INDEPENDENT AUDITORS' REPORT

January 27, 2012

Board of Selectmen
Town of Limerick
Limerick, Maine

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Town of Limerick, Maine, as of and for the year ended December 31, 2011, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Town of Limerick, Maine's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Town of Limerick, Maine as of December 31, 2011, and the changes in financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 9 and 32 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain

3 Old Orchard Road, Buxton, Maine 04093

www.thrsmith.com

limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Limerick, Maine's financial statements as a whole. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**REQUIRED SUPPLEMENTARY INFORMATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2011**

(UNAUDITED)

The following management's discussion and analysis of the Town of Limerick, Maine's financial performance provides an overview of the Town's financial activities for the fiscal year ended December 31, 2011. Please read it in conjunction with the Town's financial statements.

Financial Statement Overview

The Town of Limerick's basic financial statements include the following components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes required supplementary information which consists of the general fund budgetary comparison schedule, and other supplementary information which includes combining and other schedules.

Basic Financial Statements

The basic financial statements include financial information in two differing views: the government-wide financial statements and the fund financial statements. These basic financial statements also include the notes to financial statements that explain in more detail certain information in the financial statements and also provide the user with the accounting policies used in the preparation of the financial statements.

Government - Wide Financial Statements

The government-wide financial statements provide a broad view of the Town's operations in a manner that is similar to private businesses. These statements provide both short – term as well as long – term information in regards to the Town's financial position. These financial statements are prepared using the accrual basis of accounting. This measurement focus takes into account all revenues and expenses associated with the fiscal year regardless of when cash is received or paid. The government – wide financial statements include the following two statements:

The Statement of Net Assets – this statement presents *all* of the government's assets and liabilities with the difference being reported as net assets.

The Statement of Activities – this statement presents information that shows how the government's net assets changed during the period. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Both of the above mentioned financial statements have one column for the Town's one type of activity. The type of activity presented for the Town of Limerick is:

- *Governmental activities* – The activities in this section are mostly supported by taxes and intergovernmental revenues (federal and state grants). All of the Town's basic services are reported in governmental activities, which include general government, public safety, public works, education, recreation and culture and other unclassified.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Limerick, like other local governments uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. All of the funds of the Town of Limerick are categorized as one fund type: governmental funds.

Governmental funds: All of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported in governmental activities in the government – wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources. They also focus on the balance of spendable resources available at the end of the fiscal year. Such information will be useful in evaluating the government's near-term financing requirements. This approach is known as the current financial resources measurement focus and the modified accrual basis of accounting. Under this approach revenues are recorded when cash is received or when susceptible to accrual. Expenditures are recorded when liabilities are incurred and due. These statements provide a detailed short-term view of the Town's finances to assist in determining whether there will be adequate financial resources available to meet the current needs of the Town.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are presented on the page immediately following each governmental fund financial statement.

The Town of Limerick presents only two columns in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances. The Town's major governmental fund is the general fund. All other funds are shown as nonmajor and are combined in the "Nonmajor Funds" column on these statements.

The general fund is the only fund for which the Town legally adopted a budget. The Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund provides a comparison of the original and final budget and the actual expenditures for the current year.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and the Fund Financial Statements. The Notes to Financial Statements can be found following the Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities.

Required Supplementary Information

The basic financial statements are followed by a section of required supplementary information, which includes a schedule of Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund.

Other Supplementary Information

Other supplementary information follows the required supplementary information. These combining and other schedules provide information in regards to nonmajor funds, capital asset activity and other detailed budgetary information for the general fund.

Government-Wide Financial Analysis

Our analysis below focuses on the net assets, and changes in net assets of the Town's governmental activities. The Town's total net assets increased by \$312,470 from \$7.07 million to \$7.38 million.

Unrestricted net assets - the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements - increased by \$296,422 to a balance of \$3,055,776 at the end of this year.

Net Assets - December 31	<u>\$ 7,382,405</u>	<u>\$ 7,069,935</u>

Revenues and Expenses

Revenues for the Town's governmental activities increased by 2.04%, while total expenses decreased by 2.59%. The increase in revenues is largely due to miscellaneous revenues received. Most of the Town's expenses had slight increases or decreases from last year while education and public safety had the largest of increases at \$109,811 and \$135,658, respectively.

Financial Analysis of the Town's Fund Statements

Governmental funds: The financial reporting focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information may be useful in assessing the Town's financial requirements. In particular, unreserved fund balance may serve as a useful measure of a government's financial position at the end of the year, and the net resources available for spending.

Table 3
Town of Limerick, Maine
Fund Balances - Governmental Funds
December 31,

	2011	2010
General Fund:		
Unreserved		
Nonspendable	\$ 40,039	\$ 38,037
Committed	114,649	101,940
Unassigned	2,042,754	1,994,591
Total General Fund	\$ 2,197,442	\$ 2,134,568
Nonmajor Funds:		
Reserved		
Special revenue funds		
Restricted	\$ 734	\$ 904
Committed	141,402	133,185
Assigned	2,252	1,705
Capital project funds		
Committed	373,353	258,831
Permanent funds		
Restricted	16,944	16,904
Total Nonmajor Funds	\$ 534,685	\$ 411,529

The general fund total fund balance increased by \$62,874 over the prior fiscal year. The non-major fund balances increased by \$123,156 over the prior fiscal year.

