The Bahamas Chamber of Commerce and IBTA Partner to Assist in Strengthening and Enhancing General Business Skills for the Bahamas.

Cedar Park, TX, November 1, 2024 – With its most recent partnership with the Bahamas Chamber of Commerce in Nassau, Bahamas, The International Business Training Association (IBTA) continues to expand its internationally recognized Certified Business Professional (CBP) certification program. By partnering with IBTA, Bahamas Chamber of Commerce will gain access to the global standard for business skills, which is the Certified Business Professional certification program, to provide quality business skills training and certification.

Dr. Leo Rolle, CEO of the Bahamas Chamber of Commerce, is looking forward to the new relationship, stating, "Lifelong learning, skills development, and capacity building remain imperative to the growth and sustainability of the business sector through investment in the human capital that drives ingenuity and change. At the BCCEC, we are elated to partner with the IBTA, a company undergirded by decades of experience and competency, to provide certified courses in key business areas indicative of our commitment to the constituents we serve - the business community. Through this partnership, we will continue to shape the landscape of the Bahamian business sector, one entrepreneur at a time!"

Katherine Cohan, IBTA Vice President of Operations, equally as confident in the new affiliation, had the following to say: "It's certainly very rewarding seeing how the CBP certification program has grown globally over the years and how many people it's empowering. It's absolutely

remarkable to be able to assist individuals with their career development and professional advancement. I hope that this new partnership continues to flourish, so that we, in turn, can continue to guide young professionals during and throughout their journeys, wherever they are in the world.”
