Timeless Mix	✂	1M	4.75	2M	@	4.15	30"; Tall plants produce long stems bearing large flowers in shades of blue, pink, purple and white. Showy color display. For field grown cutflowers, mass landscaping.			

Agrostemma coronaria ... see **Lychnis (Agrostemma) coronaria**

Agrostemma githago						200 s/g	
Ocean Pearl	✂	500sd	5.50	1M	@ 9.65	24-36"; Unusual, easy to grow hardy annual. Erect plants produce an abundance of extra large, pure white blooms with distinct black-speckled markings. Ideal border plant and cutflower.	
Agrostemma githago milas						160 s/g	✂ Z4
Purple Queen	✂	500sd	4.00	1M	@ 6.85	40"; Rosy purple blooms with ivory throat and dark purple veins. Petals shaped like single flowered rose. Long wiry stems and very free flowering. Good for fieldgrown cutflower, best and sufficiently inexpensive for direct sowing. Sow early spring for early summer harvest. Nice border plant for spring and summer bloom or mass landscape.	
Agrostis nebulosa						150 s/g	
Cloud Grass	✂	500sd	4.25	1M	@ 7.35	18" spreading 12"; Easy hardy annual grass produces myriad tiny flowers in early summer which form a misty cloud. Very attractive in borders and an excellent cutflower, either as a massed clump or as useful filler material in bouquet with other flowers.	
Ajuga genevensis						740 s/g	✂ Z4
Upright Bugle		200sd	3.35	1M	@ 14.45	6" spreading 6"; FYF. Mat-forming evergreen groundcover with hairy stems and deep blue flowers rising in spikes above foliage. Attracts butterflies & other pollinators. Repels deer & rabbits. Pretty plant for natural landscape, edging, low maintenance gardens areas. Grows well in part shade and needs little water.	
Alcea ficifolia						250 s/g	✂ Z3
Antwerp Hollyhock CS	✂	100sd	5.50	1M	@ 47.60	40"; Single flowered w/ broad color range including shades not usually found in single varieties, such as coppery-orange, gold, bright rose etc. Rust tolerant.	
Happy Lights	✂	200sd	3.20	1M	@ 11.80	5 ft; Large single flowers. Hardy perennial. Broad range of colors in mix including many bright shades.	
Las Vegas ¶	✂	100sd	3.90	1M	@ 33.70	5 ft; FYF. Brilliant single flowered mixture. Colors ranging from chestnut brown to red, pink & rose to white, yellow to copper & apricot. Sturdy stems. Fig-leaved. Good specialty cutflower.	
Alcea rosea (Hollyhock)						160 s/g	✂ Z4
Banana	✂	100sd	8.60	1M	@ 74.30	6ft; Full double cream yellow flowers, soft but bright. For borders.	
Blackberry Ripple	✂	100sd	9.20	1M	@ 79.15	6 ft; FYF. A decadent blend of large, semi-double, violet-purple veined blooms with darker centers and fully double powder-puff white flowers.	
Chaters Double Series CS	✂	100sd	3.25	1M	@ 21.85	6 ft; 100% double large flowers. Colors: Bright Pink, Light Scarlet, Maroon, Mix, Salmon, Violet, White.	
Fiesta Time ¶R		100sd	10.20	1M	@ 87.85	36"; FYF. Stocky, robust spikes of double fringed cerise-pink blooms. Compact height makes it more suitable for garden borders and containers.	
Fruity Mix	✂	100sd	10.90	1M	@ 93.95	6 ft; A very beautiful combination of appleblossom & peach shades. Large full double pleated flowers. Big color for borders, landscape.	
Halo Series KL	✂	100sd	12.75	1M	@110.00	6 ft; FYF. Large 5" single blooms highlighted with broad contrasting darker centers. Spikes fill from top to bottom. Massive landscape plant worth testing as specialty cutflower for local market. Colors: Apricot (peach-pink w' deep cherry ctr), Blossom, Blush, Cerise, Lavender (dark lavender w' dark red centers), Mix (10 colors), Pink, White (w' bright yellow centers).	
Indian Spring	✂	1M	3.15	2M	@ 2.40	5 ft; Old fashioned single & semidouble mix of rose, pink & white.	
Nigra	✂	500sd	3.20	1M	@ 5.50	5 ft; Traditional "black" Hollyhock. Large single flowers.	
O'Hara RUB	✂	100sd	8.75	1M	@ 75.35	4 ft pot, 5 ft gdn; FYF. Fully double. Bright scarlet flowers. High quality upright flower spikes. Produces rich color for large containers and borders.	
Peaches 'n Dreams	✂	100sd	9.95	1M	@ 85.60	5 ft; Attractive pure double creamy peach blooms.	
Queeny Series		200sd	3.25	1M	@ 12.60	20"; Compact base branched habit. Bright blooms up to 4" diam. with frilly edges and a powderpuff cushion center. Flowers first summer from early spring sowing. Colors: Mix (7 colors), Purple (AAS), Red, Salmon.	
Simplex Mix CS	✂	100sd	4.45	1M	@ 38.45	5 ft; Old fashioned single flowered mix of rose, pink & white.	
Spotlight Series KL (F1)	✂	100sd	18.40	1M	@158.55	**Jet® Pure Seed** 60-70"; FYF when sown early. Produces tall spikes of large, old-fashioned, sturdy, single flowers. A feast for the eye, featuring many brilliant fashion colors. Worth testing for shelf-life as fieldgrown cutflower. Colors: Blacknight (dark black-purple), Polarstar (pure white yellow eye), Purple Rain (Deep glowing purple w' yellow eye), Radiant Rose (brilliant pink), still not available, Sunshine (brilliant light yellow).	
Spring Celebrities Series		100sd	22.35	1M	@192.50	18" pot, 24" gdn; FYF, no vern needed. Compact habit, double to semidouble flrs in bright color range. Choice novel item for container production and perennial borders. Colors: Apricot, Carmine Rose, Crimson (FSM), Lemon, Lilac, Mix, Pink, Purple, White.	
Summer Carnival Mix	✂	1M	4.20	2M	@ 3.60	4 ft; FYF. Fluffy crested double flowers.	
The Bride RUB	✂	100sd	10.15	1M	@ 87.30	6 ft; FYF. Top quality full fluffy double flowers.	
Alcea rugosa						200 s/g	✂ Z3
...	✂	100sd	3.35	1M	@ 28.80	80"; Tall stems, large single flowers, intense pure yellow. Petals laciniated, slightly undulated and strongly textured. Useful tall hedge, stately specimen and specialty cutflower.	
Alchemilla mollis						3300 s/g	✂ Z3
Irish Silk	✂	1M	3.90	2M	@ 3.35	18"; Stems longer & stronger than ordinary strains. More uniform flower color & timing. Green-gold leaves & chartreuse flowers.	
Thriller ApeX	✂	200sd	3.20	1M	@ 11.65	**ApeX** 18"; Chartreuse flowers above bright green, dense foliage. Valued as filler in cutflower arrangements.	