Budgetary Highlights

There were significant differences between the original and final budget for the general fund. There was a special town meeting appropriating \$19,000 for public safety and applied receipts for franchise fee expenditures.

The general fund actual revenues did not meet the expected budget by \$54,248. Property taxes account for most of this balance, due to collections and the deferred tax revenue adjustment.

The general fund actual expenditures were under budget by \$238,062. All expenditures were under budget.

Capital Asset and Debt Administration

Capital Assets

As of December 31, 2011, the net book value of capital assets recorded by the Town increased by \$7,196 over the prior year. The increase can be associated with annual depreciation of \$174,113 less capital additions of \$181,309.

**Table 4
Town of Limerick, Maine
Capital Assets (Net of Depreciation)
December 31,**

	2011	2010
Land	\$ 267,950	\$ 267,950
Construction in progress	2,400	-
Buildings and improvements	473,355	480,696
Machinery and equipment	248,589	301,146
Vehicles	578,755	623,909
Infrastructure	2,804,560	2,694,712
Total	\$ 4,375,609	\$ 4,368,413

Debt

At December 31, 2011, the Town had \$66,658 in bonds and notes outstanding versus \$75,640 last year, a decrease of 11.87%, as shown in Note 5 of the financial statements.

Currently Known Facts, Decisions, or Conditions

Economic Factors and Next Year's Budgets and Rates

The Town has steadily maintained a sufficient undesignated fund balance to sustain government operations for a period of approximately two months, while also maintaining significant reserve accounts for future capital and program needs.

Contacting the Town's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town Finance Dept. at, 55 Washington Street, Limerick, Maine 04048.

TOWN OF LIMERICK, MAINE

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Town of Limerick was incorporated under the laws of the State of Maine. The Town operates under the selectmen-treasurer form of government and provides the following services: general government, public safety, public works, waste and sanitation, community services, education, and community assistance.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the Town has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Town has chosen not to do so.

The Town's combined financial statements include all accounts and all operations of the Town. We have determined that the Town has no component units as described in GASB Statement No. 14 and amended by GASB Statement No. 39.

Government –Wide and Fund Financial Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds).

Both the government-wide and fund financial statements categorize primary activities as governmental. The Town categorizes all activities of the Town as governmental.

In the government-wide Statement of Net Assets, the governmental activities columns are (a) presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net assets are reported in three parts - invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Town first utilizes restricted resources to finance qualifying activities.

TOWN OF LIMERICK, MAINE

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The government-wide Statement of Activities reports both the gross and net cost of each of the Town's functions (general government, public safety, etc.). The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, miscellaneous revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. For the most part, the interfund activity has been eliminated from these government – wide financial statements.

The net costs (by function) are normally covered by general revenue (taxes, certain intergovernmental revenues and charges for services, etc.).

The Town does not allocate indirect costs. All costs are charged directly to the corresponding department.

The government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net assets resulting from the current year's activities.

Measurement Focus - Basic Financial Statements & Fund Financial Statements

The financial transactions of the Town are reported in the individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

- a. The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

TOWN OF LIMERICK, MAINE

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- b. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- c. Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.
- d. Permanent Funds are used to account for assets held by the Town in trust for specific purposes.

The emphasis in fund financial statements is on the major funds in governmental activities categories. Non-major funds by category are summarized into a single column, GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenses of either the fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

1. Accrual

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

TOWN OF LIMERICK, MAINE

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budget

The Town's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

1. Early in the second half of the year the Town prepares a budget for the fiscal year beginning January 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the inhabitants of the Town was called for the purpose of adopting the proposed budget after public notice of the meeting was given.
3. The budget was adopted subsequent to passage by the inhabitants of the Town.
4. The Town does not adopt budgets for Special Revenue Funds.

Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

It is the Town's policy to value investments at fair value. None of the Town's investments are reported at amortized cost. The Town Treasurer is authorized by State Statutes to invest all excess funds in the following:

- Obligations of the U.S. Government, its agencies and instrumentalities.
- Certificates of deposits and other evidences of deposits at banks, savings and loan associations, and credit unions.
- Repurchase agreements
- Money market mutual funds

The Town of Limerick has no formal investment policy but instead follows the State of Maine Statutes. They are in the process of adopting a more detailed investment policy.

TOWN OF LIMERICK, MAINE

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Interfund Receivables and Payables

Any residual balances outstanding between governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances". Interfund balances and transactions have been eliminated in the government-wide financial statements.

Transactions Between Funds

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of both Governmental and Proprietary Funds.

Allowance for Uncollectible Accounts

The allowance for uncollectible accounts is estimated to be \$0 as of December 31, 2011.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Infrastructure such as streets, traffic signals, and signs are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

The assets are valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated fixed assets are valued at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

Infrastructure assets include roads, bridges, underground pipe (other than related to independently owned utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the Town.

