

Juice Newton Fan Club Fall Newsletter

2018

Hi Everyone,

Welcome to the 2018 Juice Newton Fan Club Fall Newsletter. This year is rapidly coming to a close and as we embrace the coming season and the holidays that accompany it, I wish you peace and happiness.

Rick Latham Medical Fund Raising

Rick Latham has been the drummer of Juice Newton's band for many years.

Recently Rick's doctor found a growth above his heart causing great discomfort and potentially worse things could happen if it were not removed.

Rick had the surgery and is recovering well and continues to make great progress. Unfortunately, he now faces a large medical bill.

If you like to help Rick, please use the web addresses below for Pal Pal and Go Fund Me. Juice, Rick and I thank you for your kindness.

Change to The JNFC Format

The only constant is change. The JNFC has sent quarterly newsletters to Juice Newton fans for many years. Due to Juice's activities slowing down, at least for now, the newsletter format will now be twice a year after the 2018 Holiday Newsletter.

You will still receive up to the minute updates on Juice via the official site juicenewton.net and juicenewtonfanclub.com and the Facebook page.

The newsletter release times will be the Spring and Holidays.

When Will Juice Tour Again?

When will Juice tour again? The JNFC has received many inquiries regarding Juice touring. When I had spoken with Juice recently, she told me that she was enjoying being at home and taking a break from the road.

Juice has been touring for over 44 years. We certainly understand her wanting to take a break from the road and the entertainment business.

I have been asked if Juice was retiring and I wanted to inform you that she has not stated this to me.

I will send out a special notice when Juice informs me of her tour resuming and it will be posted to the official site.

Remembering the wonderful...

Maxine Young

Maxine Young the original Juice Newton Fan Club President was an extraordinary lady. She had a kindness and demeanor that made every person she met feel like they were very important.

Maxine's reign on the fan club set the standard for the JNFC today. She had written many newsletters and she always made sure fans received their newsletters.

Maxine had a musical talent of her own. She sang in the church choir.

Maxine had two sons, Bill and Robert. Robert we all came to know as Otha.

I was fortunate enough to have met Maxine and had lunch with her. She was exactly what I had expected. She was kind, sweet and funny.

Maxine has a granddaughter Makena Young who is Otha and Brenda's daughter. Makena is grown up and lives in the Midwest.

Sadly, in 2003 Maxine passed away. She lived to see the JNFC continue on and grow and take on a new generation of fans.

Maxine is again with her two sons as both Bill and Otha have also passed away. But I am sure they are making music in angel band.

Juice referred to Maxine as "Mom Maxine" and long time fan club members can only agree, that nickname suits her perfectly.

Correspondence

If you were a member of the JNFC when Maxine Young was President, you will remember there was a Pen Pal feature. Recently, I received a letter from a JNFC member in Belgium wanting to hear from other members.

If you are interested in participating, please contact Alain Nelissen at alain.nelissen@minfin.fed.be.

Please remember to be kind and respectful and keep people's information private.

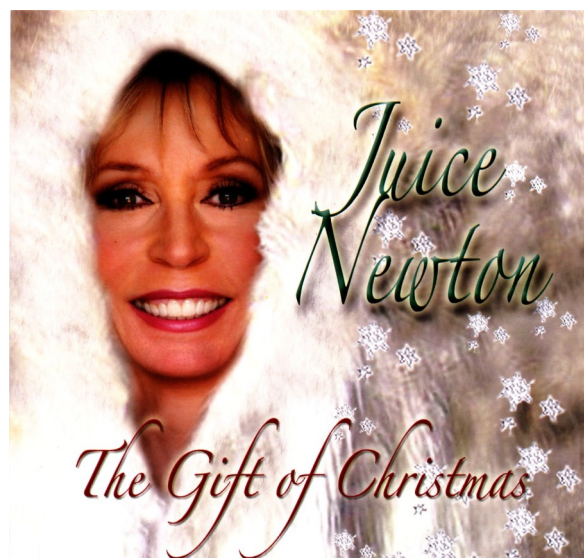

The Juice Newton Fan Club is not responsible for correspondence and content there in.

Juice encourages you to purchase the "O Holy Night" Christmas CD by the trio American JEM. Jay Cawley (the "J" in JEM) has been a member of Juice's band for many years. When he isn't touring with Juice he is singing around his home state of New Mexico along with Ellie Dendagl ("E" in EM) and Michael Umphrey ("M" in American JEM). Their sound is pure enjoyment!!

I had the pleasure of seeing them in concert in Santa Fe New Mexico and the music is pure gold but the people are solid platinum.

That's all for now everyone. Thank you for supporting Juice and don't forget to "Like" the Facebook page which has grown now to 568!! Thank you!!