Allium cernuum Hidcote Pink Giant	100sd	4.90	1M @	42.20	16"; Large intensive pink flowers early in season. Vigorous plant. Perennial borders, containers.	450 s/g	✦	Z4
Allium hybrida Quattro (F1)	✦ 100sd	10.20	1M @	88.00	12" first season, 24-30" subsequent years; Overwintering. Sow summer, harvest tender new leaves the following spring til hard freeze. Interspecific hybrid that can keep producing for many years. Hardy Zone 5. Bunching habit, non spreading, well adapted to container growing, open fields or beds. Harvest tender new growth as it emerges on plant. New leaves are very thick, .75" wide, fleshy and very soft and easily eaten. Flavor like onion with a hint of mild garlic, but no garlic smell after eating. If winter is cold enough, flower buds will be initiated and large purple ball shaped flowers will appear 2nd spring. Young tender flower shoots are edible and can be sold as culinary material. The flowers have long, 2-week shelf life and can also be harvested for cutflower sales at your market. Grows 12" tall first season, taller in subsequent years.	450 s/g	✦	
Allium obliquum ...	✦ 100sd	6.20	1M @	53.35	20"; Bright-green spherical flower heads, erect stems, narrow bladed blue-green foliage.	340 s/g	✦	Z4
Allium tuberosum Garlic Chives	2M	3.50	5M @	1.50	12"; White flowers & flat solid leaves.	250 s/g	✦	Z3
Alstroemeria aurantiaca Devotion	✦ 100sd	41.75	1M @	360.00	32"; Shades of pink and hot pink. Shiny deep foliage. Flowers throughout growing season and during the first year in greenhouse culture. Excellent cutflower. Needs cold for germination.	50 s/g	✦	Z7
Alstroemeria hybrida Dandy Candy	✦ 100sd	31.15	1M @	267.75	14"; Mixture of vivid colors including red, deep rose, picoteed white with pink, all with dark stripes and yellow zones. Compact well branched habit. Deep-green, very shiny foliage. Flowers throughout growing season and during the first year in greenhouse culture. Excellent in long lasting containers. Also used as cutflower, though somewhat short stemmed. Worth testing for longer stem at close spacing or under shade.	40 s/g	✦	Z8
Alternanthera Purple Knight	100sd	17.20	1M @	148.15	**Fantastic Foliage™** 20"; Unique accent plant w/ striking, upright spreading dark-purple foliage. Exceptional heat tolerance.	615 s/g		
Alternanthera brasiliana Purple Prince	100sd	17.55	1M @	151.15	10" spreading 18" pot, 16" spreading 20" gdn; Compact mass of burgundy-ruby foliage works fast to spill over container or fill a bedding area with dense colorful foliage. Durable through any summer weather, rain, drought or heat. Season-long color shows from young stage til frost. Flowers may form under very short days, so lighting may help if growing crop in winter months. For landscape, planters, banks, baskets.	615 s/g		
Althaea ficifolia ... see Alcea ficifolia							✦	Z3
Althaea rosea ... see Alcea rosea							✦	Z3
Althaea zebrina ... see Malva sylvestris								
Alyssum						3500 s/g		
Aphrodite Mix	2M	3.15	5M @	1.30	3"; Early compact, blooming habit, special series composing brighter & broader color range.			
Clear Crystal Series F	1M	4.95	2M @	4.25	6" spreading to 12"; Large flowers, durable, with tetraploid vigor and strong, thick texture. Extra early and extra showy at sale and in the garden. Colors: Mix, Purple Shades, White.			
Easter Bonnet Series	1M	3.15	2M @	2.45	4-10" spreading 10-12"; Compact, uniform, rich colors. Colors: Deep Pink, Deep Rose, Formula Mix, Violet, White.			
Easter Bonnet Series F	1M	4.20	2M @	3.60	4-10" spreading 10-12"; This new filmcoated seed makes sowing much easier. Breeder recommends 4 to 6 seeds per plug cell. Early and uniform in habit and color. Stays neat and compact on the sales bench. Colors: Deep Rose, Violet, White.			
Giga White	1M	3.15	2M @	2.65	6" spreading to 12"; Tetraploid. Large durable pure white flowers with extra vigor and strong, thick texture. Very early and showy in packs or containers at point of sale and in the garden.			
New Carpet of Snow	2M	3.35	5M @	1.45	3"; Fine pack & bedding performer. Pure white.			
North Face White	1M	3.95	2M @	3.40	6" spreading 14"; Tetraploid with extra large pure white flowers and wonderful cascading habit. Low growing and strongly branched, for packed flower cover across the canopy. Fills basket quickly and covers a lot of ground in landscape. Good choice for baskets, containers & bedding.			
Oriental Night	2M	3.00	5M @	1.15	4"; Deep violet-purple.			
Rosie O'Day	5M	4.95	10M @	0.85	4"; Rose-pink, fragrant flowers make this low groundcover a delight. Great in pots, baskets. Can withstand drought/heat and works as a border or rock garden plant.			
Sweetie Mix	100sd	5.50	1M @	47.50	3" spreading 9"; Broad 7-color range including strong deep purple, bronze, white, pink, rose, lemon and lavender. Genetically compact spreading habit, very uniform. For bedding, color bowls and combo containers.			
Wandering Mix	2M	3.50	5M @	1.50	12"; Long trailing stems. Very floriferous and vigorous. Special color range includes whites, purples, lemons, wine-reds and ice-blues. For basket, combo container or rambling garden.			

