Chain of Lakes 2020 Guidebook

From the Elk Rapids Area Chamber of Commerce

No one could have predicted the changes our nation has faced this year, but despite the uncertainty of these times, you can count on one thing—the Chain of Lakes will be ready for you when you get here.

Things will certainly look different this year. Events have already been cancelled or postponed, and we expect more changes in the weeks ahead. Some things, however, will never change:

The smiling faces at our restaurants and shops. Brilliant sunsets across Grand Traverse Bay. Acres of nature preserves and miles of hiking trails and rivers, all waiting to be explored.

We thank you for your patience and understanding as we navigate our new normal for 2020. We're here to answer questions and help however we can. And whenever you're ready, we'll be here.

Tom Shelder, *President, Elk Rapids Area Chamber of Commerce*

On the Cover: *Albatross*

One of two ships wrecked in Elk Rapids waters, the tugboat Albatross was built for the Elk Rapids Iron Company in 1879. Measuring 62-feet long, she was framed and planked in white oak with a white pine deck and galvanized iron covering the pilot house and engine house. Under the command of Captain Galligan, the Albatross arrived in Elk Rapids in June 1880 and operated until approximately 1916. She retired that year. After decades of hard work, however, the tug was beyond repair. In 1916, she quietly sank into the Elk River near the Iron Company dock.

Approximately 6,000 ships have wrecked in the Great Lakes with 1,500 of those in Lake Michigan. The cold, fresh water of the Great Lakes can preserve those vessels for decades. Southwest of the Chain of Lakes is the Manitou Passage Underwater Preserve, which their website calls "one of the richest areas in Michigan for shipwreck diving." For more information on these wrecks and more, visit our website at www.elkrapidschamber.org.

Fishing

With easy access to Grand Traverse Bay and fourteen lakes and rivers along the 75-mile Chain of Lakes, the Elk Rapids area is a fisherman's paradise! Featured on *Michigan Outdoors* with Jimmy Gretzinger, the DNR calls Elk Rapids a friendly place to fish. Local angler Don Reynolds agrees, and he demonstrates that friendliness by sharing his tips and tricks for fishing near Elk Rapids.

Where to Fish

- Pike, lake trout, pan fish, small mouth bass: Bass Lake, Birch Lake, Skegemog Lake, Torch Lake, Elk Lake
- Perch, walleye, muskie, steelhead, salmon, brown trout, rainbow trout: Elk Rapids Dam and Grand Traverse Bay

When to Fish

These species can all be caught from shore near the Elk Rapids Dam.

- Early Spring: steelhead, rainbow trout, brown trout
- Summer (after Memorial Day weekend): large and small mouth bass, perch, walleye, pike, muskie, pan fish
- Fall: King salmon, Coho salmon, Atlantic salmon, steelhead, brown trout
- Mid-October to December: lake trout
- Winter: steelhead, Coho salmon

Baiting Tips

- Big fish: spawn bags, fish eggs, or minnow lures
- Summer fishing: leeches or night crawlers

Bonus Tips from the Expert

- Don't wrap your night crawlers; hook them 1-2 times.
- Small mouth bass love crawfish! Find them in fast, cold, running water around boulders and rocks.
- Need equipment? Buy it where you fish—they'll have the right gear for the area. *For all your fishing supplies, including license, bait, and tackle – stop by Gill-Roy's Hardware and Lumber in Elk Rapids or Torch River.*
- Don't let the rocks scare you away! Use a lighter line and lighter weights (slinkies) for better maneuverability around rocks.

Still have questions? Get more tips or schedule a fishing lesson with Don Reynolds at dwreynolds922@yahoo.com or call 231-676-1499.

