATIONSHIP

1.1 The Owner and the Design-Builder agree to proceed on the basis of trust, good faith and fair dealing, and shall take all actions reasonably necessary to perform this Agreement in an economical and timely manner. The Owner and the Design-Builders shall perform their obligations with integrity, ensuring at a minimum that: (a) conflicts of interest shall be avoided or disclosed promptly to the other Party; and (b) the Design-Builder and the Owner warrant that they have not and shall not pay nor receive any contingent fees or gratuities to or from the other Party, including their agents, officers and employees, Subcontractors or others for whom they may be liable, to secure preferential treatment.

ARTICLE 2 DESIGN-BUILDER'S RESPONSIBILITIES

2.1 The Design-Builder shall exercise reasonable skill and judgment in the performance of its services. Architectural and engineering services shall be procured from licensed, independent design professionals retained by the Design-Builder or furnished by licensed employees of the Design-Builder, or as permitted by the law of the State in which the Project is located. The person or entity providing architectural and engineering services shall be referred to as the Design Professional. If the Design Professional is an independent design professional, the architectural and engineering services shall be procured pursuant to a separate agreement between the Design-Builder and the Design Professional. The Design Professional for the Project is Colby Company, LLC, Engineering & Design.

2.2 The Design-Builder is responsible for the following Preliminary Design-Build Services:

2.2.1 OWNER'S PROGRAM If requested by the Owner as an Additional Service, the Design-Builder shall assist the Owner in the development and preparation of the Owner's Program, which is an initial description of the Owner's objectives. The Owner's Program may include budget and time criteria, space requirements and relationships, flexibility and expandability requirements, special equipment and systems, and site requirements.

2.2.2 PRELIMINARY EVALUATION The Design-Builder shall review the Owner's Program to ascertain the requirements of the Project and shall verify such requirements with the Owner. The Design-Builder's review shall also provide to the Owner a preliminary evaluation of the site with regard to access, traffic, drainage, parking, building placement and other considerations affecting the building, the environment and energy use, as well as information regarding applicable governmental laws, regulations and requirements. The Design-Builder shall review the Owner's existing test reports but will not undertake any independent testing nor be required to furnish types of information derived from such testing in its preliminary evaluation. The Design-Builder shall also propose alternative architectural, civil, structural, mechanical, electrical and other systems for review by the Owner, in order to determine the most desirable method of achieving the Owner's requirements in terms of cost, technology, quality and speed of delivery. Based upon its review and verification of the Owner's Program and other relevant information, the Design-Builder shall provide a preliminary evaluation of the Project's feasibility for the Owner's acceptance. The Design-Builder's preliminary evaluation shall specifically identify any deviations from the Owner's Program.

2.2.3 PRELIMINARY SCHEDULE The Design-Builder shall provide a preliminary schedule for the Owner's written approval. The schedule shall show the activities of the Owner and the Design-Builder necessary to meet the Owner's completion requirements.

2.2.4 PRELIMINARY ESTIMATE The Design-Builder shall prepare for the Owner's written approval a preliminary estimate utilizing area, volume, or similar conceptual estimating techniques. The level of detail for the estimate shall reflect the Owner's Program and any additional available information. If the preliminary estimate exceeds the Owner's budget, the Design-Builder shall make written recommendations to the Owner.

2.2.5 SCHEMATIC DESIGN DOCUMENTS The Design-Builder shall submit for the Owner's written approval Schematic Design Documents based on the agreed upon Preliminary Evaluation. Schematic Design Documents shall include drawings, outline specifications and other conceptual documents illustrating the Projects basic elements, scale and their relationship to the Worksite. One set of these Documents shall be furnished to the Owner. When the Design-Builder submits the Schematic Design Documents, the Design-Builder shall identify in writing all material changes and deviations from the Design-Builder's preliminary evaluation, schedule and estimate. The Design-Builder shall update the preliminary schedule and preliminary estimate based on the Schematic Design Documents.

2.2.6 ADDITIONAL SERVICES The Design-Builder shall provide the following Additional Services:

ARTICLE 3 OWNERSHIP OF DOCUMENTS

3.1 OWNERSHIP OF TANGIBLE DOCUMENTS Upon the making of final payment to the Design-Builder, the Owner shall receive ownership of the property rights, except for copyrights, of all documents, drawings, specifications, electronic data and information (hereinafter "Documents") prepared, provided or procured by the Design-Builder, its Design Professional, Subcontractors or consultants and distributed to the Owner for this Project.

3.2 COPYRIGHT The Parties agree that Owner ~~shall~~/ X shall not (indicate one) obtain ownership of the copyright of all Documents. The Owner's acquisition of the copyright for all Documents shall be subject to the making of payments as required by ARTICLE 6 and the payment of the fee reflecting the agreed value of the copyright set forth below:

3.3 OWNER'S USE The Owner [] ~~shall~~/ X shall not have the right to use, reproduce or make derivative works of the Design-Build Documents for other projects without the written authorization of the Design-Builder, who shall not unreasonably withhold consent. The Owner's use of the Design-Build Documents on other projects or without the Design-Builder's written authorization or involvement is at the Owner's sole risk, and the Owner shall indemnify and hold harmless the Design-Builder, the Design Professional and Subcontractors, and the agents, officers, directors and employees of each of them from and against any and all claims, damages, losses, costs and expenses, including but not limited to attorneys' fees, costs and expenses incurred in connection with any dispute resolution process, arising out of or resulting from such use of the Design-Build Documents.

3.4 DESIGN-BUILDER'S USE Where the Design-Builder has transferred its copyright interest in the Documents, the Design-Builder may reuse Documents prepared by it pursuant to this Agreement in its practice, but only in their separate constituent parts and not as a whole. The Design-Builder shall obtain from its Design Professional, Subcontractors and consultants property rights and rights of use that correspond to the rights given by the Design-Builder to the Owner in this Agreement.