Wonderland Series	1M	3.15	2M @	2.15	3"; Dwarf and uniform make for tidy pack performance. Plants are excellent garden performers. Broad color range & fragrant blooms make mix unusually attractive as impulse items. Colors: Blue, Deep Purple, Deep Rose (FSM), Lavender, Mix, Mulberry Mix, Pink, White.	1050 s/g	✦	Z3
Alyssum (Aurinia) saxatile								
compactum Gold Dust	2M	4.20	5M @	1.80	10"; Trailing plant w/ golden-yellow flowers.			
Gold Ball	1M	3.20	2M @	2.75	6"; Unique mounding habit. Deep golden-yellow flowers.			
Gold Rush	200sd	4.15	1M @	17.45	7" spreading 7"; Improved, more compact & branching, with shorter stems, allowing flowers to better cover the plant canopy. Earlier flowering and more uniform in habit and timing than traditional strains. Evergreen plant blooms early spring and forms neat rosettes. For perennial containers and spring bedding. Pansy companion.	600 s/g	✦	Z3
Alyssum montanum								
Mountain Gold	1M	4.30	2M @	3.70	6"; Groundcover, fragrant bright yellow flowers.	1500 s/g		
Amaranthus								
Aurora	✦ 1M	4.85	2M @	4.20	4 ft; Old AAS Winner from the 1900's. Generous rosette of creamy ivory leaves in crown of plant, with deep-green leaves at base. Robust bushy habit, reaching 5 ft in longer growing seasons. For easy landscape work. Could be tested for local fieldgrown cutflower.	1500 s/g		
Amaranthus caudatus								
Cascade Mix	✦ 500sd	3.55	1M @	6.15	32-38"; Mix contains Carmine Red and Green (Viridis). Long drooping ropy bloom tassels droop from top of plant almost to the ground. Productive as specialty fieldgrown or high hoop cutflower. Can be sown at intervals from spring until summer's longest day. Also a good hedger.			
Coral Fountain	✦ 1M	5.15	2M @	4.35	3 ft; Coral-pink tassels droop and cascade from atop sturdy stems. Superb filler material for arrangements and bold annual landscape hedger.			
Dreadlocks	✦ 1M	5.20	2M @	4.50	36" spreading to 18"; Very unique and eye-catching as its magenta blooms hang freely along dangling stems in tight, rounded 1-2" clusters. Great as garden focal point or fieldgrown cutflower fresh or dried.			
Green Cascade	✦ 500sd	4.20	1M @	7.20	32-38"; Lime-green tassels droop and cascade from atop sturdy stems. Choice filler material for arrangements and bold annual landscape hedger.			
Mira	✦ 500sd	3.15	1M @	4.80	40"; Choice arrangement material. Tall stems with long cascading ropes of bicolor rose & green flowers. Pinkish-bronze stems, vivid bright mint-green foliage. For fieldgrown cuts or mass landscape.			
Red Cascade	✦ 500sd	3.30	1M @	5.65	32-38"; Long, drooping, ropy carmine red bloom tassels droop from top of plant almost to the ground. Productive as specialty fieldgrown or high hoop cutflower. Can be sown at intervals from spring until summer's longest day. Also a good hedger.			
Amaranthus cruentus								
Autumn's Touch	✦ 500sd	3.20	1M @	5.45	3 ft; Pistachio & cream tipped with bronze, broad spikes over deep-green foliage. Long lasting cutflower or easy fieldgrown specialty item. Stately annual specimen or hedger.	1200 s/g		
Burgundy Glow	✦ 500sd	3.80	1M @	6.55	36" spreading 12"; Dark burgundy foliage and stems, deep red flower spikes. Whole plant glows in bright sunlight. For gallons, combo containers, annual hedge.			
Hot Biscuits	✦ 500sd	3.20	1M @	5.25	4 ft; Warm golden coppery-bronze earthtones, broad spikes over deep-green foliage. Long lasting cutflower or easy fieldgrown specialty item. Stately annual specimen or hedger.			
Hot Chili	✦ 500sd	3.35	1M @	5.75	4 ft; Fiery red stems and spikes. Deep-green foliage. Spikes are broad and long lasting. Cutflower for easy fieldgrown specialty crop. Stately annual specimen or hedger.			
Oeschberg	✦ 1M	3.60	2M @	3.15	40"; Whole plant is ornamental. Tall spikes of crimson purple flowers rise above dense 20" mass of bronze purple foliage. Panicles make nice fieldgrown cutflowers, whole plant is ornamental in border or mass landscape. Easy annual, can be direct sown.			
Red Spire (Red Cathedral)	✦ 1M	4.15	2M @	3.55	28"; Slender & erect, red spires, for garden, cut or dry.			
Towers Series	✦ 500sd	5.15	1M @	8.90	40"; Cutflower for greenhouse and field production. Colors: Mix, Red.			
Velvet Curtains	✦ 1M	5.20	2M @	4.50	5 ft; Crimson all over, a massive show of intense color, shining deep-red leaves topped by broad fronds. Easy fieldgrown for specialty cuts.	1400 s/g		
Amaranthus gangeticus								
Carnival	200sd	3.25	1M @	13.45	1 ft pot, up to 4 ft gdn; Fiery foliage in whorls of molten gold and blazing red with bronze basal leaves. Tall purple flower stems come at end of summer. In color from early stages onward. Easy growing, economical & showy in container or landscape.			
Early Splendor	2M	3.00	5M @	1.00	2 ft; Bright crimson-red on bronze leaves.			
Molten Fire	✦ 200sd	3.55	1M @	15.20	2 ft; Large glowing crimson foliage with maroon picoteed leaf edge.	1500 s/g

Animation Series (F1)	✂	100sd 3.80	1M @ 32.80	32-40"; Group 1. Ideal type for energy-efficient culture in cool & low-light conditions. Can be planted late summer or winter for abundant bloom & high quality stems from mid-fall to mid-spring. Uniform for plant conformation & flowering time. For professional cutflower. Colors: Cognac, Mix (8 Colors), Pink, Royal Purple.		
Cannes Series (F1)	✂	100sd 3.80	1M @ 32.80	32-40"; Group 3. Best sub for Potomac when needed. A dependable performer for times of seasonal transition & chancy weather. Plant at end of winter thru early summer. Prolific blooming of high quality flr stems. in transition from spring into summer and summer into fall. For professional cutflower Colors: Dark Orange, Pink, Rose.		
Chantilly Series (F1)	✂	200sd 3.90	1M @ 16.85	3 ft garden, 4 ft ghs; Strong color display. Extra early blooming. Open faced flowers with long vase life on strong, flower filled stems. Premium quality for landscape, planter or group I-II cutflower snap. Excellent fieldgrown. Colors: Bronze White Throat, Cream Yellow, Deep Orange, Light Pink, Light Salmon, Mix, Pink, Purple, Velvet, White, Yellow.		
Cool Series (F1)	✂	100sd 3.25	1M @ 19.30	40" with open spacing or high light, 60" with high density spacing or lower light; Group 1-2. Excellent winter-flowering series for cool conditions under high tunnel or greenhouse. Genetically matched, highly uniform across the series and within colors for stem length, spike quality and crop timing. Excellent for production alongside Delphinium. Colors: Crimson, Mix, Orange, Pink, Rose, White, Yellow.		
Costa Summer Series (F1)	✂	100sd 3.90	1M @ 33.75	32"-40"; Group III-IV. Versatile series for spring to early summer planting. Solid, well rounded spikes on sturdy stems even under less favorable light conditions. Premium quality cutflower for greenhouse, tunnel or open ground. Colors: Lavender, Mix (6 Colors), Purple, Velvet, White.		
Early Potomac Series (F1)	✂	100sd 3.25	1M @ 20.35	40" at loose spacing or high light, 60" at tight spacing or low light; Group 3. Good choice for spring and fall programs under mid to long days, mid to high light. Tall strong stems, long spikes, excellent taper. For professional greenhouse production. Colors: Orange, Pink, Rose, White, Yellow.		
Legend Series (F1)	✂	200sd 4.30	1M @ 18.60	3 ft gdn, 4 ft ghs; Professional cutflowers with extra sturdy stems and strong textured flower petals, for ease of harvest, quality after transport & long vase life. Early flowering Group I type, adaptable to short days & low temps. Flower spikes are extra broad and dense, filled with 1.5" snap flowers with intense colors, a standout in arrangements. The strength of this series would be worth testing for fieldgrown use as well. Colors: Light Pink, Light Yellow, Mix, Pink, White, Yellow.		
Maryland Series	✂	100sd 3.25	1M @ 20.35	40" at loose spacing or high light, 60" at tight spacing or low light; Group 1-2. Early. Good choice fall, winter, spring programs with cool conditions and low light. Spikes are crisply defined and very full. For professional greenhouse production. Colors: Appleblossom, Bright Yellow, Dark Orange, Flamingo, Ivory White, Lavender, Mix, Orange, Plumblossom, Red, Rose, Royal, Shell Pink, True Pink, White, Yosemite Pink.		

