

More and more

88

Hey yeah, yeah yeah...

Like medicine baby, you're good for me
Like honey, darlin' girl I know you're sweet to me
Each passing day, brings us much closer together
and the love you bring me darlin' just gets better and better
that's why my love for you, keeps on growin'
more and more all the time more and more all the time, yeah!

Uh huh, Gonna say it again, now now now Hah!
Like a ship that's driftin' baby, you're apart from me
like old man time you controll my destiny

if from my life, you ever tried to go
it would destroy in a second what took a lifetime to mold
that's why my love for you just keeps on growin'
more and more all the time more and more all the time

Uh huhhhh Let me hear ya! [Instrumental Break]

As sure as a sunrise I'll stand by your side
as sure as the daybreak I'll love you for Heaven's Sake
I'm ready to pay, yeah my dues for lovin' you
For lovin' you too much woman, you know I stand accused
More, and more all the time More and More! Yeahhhhhh
