

January Events

Friday, January 6th at 7pm

Our Third Annual

Epiphany Party

We are having our 3rd "Epiphany" party at the Center for New Knowledge on **Friday, January 6 at 7 pm** and hope that you will join us. We are celebrating the meaning of the word epiphany--a sudden and profound insight into the true nature of reality--and the many ways of knowing that bring this state about. It has been a very enjoyable evening the last two years and we are certain that it will be so again.

Come and enjoy refreshments and meet the many interesting people who attend. Also, it is an opportunity to learn about what will be happening at the Center from January through April.

We'd appreciate it if you would let us know by [email](#) if you are planning to attend.

All our best,
Trish and Michael