Monaco Series (F1)	✂	100sd	3.25	1M	@	20.35	4-5 ft; Group 2-3. Well known for dependable performance at difficult shoulder-season crop times such as late Summer to early Fall or late Winter to early Spring. Withstands Autumn conditions, without flowering too early when weather warms up and yielding high quality spikes even when cool or dark conditions prevail. For professional cutflowlers under high tunnel or glass. Colors: Mix, Orange, Red, Rose, Violet, White, Yellow.
Opus Series (F1)	✂	100sd	3.25	1M	@	19.25	4 ft; Group III & IV. Highly commercial, programmable for late spring, summer and fall sales windows. Premium quality for professional greenhouse production, with long, tough stems and tightly packed spikes. Colors: Appleblossom, Early Bronze, Early White, Fresh White, Lavender, Mix, Pink, Red, White, Yellow.
Orleans Series (F1)	✂	100sd	3.80	1M	@	32.80	32-40"; Group 4. Bred for higher temps and high light intensity. Fast crop time, from 8-12 weeks from planting. Plant early spring to early summer for abundant top quality stems over a long summer season. For professional cutflower. Colors: Mix (7 Colors), Orange, Red, Rose, White, Yellow.
Overture Series (F1)	✂	200sd	3.75	1M	@	14.40	4 ft; Group II. Highly commercial, programmable for winter sales windows. Premium quality for professional greenhouse production, with long, tough stems and tightly packed spikes. Colors: Mix, Orange, Pink, Red, White, Yellow.
Potomac Series (F1)	✂	100sd	3.25	1M	@	20.35	40" at loose spacing or high light, 60" at tight spacing or low light; Group 3-4. Good choice for spring-summer-fall programs where high light, warm temps and long days prevail. Tall strong stems, long spikes, good quality. Supplement with high intensity light if growing crops into winter months. For professional greenhouse production. Colors: Appleblossom, Cherry Rose, Crimson, Dark Orange, Dark Pink, Ivory White, Lavender, Mix, Pink, Red, Royal, White, Yellow.
☺ Toulon Series	✂	100sd	3.80	1M	@	32.55	32"-40"; Group IV. Replaces Costa Summer Series. Versatile series for spring to early summer planting. Solid, well rounded spikes on sturdy stems even under less favorable light conditions. Premium quality cutflower for greenhouse, tunnel or open ground. Colors: White, Lavender, Velvet, Purple, Rose, Mix.
Antirrhinum pendula Candy Showers Series MP (F1)		100sd	18.30	1M	@	157.80	**5-7 seeds per pellet** 6" spreading 12"; Trailing plants with F1 Hybrid vigor fill quickly and load up early with high-color blooms. Flowers cover the entire plant from center to end of stems. Stems are strong, flexible, and ship well. Blooms well in short days or long and works well for fall or spring mkt. For baskets, combo containers, or high-color groundcover. Colors: Deep Purple, Mix, Orange, Pink, Rose, White, Yellow.
Magic Lanterns		100sd	12.15	1M	@	104.35	6" spreading 12"; Hanging basket snap with naturally trailing and branching habit. The wide color range including oranges, pinks, white, yellow and bicolors adds a unique look to hanging baskets and containers.
Aquilegia alpina ...		1M	3.75	2M	@	3.25	24"; Alpine Columbine. Deep blue flowers with short spurs. 600 s/g ✂ Z4
Aquilegia caerulea Dragonfly		1M	4.40	2M	@	3.80	18"; More dwarf and compact mix than McKana type. 780 s/g ✂ Z4
Earlybird Series (F1)		100sd	14.40	1M	@	124.15	9" pot spreading 8", 11" gdn spreading 10"; FYF. This has been a standout in recent spring trials. Vivid and unique new colors and color combinations. Less cold requirement and shorter juvenile stage than any other series to date. Well controlled habit with short stems and mounded foliage. Tight 10-12 day 1st-bloom window and faster finishing are great for early-spring crop programming. For containers, perennial bedding, pansy companion. Colors: Blue White, Mix, Purple Blue, Purple White, Purple Yellow, Red White, Red Yellow, White, Yellow.
Kirigami Series (F1)		100sd	13.35	1M	@	115.15	14" spreading 12" pot, 24" spreading 20" gdn; No Vern, requiring only 55°F to induce flowering. Most programmable Aquilegia to date. Uniform flower time across series enables bench-run shipping to mkt. Strong colors and upfacing blooms enhance point-of-sale appeal. Excellent container perennial and garden plant. Colors: Deep Blue&White, Light Blue&White, Mix, Red&White, Rose&Pink, Yellow.
Koralle	✂	1M	3.15	2M	@	2.50	30"; Coral shades with yellow corollas. Nice stem length for specialty fieldgrown cutflower and usefull in borders.

Asparagus densiflorus (sprengeri)

FuzzyFern Frizz

100sd 3.30

1M @ 26.85

24-36" spreading 24-36"; Seed of PanAm's strain is produced on one of their farms in full sun, cured to break dormancy after harvest, graded and tested to ensure that all seed offered is above a high minimum standard, then stored under optimum temp & humidity in a controlled environment to preserve seed vigor, shelf life and consistent high germination. This can result in more reliable availability, more viable seedlings per seed sown, fewer blank cells, lower materials cost per viable seedling, and greater ease in crop planning for this popular Asparagus type. For containers indoors or outdoors, sun or shade and landscapes in some areas.

20 s/g

Asparagus meyeri

Foxtail Fern

100sd 15.25

1M @138.60

2 ft; Many strong plumed fronds, each densely covered w/ clusters of soft light-green needles.

Duchesse Formula Mix

2M 3.50

5M @ 1.50

28"; Upright, large incurved peony type flowers. Cutflower.

Early Ostrich Plume Finest Mix

500sd 3.15

1M @ 4.80

28"; Large feathery, fully double flowers w/ broad petals. Excellent novelty cutflower.

Fan Mix

200sd 3.20

1M @ 11.15

2 ft; Abundant 2-2.5" flowers, brilliant hued, semidouble, with tightly packed petals and bright golden yellow centers. Upright branching, good for whole-plant bouquet or single-stem harvest.

Fujimi Series

500sd 5.15

1M @ 8.70

30" lower density or higher light, 36" at high density or lower light; Bred for high density commercial cutflower crops. Fusarium resistant. Small leaves & reduced base branches. Grows upright in early stages then starts branching about a foot above the ground to produce lush sprays of intensely colored 2" blooms. Flowers in 120-145 days from spring sowing, 145-170 days from fall sowing. Colors: Coral Rose, Mix (listed colors), Purple, Scarlet.

Gala Series

200sd 3.20

1M @ 10.75

32"; Large, 3-4" double flowers with pincushion petals bloom on upright plants on rigid stems. Ideal filler for any cutflower arrangement. Long vase life. Colors: Blue, Carmine Rose, Lavender, Mix, Purple.

Hulk

100sd 3.55

1M @ 30.60

2 ft; Intense, green bracts with central bulls-eye formed by concentric circles of white and yellow. High yield of long lasting cuts.

Jowi Mix

200sd 3.20

1M @ 10.70

28"; Mix of vivid semidouble flowers with distinct pure yellow centers crown vigorous branching spray-type plants. Highly uniform flower time. Excellent tolerance against fusarium. Jowi responds well to a range of growing techniques. For production of whole-plant bouquet in high tunnel, field or ghs. Colors from navy to mid-blue, red, rose, white, soft lavender, soft peach. Note, Aster needs plenty of light for flower initiation.

Julie Mix

200sd 3.25

1M @ 14.15

24-30"; Semidouble with tight petals and golden centers. 2-4 weeks earlier blooming than comparable varieties. Medium tall. Branching very low to ground. Can be harvested as whole plant bouquet or tighter spacing can be used for single-stem cuts. Strong disease tolerance. Professional quality cutflower. For high tunnel or field growing.

King Size Series

1M 4.15

2M @ 3.55

30-40"; Large fully double flowers. Excellent vigor makes it ideal for greenhouse, field or garden cutflower production. Colors: Mix (7 colors), Red, Rose.

