

2025 RULES FOR TRANSFER STATION

The new household waste compactor has gone on line affecting the traffic pattern at the Transfer Station.

ALL HOUSEHOLD TRASH MUST BE BAGGED TO DISPOSE OF IT AT THIS FACILITY, NO LOOSE TRASH WILL BE ACCEPTED

AN EXCEPTION WILL BE STYROFOAM AND CARDBOARD

1. There are now two lanes coming in to the facility and one way out.
2. The **right hand lane** is for people going to the **Household Waste Compactor, Take It Shop** for good useable items, **Clothing and Shoe boxes, Big Barn** for furniture and building materials. You must see an attendant before leaving anything for the shop or barn.
3. The **left hand lane** is for the **recycling compactor, white goods appliances, metal pile, tires, and all demolition debris both burnable OBW and landfill demo** as well as **brush, grass and leaf pile**. You must stop at the office before proceeding to these areas.
4. Stop at the office for questions, to get a new sticker, or pay any fees due.
5. **Door to Door trash pickup is available to all town residents as a free service** on public or private roads unless the Contractor notifies you that they will not pick up your trash due to hazardous conditions of your road in winter.

There is going to be some confusion in the beginning and we appreciate your patience during this transition period this change was due to new disposal regulations.

Any problems or concerns please come to the facility office and see me or 207-432-0064.

Joanne Andrews

Solid Waste Manager – Town of Limerick
