Student Spotlight

Lyric Roberts - 3rd Grade

What is your favorite after-school activity? "My favorite afterschool activity is going to the technology lab."

What book would you want to read many times? "I love the book Hook's Revenge. I haven't really read all of it, but I love it so far. I like that it is about Neverland and this girl pirate."

What do you want to be when you grow up? "When I grow up, I would like to be the president. I want to be the president because it sounds cool and I get to make some laws and get to live in the Whitehouse."

"Lyric has been a wonderful student to get to know this year! She has such a Kind heart and always welcomes us with a smile and a hug. Her kindness truly inspires our team to be the best we can be for our students." -Ms. Mandy

Teacher Spotlight!

SheKema Brantley

Group Leader of 7-8-year old's

What is most rewarding about your job? Adapting to children many of personalities and using their energy to get my day started.

How long have you been working with children? 10 years.

What is a piece of advice you would like to give your students? Always be respectful and remember there's a space above the clouds. Reach for the stars!!!

Focus for March

This month, our team plans to engage with your child in mathematic enrichment activities to enforce the skills that students have acquired thus far during the school year. Group leaders will be familiarizing themselves with the Georgia Performance Standards for their age group and aiding in planning and implementing activities for students to practice their math knowledge. Our team will also coordinate with classroom teachers to ensure that our efforts to engage students in improving their math skills are aligned.