Basil						790 s/g		
Aristotle	200sd	4.15	1M @	15.75	8" pot, 12" gdn; Improved Greek basil, dense branching. Tiny leaves fill out to uniformly mounded globes. Highly ornamental, bright-green cushion, very fragrant. Tiny leaves can be used whole without dicing.			
Blue Spice	1M	3.15	2M @	2.50	**Ocimum americanum** 10" pot, 14" gdn; Light purple flowers in deep purple bracts. Delicious fragrance, spicy vanilla tones. Fast growing. Uniform, well branched habit. Edible ornamental for pots, planters & kitchen gardens.			
British	1M	5.15	2M @	4.40	**Ocimum basilicum** 12"; 60-90 days. A Basil with tolerance to cool, damp growing conditions. Selected for field production in a British climate, this variety is worth testing for fall and spring performance in the U.S., to extend the season for both fresh cut and container basil. Very robust bright green leaf, resistant to cold conditions while retaining rich aroma and flavor. It won't stand freezing, but has been observed to remain green after light frost, not browning as would usually occur with other Basil varieties.			
Cinnamon	5M	4.65	10M @	0.80	**Ocimum basilicum** 12-14"; Cinnamonlike scent & flavor w' a hint of cloves. Olive-green foliage, purple-veined leaf. Rose flowers.			
Crimson King	1M	5.20	2M @	4.60	**Ocimum basilicum** 12"; 100% purple foliage. Improved 'Red Rubin' type with increased vigor and uniformity. Attractive, cupped Genovese-shaped leaves. Ornamental edible with spicy clove aroma. Nice border or container plant.			
Dolce Fresca	1M	3.15	2M @	2.15	**AAS 2015. Ocimum basilicum.** 12" pot spreading 10", 14" gdn spreading 12"; Good size, stays bushy and manageable, not leggy, due to short internodes. Dense habit produces high leaf yields. Traditional sweet basil flavor.			
Everleaf Emerald Towers	100sd	3.25	1M @	22.00	24" spreading 8" pot, 36" spreading 12" gdn; Unique tall towering columnar habit enables high yield in commerce thru efficient use of vertical space. Also makes a striking plant for retail in container or gdn. Dense branching short internodes, deep shiny green foliage, traditional Genovese flavor.			
Everleaf Genovese	100sd	3.25	1M @	22.00	18" spreading 12" pot, 24" spreading 18" gdn; Columnar habit for easy harvest and clean leaves. Extended continuous harvest and high yield due to extra late flowering. Tolerant to DM, Resistant F. For fresh harvest, container, field or gdn.			
Everleaf Thai Towers	100sd	3.25	1M @	22.00	24" spreading 8" pot, 36" spreading 12" gdn; Columnar habit for easy harvest and clean leaves. Extended continuous harvest and high yield due to extra late flowering. Aromatic anise scented foliage lends itself to many cuisines. Mid green leaves, occasionally flecked purple, on slight purple stems.			
Floral Spires Lavender	200sd	3.25	1M @	11.15	8-10"; Densely branched, richly flowered and early. Bred for beauty as well as flavor. Distinct cinnamon Thai basil scent, a pleasure on the patio, in combo containers or window gardens.			
Genovese	2M	3.15	5M @	1.30	**Ocimum basilicum** 15"; Delightful, strongly fragrant foliage, a classic culinary herb. Large, glossy, slightly undulating leaves.			
Giant Smooth Italian	1M	3.15	2M @	2.15	**Ocimum basilicum** 24"; Sweet herb w' large leaves used to flavor sauces, meat, fish, vegetables.			
Greek	5M	4.15	10M @	0.70	**Ocimum basilicum** 6" pot, 10" gdn; Tight ball shape with small fine textured leaves, very nice for containers, planters or gardens. Fine spicy flavor. Small white flowers late summer.			
Lemon	5M	3.20	10M @	0.55	**Ocimum americanum** 16"; Clear green foliage is lemon-scented. Pink flowers.			
Licorice	5M	4.35	10M @	0.75	**Ocimum basilicum** 20"; Anise-scented, small tender leaves, for kitchen gardens, containers.			
Lime	2M	3.00	5M @	1.15	**Ocimum basilicum** 12-14"; Compact, mounding habit with small lance-shaped bright-green leaves. Tangy lime-like flavor and fragrance.

Newton	1M	3.95	2M	@	3.40	21" pot spreading 10", 30" gdn spreading 16"; Genovese type, bright green crinkled leaves. Fast growing with quick crop, 7-10 weeks to 1st harvest. High resistance to fusarium. Very clean flavor, no licorice aftertaste. For fresh mkt, container, field or pot.					
Purple Ball (F1)	100sd	4.25	1M	@	36.70	**Fleuroselect Gold Medal 2020** 12" spreading 12"; Stunning foliage, deep carmine purple leaves in canopy with olive green undertones peeking through from the lower leaves. Forms a dense globe shaped mass of tiny, very aromatic leaves. Grows very well thru warm sunny weather and tolerates drought. An ornamental edible for herb gardens, pots, tubs, baskets.					
Purple Ruffles	500sd	4.60	1M	@	7.95	**Ocimum basilicum** 20"; AAS. Ornamental w' shiny, ruffled, fragrant dark-purple leaves & lavender flowers.					
Red Rubin	2M	4.20	5M	@	1.80	**Ocimum basilicum** 14"; Strong purple bronze foliage, intense fragrance and fine flavor. Suitable for professional production.					
Rutger's Obsession DMR	1M	4.30	2M	@	3.70	Vigorous growth, high leaf-to-stem ratio, deep green, excellent disease resistance, to both Downy Mildew and Fusarium Wilt, for long, prolific, clean harvest. Performs well in both Field and potted plant production.					
Rutger's Passion DMR	1M	4.30	2M	@	3.70	Vigorous growth, high leaf-to-stem ratio, deep green, the strongest resistance Downy Mildew in Rutger's program, for long, prolific, clean harvest. Long 3" fancy leaves. Has shown excellent regrowth allowing many harvests. Performs well in both Field and potted plant production.					
Spicy Globe	2M	4.15	5M	@	1.75	**Ocimum basilicum** 12"; Compact fine leaf attractive bush sweet basil.					
Thai Siam Queen	1M	3.15	2M	@	2.40	**Ocimum basilicum** 30"; AAS. Highly aromatic tropical basil, licorice scented.					
Begonia											
Ambassador Series P (F1)	500sd	5.15	1M	@	8.80	8"; Extra early proven performer with compact habit, high uniformity and tight bloom window. Green leaf with large flowers that has identical crop timing with 'Senator' bronze leaf. Colors: Bicolor, Coral, Mix, Pink, Rose, Scarlet, White.					
BabyWing Series P (F1)	100sd	18.20	1M	@	156.80	12"; Large flowers, dragon type leaves. Upright mounded growth, very durable thru long season. Colors: Bicolor, Mix, Pink, Red, Red Bronze Leaf, White, White Bronze Leaf.					
Bada Series P (F1)	500sd	3.20	1M	@	4.90	8"; Very early and compactly mounded with strong vigorous branching. Uniform habit and timing across series. Loads of flowers, thru all summer weathers. "Bings" are greenleaf, "Booms" are bronzeleaf. Colors: Bing Mix, Bing Rose, Bing Scarlet, Bing White, BingBoom Mix (green and bronze blended), Boom Mix, Boom Rose, Boom Scarlet, Boom White.					
Cocktail Series P (F1)	500sd	3.75	1M	@	6.50	6"; Extra dark, bronze leaf foliage remains distinct from emergence to flowering. Very durable series that thrive in full sun or partial shade. Sets the standard for excellence in pack and landscape performance. Colors: Brandy (Pink), Gin (Rosepink), Mix, Rum (White w' rose edge), Tequila (Deep Rose), Vodka (Scarlet), Whiskey (White).					
Dragon Wing Series P (F1)	100sd	18.20	1M	@	156.80	15"; Angel Wing type for hanging baskets & large containers. Excellent garden performance. Colors: Mix, Pink, Red, Red Bronze Leaf, White.					
Eureka Mix P	500sd	3.45	1M	@	5.30	10" spreading 8"; Vigorous fast-filling, uniform growth. Dense rounded habit and profuse flowering. Strong seedlings. Thrives in the hottest of summer garden. Full range of colors in both green & bronze leaf types.					
Fiona Series P (F1)	100sd	3.30	1M	@	27.50	8" spreading 8" pot, 10" spreading 10" gdn; Large double flowers over neat mounded foliage. Very early, flowering in 11-13 weeks from sowing. Thrives in both sun and partial shade. For bedding, containers, baskets. Colors: Mix, Pink, Red (FSM), Rose, White.					
Senator IQ Series P (F1)	500sd	5.15	1M	@	8.80	12" spreading 10"; Improved successor to the popular Senators. Foliage is deepest bronze across series - even White. Uniformly early and compact across all colors with tight, early crop time about 11-12 weeks. Colors: Deep Rose, Mix (6 colors), Scarlet, White.					
Sprint Plus Series P (F1)	500sd	3.75	1M	@	6.50	8" spreading 10" pot, 10" spreading 12" gdn; Next generation breeding, Sprint Plus improves on Sprint, which it will supercede. Performance is extremely uniform across the series. A week earlier than Sprint, with extra tight 9-day bloom window. Rounded densely base branching plants do not stretch and would seldom need PGR. Young plant vigor is exceptional. Vibrant colors really pop, and the red is especially vivid and shiny. We are offering a BestBuy Mix which contains just the colors with tightest bloom window - Red, Orange, Pink & White - for a 4-day window, blooming in 65-69 days from sowing. Colors: BestBuy Mix, Maxi Mix (7 colors), Orange, Orange Bicolor, Pink, Red, Rose, White.					
Super Cool Series P (F1)	500sd	3.90	1M	@	6.70	10" pot, 12" gdn; Top performing series. After normal germination, Super Cools have enough vigor to grow well at cooler temps than other semperflorens - as low as 56°F. This allows sales earlier in spring and provides a very long bloom season into the fall. Extra large flrs up to 2" diam, flat open blooms, dense branching and about a week earlier than Super Olympia. Tight bloom window. For packs, pots, baskets. Colors: Lipstick, Mix, Pink, Red, White.					
SuperOlympia Series P (F1)	500sd	3.75	1M	@	6.50	6"; Much earlier than original Olympia series with the same unrivaled garden performance. Large flowers with green leaves. Colors: Mix, Pink, Red, Rose, White.

