Mission The Mission of the Harrisburg Township Park District is to enhance the quality of community life by ensuring recreational programming and services to all people regardless of their age, sex, race, religion, socioeconomic status and level of physical or mental ability.

- I. The main goal of Youth Recreation Sports Programs is to ensure that every participant has an equal chance at playing and enjoying a sports program. The success of the program is not depended upon one or two select players but rather every youth in the program. Every youth in the program is seen as equally important.
- II. Coaches are very integral parts of sports. They provide leadership role models for our youth. HTPD tries to provide the most qualified and capable person in that role. Character, leadership abilities, and an enjoyment of sports are determining factors in choosing coaches.
- III. Parents are the biggest influence upon our youth of today. Parents conduct must be exemplary. How our children see us can be a forewarning on how our children will act. We urge all parents of participating youth to take an active interest in the program. This interest can be as a coach or simply supporting your child's team. We also urge that every parent take the time to help your child, whether it is talking to them about attitudes and effort or playing catch in the back yard. This time that is taken will mean a lot to your child and may bring pleasant memories in the years to come.
- IV. Youth play a very important role in the success of our programs. We expect the youth to conduct themselves in a mannerly fashion. We also expect the youth to respect their coaches, teammates, umpires, and people attending the games. We hope that by setting positive examples as adults our children will follow suit.
