NEW CD REVIEWS

I wanted to share with you the wonderful things that people are saying about Juice's new CD "Duets Friends & Memories" from Amazon.com!!

"I was so excited to hear that this album was going to finally see it's official release. I love every track on this CD. But, the standout cuts to me are the following: 1. Take It To The Limit w/ Randy Meisner 2. Touch Me w/Willie Nelson 3. Without You w/ Glenn Campbell 4. Fooled Around And Fell In Love w/ Garry Morris 5. You've Lost That Loving Feeling w/ Melissa Manchester. All getting the incredible Newton treatment. Do yourself a major favor and buy this CD. When Juice does a cover of a classic, she always makes it her own."

"Juice Newton's latest release features ten duets. All the songs are covers of classic pop songs, the finest of which are (arguably) Newton's two performances with Willie Nelson. But all these recordings are worthwhile. They range from upbeat pop songs ("Still the One") to tender ballads ("Touch Me"). And while the arrangements aren't necessarily groundbreaking, they serve these songs quite well."

Juice Newton's powerful voice is truly remarkable on this CD. Just listen to the dueling-divas approach of "You've Lost That Lovin' Feeling" and you'll hear what I mean. This is an excellent collection of songs to enjoy, and it makes a great (and unusual) gift."

"Absolutely the best track on the CD is "These Dreams" with Dan Seals. I just love his voice. Very nice production on the song too."

"The lady sure can sing. 10 tunes with various artists that have been previous hits by others. CD gets better with each listening."

You see, it just doesn't get any better than these wonderful comments from fans and music lovers alike. If you haven't purchased this CD, you may do so at Amazon.com or iTunes and Tower.com.
