MARCH 2022 NEWSLETTER

FACE MASKS

Per the California & Humboldt County Health Departments change in indoor mask wearing requirements, the District is no longer requiring the use of masks in our indoor public spaces (clubhouse, library, pantry, main hall) for both vaccinated and unvaccinated persons. Individuals may continue to choose to wear masks at any indoor District facility. The District appreciates the community's effort to protect themselves and each other over the course of the pandemic.

Welcome New Employees

The District would like to welcome our newest employees Maureen Smith and Dylan Brown. Maureen will be working in the District office and Dylan will be assisting with utility & parks operations. Many of you will know Maureen and Dylan as they have been community members for many years.

Water Conservation

California and our Northcoast region are currently in a state of drought. The District wants to encourage all Shelter Cove residents and businesses to take time now to begin thinking about ways to reduce water use for later this summer. Consider planting your vegetable garden earlier this year and finishing out your harvest before late summer when water flows will be at their lowest.
