TOWNLINE *furniture* LLC

Beautifully Crafted Functional Furniture

WHERE IT ALL BEGAN

In 1978 Clayton Lambright started Townline Furniture. With the support of his family and a strong work ethic, his business grew. It was never enough to just make furniture, the product needed to be of the finest quality craftsmanship and materials. Townline's trademark furniture is both beautiful and functional with innovative styles that are timeless. For the past 40 years Clayton has instilled his vision on to his son Verlin. Today though Clayton's role has slowed and Verlin's has increased, Townline's quality and attention to detail has not diminished. Townline Furniture is a business you can trust for your customer's satisfaction.

THE NATURE OF WOOD AND IT'S ENVIRONMENT

All hardwood has a variation in its color and grain. These wood characteristics give each piece of solid wood furniture its unique charm and although the finishing processes are identical, no two pieces will be exactly the same.

Because most hardwoods are open grained, solid wood furniture will expand and contract with changes in humidity and temperature, even after protective finishes have been applied. Care in controlling the furniture's environment will help minimize the minor cracking and warping that is a natural part of the wood's character.

Indoor humidity should be kept in the 35 to 40 percent range to minimize these affects. If the humidity moves out of the ideal range, solid wood pieces can expand or contract causing a split in the wood grains of the nice furniture.

Additionally, direct sunlight and fluorescent fixtures that contain ultra-violet rays can cause chemical changes in the wood and finish and should be avoided. Furniture should also be kept away from direct sources of heating and cooling and out of attic or basement storing environments.

With proper care, solid wood furniture will provide a lifetime of enjoyment and can be passed on to future generations.

CORE VALUES

Mission Statement

"To Value the smallest details so that quality and integrity are at the heart of everything that we do."

Quality

To always build furniture that can be loved in any home for generations to come

Dedication

To the craft, our morals, and customer satisfaction

"Devotion, Commitment, Enthusiasm, Perseverance"

Value

To create value in our products and the interactions we have with those we come in contact with.

"Worth, Price, Cost"

Accuracy

To pay attention to details and offer nothing less than the quality a customer deserves.

"Correctness, Accurateness, Exactness"

Integrity

To create a workspace of unified individuals who act with respect and honor. "Honesty, Price, Cost"
