WELCOME TO **CRISWELL FURNITURE**

In these catalog pages, you'll be introduced to beautiful, handcrafted, hardwood furniture from Amish Country, Ohio.

Our bedroom collections offer something for everyone—varied styles, elegant design, and plentiful storage. From time-honored Shaker and Mission options to Traditional choices, from charming Country looks to updated versions of bedroom Classics, Criswell has the perfect set to complement your home.

Elegance. Edge. Charm. Sophistication.

We cover the bases and bring you bedrooms you'll be proud to own and truly delighted to enjoy, every day and night.

Every piece of furniture we create starts with the finest solid hardwood, ensuring lasting beauty and durability. You'll be thrilled to pass these heirloom quality treasures down through the generations.

FROM TREE TO TREMENDOUS

It begins with a tree. Tall. Proud. With strength and character gained through the years. The rich beauty of hardwood is evident in every piece of furniture we handcraft. Whether it's a chest of drawers, nightstand, headboard, or cabinet, solid hardwood promises a final result that is naturally beautiful—and simply breathtaking.

FROM TREE TO TREMENDOUS:

Behind the Scenes with Criswell Furniture

Hardwood forests are a renewable resource. There are more hardwood trees in Ohio and Pennsylvania today than there were in the early 19th century!

WOOD SPECIES

Cherry, Select

The color is fairly uniform with little or no sapwood and well matched. A few small pitch marks and or pin knots may be allowed and some sapwood and or mineral streaks may be found in machined areas.

Character Cherry

A variety of color and grain variations including sapwood and a moderate amount of pitch marks and or pin knots are allowed to yield an attractive door with lively character. Virtually any finish works well with this depending on taste.

Hickory

Hickory has a coarse grain pattern and contrasting colors. Special attention is given to matching to achieve a beautiful blend of white, cream, and brown. Beautiful in natural finish or light stains.

Rustic Hickory

Hickory with most everything nature has to offer, including partially open knots, mineral streaks, etc. Matched for consistency.

Maple, Hard,

Maple has a creamy white texture with hard maple being harder and less porous than soft maple. There may be slightly more color variations in soft maple.

Wormy Maple

Is a rustic type of soft maple with gray to almost black streaks mixed with white and worm holes throughout. This wood looks good in almost any finish depending on taste.

Gray Elm

A whitish gray open-grained wood known for its feathered grain pattern.

Brown Maple

A soft maple grade that ranges from white to brown or gray in color, and is used mostly for darker stains. Matched for grain, but not color.

Poplar

Is a species of soft wood, white to light green in color best suited for painting and also a good choice for drawer sides.

Red Oak, Select

An open-grained wood well known for its beautiful grain characteristics. Well matched for an even color and grain. Minimal pin knots and mineral streaks are allowed.

Rustic Red Oak

Brings out the beauty of natural wood with partially open knots, pin knots and mineral streaks etc. Carefully matched to insure uniformity.

Character Red Oak

A grade where mineral streaking, pin knots and some of color, etc. is allowed. Best choice for darker stains or pair grade.

Quarter-Sawn White Oak

Being quarter sawn, this wood type creates a mixture of straight grain, rays, and flecks, and is very beautiful when finished.

White Oak

Much like red oak, but harder and heavier with a tight grain and lighter brown color.

Black Walnut

Heartwood of black walnut has light brown to dark brown, chocolate appearance with a purplish tint and dark streak throughout. A few pin knots and small clusters of knots are allowed.

WOOD HARDNESS

BY SPECIES

Janka Hardness Test: A measure of the hardness of wood, the test measures the force required to push a steel ball with a diameter of 11.28 millimeters (0.444 inches) into the wood to a depth of half the ball's diameter.

Species (Kiln-Dried)	Pressure to Mar (In Pounds)	KD Weight per BF/LB
Black Walnut	1,010	3.159
Cherry	950	2.881
Elm, Gray (American)	830	2.881
Hard Maple	1,450	3.523
Hickory & Pecan	1,820	4.135
Pine, Eastern White	380	2.020
Red Oak	1,290	3.494
Soft Maple	950	3.030
White Oak	1,360	3.825

THE FARMHOUSE HERITAGE COLLECTION

THE STORY BEHIND THE FARMHOUSE HERITAGE COLLECTION

American Barns: they stood strong for many long years—models of craftsmanship and tradition. Representations of closeness to homeland and family. Symbols of close-knit, strong communities.

Many were the cherished occasions and beloved kin these stately structures hosted. Many were the storms that pelted the timbers, revealing the solid foundations upon which they rested. Many were the bales of hay piled high in the ample storage spaces.

Years passed. Things changed. Their portly grace succumbed to the weathering forces that beat

upon them. Evening shadows cast their forms upon desolate frameworks. Empty echoes of yesteryears filled the dusty corners, creating a sense of peace. Swallows glided silently to their nests on towering beams.

Out of the solitude arises unique activity—new life and direction. Painstakingly dismantling the barns yields something novel from the old. With the skill of an artisan's hand, this rustic hardwood is transformed into the Farmhouse Heritage Collection.

Because preserving a legacy of love, integrity, and hard work is as important to us as it is to you, we protect every fine detail, creating a masterpiece of beauty that will last for generations to come.

THE TIMBERMILL COLLECTION

Soften the look of the Timbermill Collection by opting for an arch panel and shorter footboard. Further lighten the mood with an open nightstand instead of multiple drawers and doors. Whatever environment you're trying to create, the Timbermill Collection is versatile enough to be a part of it.

FINISHING TOUCHES

The beauty of our handcrafted furniture lives on through the years, thanks to our quality finishing techniques. Our superior hardwoods are sanded and prepped to ensure perfect results every time. Rich, quality stains bring out the natural beauty of the wood grain, and our special varnishing process ensures your furniture will look beautiful for generations to come.

Careful sanding of each hardwood piece results in a beautiful smooth finish on every item of furniture we create.

Special varnish layers seal and protect wood surfaces.

EXCELLENCE IN EACH DETAIL

From the dovetail drawers to the smooth drawer glides, every detail matters. Our furniture is created with loving care and pride in craftsmanship. There are no shortcuts. No skimping. We build each piece as if it were the most important bed, dresser, chest, or nightstand in the world.

Dovetail drawers assure
you of the finest quality
craftsmanship.

Our quality stains are applied to each individual component of every piece of furniture to assure complete coverage and perfect results.

Precision drawer glides ensure optimum performance, whichever style of furniture you choose.

Corners are precisely mitered.

Cabinetry bases feature handsome moldings.

Drawer glides allow for easy removal of drawers when necessary.

We continually plant new saplings to replenish our hardwood supply. These are shown at three to five years old.

The backs of our cabinets feature quality wood, are screwed in place, and are stained to match the entire piece.