TOWN OF LIMERICK, MAINE

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimated useful lives are as follows:

Buildings	20 - 50 years
Infrastructure	50 - 100 years
Machinery and equipment	3 - 50 years
Vehicles	3 - 25 years

Long-term Obligations

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in government-wide statements. The long-term debt consists primarily of notes or bonds payable and compensated absences.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary fund is the same in the fund statements as it is in the government-wide statements.

Compensated Absences

The Town does not have any compensated absences as of December 31, 2011.

Reserves

The Town records reserves to indicate that a portion of the fund balance is legally segregated for a specific future use, which is indicated by the title of each reserves listed in the balance sheet and statement of net assets. It is the Town's policy to first use restricted assets for restricted programs and only unrestricted assets after the restricted assets have been exhausted

TOWN OF LIMERICK, MAINE

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for those assets, and adding back unspent proceeds. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Fund Equity

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

Nonspendable – This includes amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted – This includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – This includes amounts that can be used only for specific purposes determined by a formal action of the inhabitants of the Town. The inhabitants of the Town through Town meetings are the highest level of decision-making authority of the Town. Commitments may be established, modified, or rescinded only through a Town meeting vote.

Assigned – This includes amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The authority for assigning fund balance is expressed by the Board of Selectmen.

Unassigned – This includes all other spendable amounts. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

TOWN OF LIMERICK, MAINE

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Town meeting vote has provided otherwise in its commitment or assignment actions.

The Town is in the process of adopting a set of financial policies to guide the financial operation of the Town. Included in the policies will be guidelines for accumulating and maintaining an operating position in certain budgeted governmental funds such that annual expenditures shall not exceed annual resources, including fund balances. Other funds shall be fully self-supporting to the extent that the fund balance or retained earnings of each fund shall be zero or greater.

Revenue Recognition - Property Taxes - Modified Accrual Basis

The Town's property tax for the current year was levied September 1, 2011 on the assessed value listed as of April 1, 2011, for all real and personal property located in the Town. Taxes were due on October 31, 2011. Interest on unpaid taxes commenced on November 1, 2011, at 7% per annum.

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. The remaining receivables have been recorded as deferred revenues.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$87,160 for the year ended December 31, 2011.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Program Revenues

Program revenues include all directly related income items applicable to a particular program (grant income/expenses).

TOWN OF LIMERICK, MAINE

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Encumbrance Accounting

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end. The Town does not utilize encumbrance accounting for its general fund.

Use of Estimates

During the preparation of the Town's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent items as of the date of the financial statements and the reported amounts of revenues and expenses / expenditures during the reporting period. Actual results may differ from these estimates.

NOTE 2 - CASH AND INVESTMENTS

The Town's investment policies, which follow state statutes, authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Maine, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. These investment policies apply to all Town funds.

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Town will not be able to recover its deposits or will not be able to recover collateral securities that are in possession of an outside party. The Town does not have a policy covering custodial credit risk.

TOWN OF LIMERICK, MAINE

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 2 - CASH AND INVESTMENTS (CONTINUED)

At December 31, 2011, the Town's deposits amounting to \$2,557,868 were comprised of \$391,476 which was insured by federal depository insurance and consequently was not exposed to custodial credit risk, and \$2,166,392 that was in excess of federal depository insurance which was collateralized with securities held in the entity's name and thus not exposed to custodial credit risk.

Library (Article 35)	<u>215</u>
	<u><u>\$ 8,145</u></u>

NOTE 9 – OVERLAPPING DEBT

The Town is contingently liable for its proportionate share of any defaulted debt by entities of which it is a member. At December 31, 2011, the Town's share was approximately:

	<u>Outstanding Debt</u>	<u>Town's Percentage</u>	<u>Total Share</u>
County of York	\$ 12,821,105	1.01%	\$ 129,493
RSU #57	22,620,923	12.79%	<u>2,893,216</u>
			<u><u>\$ 3,022,709</u></u>

TOWN OF LIMERICK, MAINE

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE 10 – RISK MANAGEMENT

The Town faces a full realm of risks typical of a thriving entity. Liabilities associated with torts and protections against damage of loss of assets are the general categories of risk for which the Town carries commercial insurance. Specific insurance related to these categories includes general, police and public officials liability coverage, workers compensation, and automobile insurance. The Town is liable for deductibles ranging up to \$10,000 for settlements exceeding the limits of coverage, which range from \$400,000 to \$3,000,000. The amount of settlements has not exceeded insurance coverage for each of the past three years.

NOTE 11 – CONTINGENCIES

With regard to pending legal claims or any unasserted claims, it is not feasible at this time to predict or determine their outcome. Management believes, however, that settlement amounts, if any, will not have a material adverse effect on the Town's financial position.

The Town participates in various intergovernmental grant programs which may be subject to future program compliance audits by the grantors or their representatives. Accordingly, the Town's compliance with applicable grant requirement may be established at some future date. The amount, if any, of any liabilities arising from the disallowance of expenditures or ineligibility of grant revenues cannot be determined at this time.

Required Supplementary Information

Required supplementary information includes financial information and disclosures that are required by the Government Accounting Standards Board but are not considered a part of the basic financial statements. Such information includes:
