A note from the Directors

We have enjoyed this last month with the students so much! They all have adapted to the new school year so well. We appreciate all the participation with our "Dinner Table Talks" to help support our daily focus. Some of our favorite activities were painting still life with sunflowers and making bubble art. Who knew bubbles were so versatile? We practiced our letters E, F, D, P and learned what kind of lines make each letter and of course the students loved learning letter sounds with our zoo phonics program. Counting was part of our math curriculum and we had lots of laughs singing silly songs. We love being back in our happy place!!

Sincerely,
Kayla & Amy
