

E-47 Almquist Lake Eagan WHEP 2026

1 in = 376 ft

- City Easement
- Incoming stormwater
- Outgoing stormwater

Navigate to 1646 Covington Lane, Eagan. Park along the street just east of this address, and walk along the grassy access area between the house and the woods, leading down toward the lake. The city's small stormwater lift station control box (light colored metal box) is near the lake edge and kind of near the residents' old wooden dock parts by lake edge.