Tophat Series P (F1)		100sd	16.00	1M	@137.75	16" spreading 20" container, 20" spreading 24" gdn; Very large flowers, dense branching. Semperflorens-like foliage is neater, more rounded than other interspecifics on mkt. Easy to handle and very early for an interspecific. For large planters and knee high bedding, shade to sun. Colors: Mix, Pink, Scarlet, White.					
Begonia boliviensis Groovy Series P (F1)		100sd	21.15	1M	@182.20	12-16"; Round mounded semi-trailing habit, handles & ships easily. Larger flowers and broader petals than older boliviensis varieties for better eye appeal. Stronger colors - Yellow is brighter; White is cleaner; Red more vivid than heretofore seen in this species from seed. Covers baskets and beds with 12-16 weeks from sowing. Thrives in both full sun and part shade. Colors: Mellow Yellow, Mix (5 colors), Orange, Red, White.					
Sun City Series P (F1)		100sd	21.15	1M	@182.20	12-16" spreading 16-20"; Cascading boliviensis from seed, healthier & less costly than cuttings. Well branched foliage is fuller and greener than 'Bonfire'. Masses of bell-shaped 2" flowers even in heat & humidity. Drought & rain tolerant. Outstanding in hanging baskets, containers or landscapes. Colors: San Francisco (Salmon), Santa Barbara (White), Santa Cruz (Red Orange).					
Begonia tuberosa Chanson Mix P (F1)		100sd	3.25	1M	@ 23.20	12"-18" cascading; A true multiflora pendula type. Spreading habit with 2.5"-3" flowers on long peduncles forming at every leaf node. Includes 8 straight colors plus 2 unique bicolors (pink/white & red/gold), spanning the whole range of Begonia colors For baskets & planters, or high spots where spreading cascade can be shown.					
Illumination Series P (F1)		100sd	6.90	1M	@ 59.65	10" trailing 2 ft; Very showy 2-3" double flowers. Flexible cascading plants are heat tolerant and easy to grow. Ideal for premium hanging baskets. Colors: Apricot, Golden Picotee, Lemon, Mix, Orange, Rose, Salmon Pink, Scarlet, White.					
Nonstop Series P (F1)		100sd	4.60	1M	@ 39.80	8"; Compact basal branching plants with 4" double flowers. Early flowering with full, mounded habit. Ideal in packs, pots, baskets and garden. Colors: Apple Blossom, Deep Rose, Deep Salmon, Fire (coral orange picotee on golden base), Mix, Orange (Fiery Red), Pink, Red, Rose Picotee, Sunset, White, Yellow, Yellow w' Red Back.					
Nonstop Joy Series P (F1)		100sd	8.60	1M	@ 74.30	8" pot, 10" gdn; A new semi-trailing type under the NonStop® brand. Extra large full double flowers. Improved branching and semi-trailing for fuller baskets. Compact short internodes, neat and easy shipping. Covers basket and ground quickly. For well shaped, rounded baskets and extreme color. Colors: Mix, Mocha White (dark leaf), Orange, Peaches & Dreams, Red, Yellow.					
Nonstop Mocca Series P (F1)		100sd	4.60	1M	@ 39.80	8"; Rich chocolate foliage provides a high contrast to the bright flowers. Early, compact, basal branching plants produce large double flowers. Colors: Bright Orange, Cherry, Deep Orange, Deep Red, Mix, Pink Shades, Red, Scarlet, White, Yellow.					
On Top Series P (F1)		100sd	4.60	1M	@ 39.60	**An Amerihybrid Begonia** 12" spreading 12"; This collection of stunning picotee colors thrives better in higher heat and light than others. Mounded plant blooms early and flowers longer, bearing large flowers up to 4-5" across. Colors: Fandango (white edged coral), Melon Lace (scarlet edged pink), Mix (listed colors), Pink Halo (palest pink edged deep crimson), Sun Glow (tangerine edged scarlet), Sunset Shade (lemon edged cherry).					
Ruffled Mix P		100sd	5.50	1M	@ 51.00	14" spreading 10" pot, 20" spreading 12" gdn; Largest ever blooms, 5" up to 9" diam. Gorgeous rich solid colors, highly double with deeply ruffled petals. Premium product for large container or showy gdn.					
Begonia x benariensis Big Series P (F1)		100sd	15.95	1M	@137.45	14" pot, 20" gdn; Large leaved, extra large 2-3" flowers are produced on upright, arching plants. Up to 2 weeks earlier than competing types. Thrives in wide range of climates in both sun and shade. Massive spreading plant for maximum show in large container or landscape. NOTE: At early stages, White flowers a bit quicker, grows flatter and branches even more densely than the rest; but don't worry, she sizes up to match the series as crop matures. Colors: Complete Mix, Deep Pink w'Green Leaf, Deep Rose w'Bronze Leaf, Pink w'Bronze Leaf, Pink w'Green Leaf, Red w'Bronze Leaf, Red w'Green Leaf, Rose w'Bronze Leaf, Rose w'Green Leaf, White w'Bronze Leaf, White w'Green Leaf.					
Begonia x hybrida Funky Series P (F1)		100sd	19.70	1M	@170.00	925 s/g 8" spreading 8" pot, 12" spreading 10" basket; New interspecific cross with hot weather performance like boliviensis and double flowers like tuberosa. Easy to grow and ship, with big showy double flowers and high novelty appeal. Long days are needed for flowering. But heat tolerance enables later sowings to still thrive and bloom in the long days of spring & summer, without the need for extra lighting. For baskets, gardens, combo containers, in part shade to full sun. Colors: Light Pink, Mix, Orange, Pink, Red (intense deep red), Scarlet, White.					
Gryphon MP		100sd	22.20	1M	@191.25	**Fantastic Foliage™** 14-16" spreading 20"; Superb foliage begonia. Easy & quick growing. Large, deeply cut, palmate, silver-spotted leaves. Durable thru heat, drought and rain in gdn or patio. Sell in 4.5 - 10" pots.					
Megawatt Series P (F1)		100sd	16.55	1M	@142.55	20" pot spreading 16", 28" gdn spreading 24"; Earlier blooming series with Dragon Wing habit and flower size. Sturdy vigorous plants with lush shiny foliage. Good tolerance to hot dry conditions. For landscapes and large containers. Colors: Mix, Pink Bronze Leaf, Pink Green Leaf, Red Bronze Leaf, Red Green Leaf, Rose Bronze Leaf, Rose Green Leaf.

