MADE IN AMERICA

ZIP INNER DUCT SLITTER

WORKS GREAT IN A DRILL OR A ROUTER!!

The Zids Tool was tested in the field for over a year before its release

During that time only one bit was used and Slit over 15,000 FEET of 1 1/4" and 2" innerduct with ZERO DAMAGE and still cut super fast thanks to carbide teeth

Cuts a 5/16" path thru the duct for easy cable removal-can cut up to 1/2" thick wall

Zids tool recommends the Rigid or Makita 120V Mini trim routers due to the compact size and overall power they can cut up to 1 foot a second

All Major cordless brands (Makita,Dewalt,Rigid ,Ryobi, etc.)have either a cordless roto zip or cordless router to work with your current battery platform

The Zids tool can slit and rotate around the duct to cut it off effortlessly.

The Zids tool can be used on PVC in a cordless drill (low RPM's).

Under \$100 and accomplishes the job safely in seconds not minutes.

Performance tested up to 25,000 RPM's Check out the video's on our website!!
