

## CORPORATE OVERVIEW

**KD Project Management Consulting** was established in San Diego, CA in 2016 to provide full-service project management consulting services to the government, military, public, and private industries. Our firm specializes in project management, strategic planning, scheduling, budgeting, and process improvement. KD Project Management Consulting has over 15 years of experience in helping clients move their technical projects from the initiation stage to planning, execution, and closeout. We are customer-focused, flexible, and efficient.

KD Project Management Consulting's Founder and President, Kimberly DeMartino, brings over 15 years of Technical and Project Management experience. Kimberly is a PMI trained certified PMP with extensive experience in leading and managing complex projects within the government and IT industries. Her project management experience encompasses all phases from project inception to deployment. Kimberly has a diverse set of skills and has performed on a wide variety of technical projects including hands-on network engineering provisioning. Kimberly has a BS degree in Computer Engineering from the University of California, San Diego.
