

IndexExploit Licences

Introduction

A range of licences are available to give you just the tools you need. To order a licence email enquiries@indexbase.co.uk

Word Functionality

When first downloaded a software licence is applied which allows a user to make 50 menu selections without needing to buy a licence. This could be enough to index a reasonable sized book.

When 50 menu selections have been recorded the licence is expired.

PDF Functionality

When first downloaded up to 100 PDF searches are available. After that the PDF component of the licence is expired. Adobe Acrobat Pro or equivalent with Adobe Inter Application Communication (IAC) is required for operation on a computer or network. This is not needed for Internet or Intranet operation.

Utilities

When first downloaded **Utilities** functionality is limited. Full functionality is available with a **Combined** licence.
