

## **Calling all puppy parents!**

As you know, it takes a lot of work to raise a puppy! Your sleep schedule has been altered, you find urine spots all over the house and when she's not chewing on your shoe she's chewing on YOU! What happened to the sweet little fluff ball that you used to cuddle?! Now she's all teeth!

Unfortunately, puppy behavior tends to get worse before it gets better, but we can help!

Send your puppy for a brief Weekend Getaway or a 2-3 weeks Sleep Away Camp in the home of our professional dog trainer while you enjoy a nice vacation from your adorable little wild child.

While your puppy is at camp, she is going to learn skills like sit, go to your place, leave it and come. She'll also make excellent progress with housetraining and will socialize with our trainer's pets which include a dog, cat and even a sassy parrot. So much fun!

When your puppy returns, she'll be well on her way to becoming a well-mannered family companion. Then, our trainers provide you with the support you need to make sure the good behavior continues at home.

Call us today for more information and to find out if your puppy is a candidate for this program.
