

Stablecoins & Institutional Adoption of Crypto & Blockchain

8 January 2020 • Toronto

These events are not recorded or streamed so in order to gain these insights, *you must be there.*

5:45 pm: **Registration**

6:15 pm **Stablecoins & the Institutional Adoption of Crypto & Blockchain**

Issues addressed include:

- ♦ Defining a stablecoin
- ♦ What is the point of the stablecoin? What need is this serving?
- ♦ What other uses are there?
- ♦ Tokenization, securitization & institutionalization
- ♦ Barriers to adoption: lack of regulation, banking services available to blockchain organizations; crypto-related insurance underwriting; and robust custodial solutions
- ♦ Which companies should we be looking at
- ♦ What do you see is the future?

7:15 pm: **Networking Reception**

Panelists:

Adam Cai, CEO, VirgoCX

Andrei Poliakov, CEO & Co-Founder, Coinberry

Jordan Anderson, VP Sales, Bitbuy

Michael J. Gaffney, Chairman & CEO, Leonovus