Hiking Etiquette

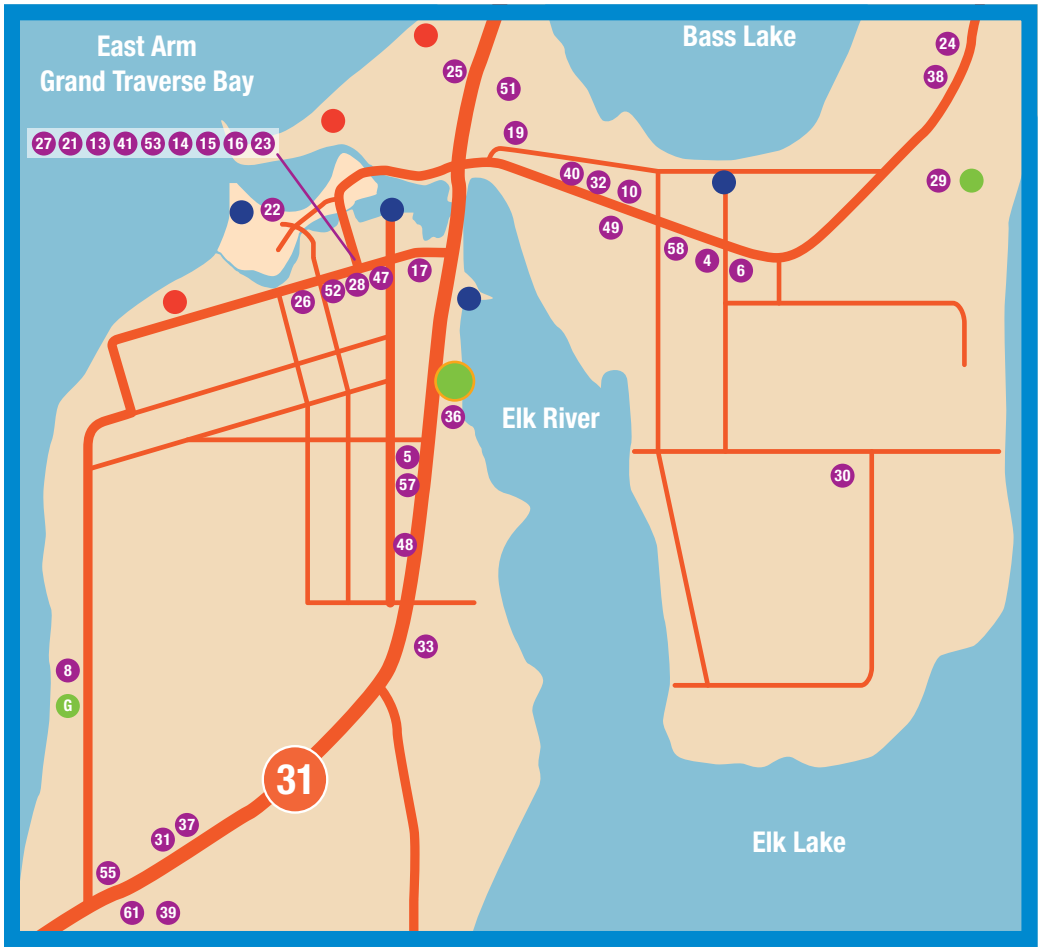

Northern Michigan offers a variety of hiking opportunities, from a quick walk on the beach to an afternoon through the woods. Whether you're new or experienced, you can become everyone's favorite hiker by observing these hiking guidelines:

- Hike quietly. Turn your cell phone down (or off!) and speak quietly so you and others can enjoy the sounds of nature.
- When taking a break, move off the trail so others can go by.
- Don't toss your trash (not even biodegradable food items). It's not a good idea for animals to eat non-native foods, and it's not pleasant to look at.
- Don't feed the wildlife. Giving animals and birds food disrupts their natural foraging habits.
- Walk through puddles, not around them. Going around puddles widens the trail, which is bad for trail sustainability.
- Always give uphill hikers the right of way (unless they motion for you to keep going).
- Acknowledge other hikers. A quick hello or nod lets them know that you saw them.
- Check signage and follow the correct right-of-way yields.
- If you bring your dog, only hike on dog-friendly trails and obey leash rules. If dogs are allowed off-leash, keep your dog under control and within sight. When another hiker approaches, make sure your dog is under your command (by leash or voice), and step to the side. Let them know if your dog is friendly or not. ***(And don't forget to clean up after your pooch!)***
- Leave nothing but footprints; take nothing but photographs.

A-GA-MING
GOLF RESORTS

4 AWARD-WINNING COURSES
FROM TORCH LAKE TO CHARLEVOIX

3 Beautiful Locations • 72-Holes of Championship Golf

We are frequently asked, "What is A-Ga-Ming?". A-Ga-Ming represents many things. To the Native Americans, it is a word meaning "on the shore." For families across the Midwest and the nation, it is a beautiful vacation destination, complete with lodging, dining, and relaxation. To the golf community, it is a 72-hole golf resort nestled on the shores of Torch Lake and Lake Michigan, in three beautiful Northern Michigan locations. For everyone, it means the perfect destination for group trips, membership & daily-fee-play, dreamlike weddings, celebrations and more!

Sundance

Opened in 2005 as the third best new course in the country, Sundance exemplifies the extraordinary natural beauty of northwest Michigan with views of both Torch Lake and Lake Michigan. With wide, playable fairways, superbly sculpted greens, vast windswept bunkers, heather-clad mounding and spectacular vistas, Sundance will delight the scratch golfer or a newly fledged beginner. Sundance continues to be one of the premier golf courses in northern Michigan.

Torch

The original A-Ga-Ming 18 holes, renamed Torch in 2005 for the famous lake that the course overlooks, continues to be a very scenic and enjoyable round. The Torch is situated majestically on the ridges offering spectacular views of Torch Lake. The Torch is a challenging shot-makers course that favors accuracy over length. Water comes into play on 11 of the holes, as do mature stands of woods throughout the course. The Torch is one of the most scenic golf courses in all of northern Michigan.

Antrim Dells

Overlooking Lake Michigan, Antrim Dells is back to its splendor as one of finest golf experiences in northern Michigan. Former host of The Michigan Amateur, the course is in the best shape of its life! Built by Hall of Fame architect Jerry Matthews who calls it one of his favorite designs, Antrim Dells now features four sets of tees along with some of the "Sweetest Greens in the North." From your first tee shot until your final putt you will enjoy the peace and tranquility of "The North."

Charlevoix Country Club

Charlevoix Country Club is a four-star Jerry Matthews design that offers golfers beautifully manicured bent grass fairways and large undulating putting surfaces. Water dominates the landscape, as many holes weave their way across a nice mix of open and tree lined holes with expansive surrounds of heather. There are many birdie and par opportunities to be had, but the last 4 holes are among the most challenging finishing holes in northern Michigan. This course proves to be worth the drive!!