Viking Series P (F1)	100sd	20.80	1M	@179.20	20" spreading 24" gallon, 24" spreading 28" gdn; Smaller habit than Viking XL for those who might want a lower profile, but still a sizeable plant. Fast growing to fill large landscapes and big containers. Large plants and flowers. The chocolate foliage is outstanding for gleaming reddish-black leaves which provide dramatic background for the blooms. Colors: Mix (listed colors), Pink on Chocolate, Red on Chocolate.	
Viking Explorer Series P (F1)	100sd	23.15	1M	@199.35	20" spreading 28" pot, 24" spreading 39" gdn; Superb spreading habit displays dense flower cover in all directions. Faster crop time at 16-21 weeks, up to 2 weeks earlier than many others in this class. Extra large blooms and intense eye-catching foliage shine. Thrives thru rainy, chilly and hot weather for summer long show. For containers, baskets, and beds, where just a few of these wide-spreading plants will cover a lot of ground. Ros on Green is AAS National Gold Medal for 2022. Colors: Red on Green, Rose on Green (AAS Gold).	
Viking XL Series P (F1)	100sd	22.00	1M	@189.45	28" spreading 32" gallon, 34" spreading 36" gdn; Bold, massive color. Fast growing to fill large landscapes and big containers. Extra large plants and flowers. Red on Chocolate, 2019 AAS Winner, is outstanding for gleaming reddish-black leaves and deep red flowers. Colors: Mix (listed colors), Pink on Green, Red on Chocolate (AAS 2019), Red on Green, Rose on Green.	
Begonia x Interspecific						
Hula Series P (F1)	100sd	18.00	1M	@155.20	6" pot spreading 20", 10" gdn spreading 27"; Unique new spreading type. Extremely branching and spreading. Produces a large color show of myriad tightly spaced 1" flowers. Day neutral. Blooms and starts spreading extremely early for long color show without extra lighting. For baskets, containers, and landscaping. A few plants fill a lot of space fast. Colors: Bicolor Red White, Blush (near white), Mix, Pink, Red, Red & White Mix.	
Sensation Series P (F1)	100sd	9.60	1M	@ 82.55	24" spreading 24" container, 28"spreading 24" gdn; Outstanding vigor in 2018 trials, from seedling stage onward. Faster seedling development, showing no need for lengthening daylight. Showed the most robust growth in the trial after transplant. First of the interspecifics to bloom. Produced very large plants in the trial garden. Grew well in direct sun and shade, cool periods and high heat, and very heavy rainy periods. Blooms in 12-14 weeks from sowing. Flr diam 1.5-1.75". Foliage is shiny-waxy, with medium size, oval to heart shaped leaves, serrated edges. For large containers, beds, landscaping. Colors: Pink Bronze Leaf, White Green Leaf.	
Stonehedge Series P (F1)	100sd	22.80	1M	@196.60	4 ft spreading up to 4 ft; First interspecific multiflora landscaping begonia, was a show-stopper at 2023 California spring trials! Extreme vigor, profuse branching, makes a massive wall of flowers in landscape or premium containers. Round mounded habit covers in blooms. Heat tolerant and blooms til frost, in shade or full sun. Very early flowering (crop time is 12-15 weeks). Self-cleaning, low maintenance. Vivid bronze foliage. A premium product for landscape and large containers. Just a few plants will fill a lot of space. Colors: Light Pink Bronze Leaf, Rose Bronze Leaf.	
Belamcanda chinensis						
Freckle Face	100sd	3.30	1M	@ 28.40	32"; Iris like foliage. Orange & yellow red-spotted flowers.	35 s/g  Z5
Bellis						
Bam Bam Mix P (F1)	100sd	3.50	1M	@ 30.15	4" spreading 6" pot, 6" spreading 8" gdn; 100% FYF, no vern needed. Large fully double flowers on non-stretching stems hug the top of the plant. No PGR required. Foliage stays cleaner than older varieties. For both spring and fall markets, bowls, bedding, combo containers.	5000 s/g  Z5
BellaDaisy Series P	100sd	3.25	1M	@ 19.65	5"; No Vern. Very early. Showy bright flowers with yellow centers borne atop healthy, deep glowing green foliage. Compact and uniform. Well bred for early spring pots and planters. Colors: Mix, Pink, Red, Rose, White.	
Bellissima Series P	100sd	3.30	1M	@ 27.25	5" spreading to 7"; No vern needed. Large full double flowers on robust plants. For packs or pots up to 5". Colors: Mix, Rose.	
Galaxy Series P	100sd	4.35	1M	@ 37.50	6"; Dwarf for perennial bedding & container sales, blooms easily without vernalization. Bright colors. Colors: Mix, Red, Rose, White.	
Habanera Series P	200sd	3.80	1M	@ 16.30	6"; Fully double flowers with short sturdy stems make these ideal for spring bedding and pot production. The largest flowered English Daisy available. Produces masses of flowers in landscape. Colors: Mix, Red, Rose, White, White w' Red Tips.	
Pomponette Mix	1M	3.15	2M	@ 2.30	8"; Dwarf, small quilled double flowers.	
Robella P	200sd	3.20	1M	@ 11.15	6"; FSM. Early flowering bedding plant with large, fully double flowers. Unique, salmon pink flowers are very striking in containers and gardens.	
Super Pompon Series	500sd	3.20	1M	@ 5.45	6-8"; Very large double pompon flowers, uniform habit. Good for perennial pots, early spring combo containers & bedding. This type is also used for cutflower in short-stem mini bouquets. Colors: Extra Mix, Pink, Red, White.	
Tasso Series P	500sd	5.50	1M	@ 10.20	- Colors: Deep Rose, Mix, Pink, Red, Strawberries & Cream, White.	
Bergenia cordifolia						
Winter Glow	100sd	3.25	1M	@ 22.85	14"; From early to late spring, intense carmine-red flowers appear in clusters. Green leaves take on "glowing" reddish-bronze hues that remain until turning green again in spring. Flowers and leaves can be cut for bouquets.	4500 s/g  Z3

Berlandiera lyrata Chocolate Flower	☒	100sd	7.65	1M	@	66.00	10" potted, 16" gdn; FYF. Bright yellow 2" daisies with green eyes and maroon stamens bloom at night and stay open thru morning. The blooms give off the strong and unmistakable fragrance of sweet chocolate. They drop their petals as the temperature rises but the attractive cup-like silvery green bracts persist and can be used as durable material in arrangements, or allowed to dry to a beautiful buff brown for use in dried arrangements. Very prolific summer-long bloomer.	175 s/g	✦	Z5
Borago officinalis Alba		200sd	3.30	1M	@	14.15	24"; White Borage. Edible herb, pure white flowers, cucumber scented.	55 s/g	✦	Z7
Borage		1M	3.15	2M	@	2.60	24"; Edible bright blue flowers, cucumber scented. Versatile.			
Bouteloua gracilis Blue Grama KL		1M	3.15	2M	@	2.55	**Ornamental Grass** 12"; Soft bushy clump grass with coppery horizontal spikelets at tip, standing out like little flags and bearing a row of tiny green-tipped florets. Hardy, for container and border.	2200 s/g	✦	Z4
Briza media Quaking Grass	☒	500sd	3.15	1M	@	4.95	**Ornamental Grass** 20"; Small, heart shaped flowers produce glossy seed heads that dangle from flat golden spikelets. Use as single specimen or en masse as a groundcover. Sprays make nice accent for fresh and dried arrangements. Vernalization required.	1200 s/g	✦	Z5
Bromus japonicus Green Rain	☒	1M	5.15	2M	@	4.45	18"; Entire plant including young seed heads is bright green in spring and early summer. Nodding seed heads mature thru summer to tan and often to purple. Smoke aids germination.	190 s/g	✦	Z5
Browallia americana Blue Lady		2M	3.95	5M	@	1.70	20"; Abundant, clear amethyst-blue flowers blue-eyed or cream-centered. Ovate deep-green leaves. Full sun or partial shade with flowering summer and late summer.	4000 s/g		
Sky Blue		1M	3.15	2M	@	2.70	16"; Massive bushy show of sky-blue flowers for container and knee-hi bedding.			
Buddleia davidii Butterfly Hybrids Mixed	☒	500sd	5.20	1M	@	9.00	8 ft; Best all-color mix. Good specialty cutflowers, yields long woody flexible stems year after year. Also beautiful screening plant.	29000 s/g	✦	Z5
Butterfly Hybrids Mixed P	☒	200sd	3.45	1M	@	14.95	**Pelleted for easier sowing of tiny seed.**			
Buphthalmum salicifolium Sunwheel	☒	1M	4.40	2M	@	3.80	20"; FYF. Hardy golden daisies, for mass borders, large containers or cutflowers.	1200 s/g	✦	Z4
Bupleurum griffithii Green Gold	☒	1M	5.20	2M	@	4.70	30"; Yellow flowers in small 2" umbels. Classic bouquet filler.	330 s/g	✦	
Bupleurum longifolium Bronze Beauty	☒	100sd	12.15	1M	@	104.15	20" spreading 16"; FYF. A beautiful cutflower. Sprays of initially yellow flowers turn to bronze at maturity, each subtended by a stiff bright green calyx. Erect flower stems rise above a clump of shiny blue-green foliage. For specialty cutflower production, with ability to provide multi-year harvests, also for rock gardens or raised beds. Likes well drained soil.	200 s/g	✦	Z3
Bupleurum rotundifolium Garibaldi	☒	1M	4.60	2M	@	3.95	40"; Erect stems, curiously oblong leaves, green flowers, used as filler in cutflower assortments.	400 s/g	✦	
Calamintha nepeta Marvelette Series		100sd	7.15	1M	@	61.65	10" pot spreading 10", 12" gdn spreading 12"; FYF. Aromatic culinary herb with minty fragrance. Myriad flowers and glossy mint-green foliage. Compact and densely branched, resulting in very abundant flowers at about 12 weeks with no pinching or PGR needed. Fills a 4" with blooms at retail. Makes a big long lasting show in borders, gallons or baskets. Can be programmed for spring, summer or fall markets. All sorts of bees and beneficials love it. Colors: Blue, Mix, White.	3500 s/g	✦	
Calceolaria Dainty Series P		100sd	6.45	1M	@	55.70	4" blooming to 8" mature; No vern needed. Can be programmed anytime of year. Compact, firm flower pouches more resistant to botrytis than other varieties. Colors: Bronze, Mix, Red, Red&Yellow, Yellow Spotted.

Century Series	☒	200sd	3.20	1M	@	11.50	27"; Extremely large well formed medium plumes. Cutflower. Colors: Fire, Mix (AAS), Pink, Red (bronze leaf), Rose, Salmon Pink, Yellow.
Chinatown		200sd	3.40	1M	@	14.75	14"; Color all over. Bronze-purple foliage, brilliant scarlet stems and broad, pagoda shaped scarlet-red spikes. Outstanding garden performance, good impulse seller for bedding or containers.
Dragon's Breath		100sd	18.25	1M	@	157.25	24" spreading 16"; Vigorous, showy plant is red all over. Dazzling red flowers, red stems and green-red leaves. Late blooming. Grow for foliage from early stage until late summer, when 10.5 hr day length triggers bud set, then on into fall with blazing red color. Low feed intensifies stem color. For premium container from 10" to gallon or mass landscapes. It performs well under hot & humid conditions. Worth testing as a productive source of specialty arranging material. Culture sheet available.
First Flame Series P		200sd	3.25	1M	@	12.20	14" container spreading 10", 24" gdn spreading 16"; Very quick crop time, up to 2 weeks earlier than similar varieties. Broad flower plumes on base branching stems. For borders & large containers. Worth testing at close spacing as fieldgrown cut for local mkt. Colors: Mix, Purple, Red, Scarlet, Yellow.
Forest Fire	☒	1M	4.30	2M	@	3.70	30"; Dazzling red flr, bronze leaves. Knee-hi borders, field-sown cutflower and centerpiece for summer containers.
Fresh Look Series P		500sd	5.20	1M	@	8.95	14"; Bright green leaved companion to the well known 'New Look'. Plants remain compact in pots and on the bench, but fill landscape with their vigorous branching growth. Dense plumes do not fade under high light. Colors: Fashion Look Mix (FreshLooks blended with dark-leaved New Look), Gold (AAS), Mix, Orange, Red (AAS&FSM), Yellow (AAS).
Glorious Mix		500sd	4.80	1M	@	8.30	8-10"; Replaces 'Gloria'. Offers shorter crop time, compact habit & uniform flowering within colors. Large bright plumes. Heat tolerant.
Ice Cream Mix P		200sd	3.20	1M	@	11.15	12" spread 10"; Plants are early, compact and well branched. Large, tight flowers are long lasting and offer strong, stunning colors for instant sales appeal. Very heat resistant and great for pack and small pot programs.
Kimono Series		500sd	4.80	1M	@	8.25	8"; Dwarf for bedding or 4" pots. Plumes are plump & bright w' all colors blooming simultaneously. Colors: Cherry Red, Cream, Mix, Orange, Red (bronze leaf), Rose, Scarlet, Yellow.
New Look P		500sd	5.20	1M	@	8.95	14"; AAS. Unique, purple tinged foliage on bushy, basal branching plants and blazing red plumes. Suitable for packs and pots.
Pampas Plume	☒	1M	3.15	5M	@	1.90	4 ft; The traditional classic Celosia plumosa. Graceful tall arching fronds span a broad color range. Robust nature loving plants, big in the landscape. Bold vertical element in cutflower arrangement. Mixed colors.
Smart Look Red P		500sd	5.20	1M	@	8.95	12-14"; The compact, basal branching plants exhibit excellent heat tolerance & garden vigor. Purple-bronze leaves with brilliant red plumes.
Sunday Series P	☒	100sd	8.00	1M	@	69.00	30-40" spreading 5"; Fragrant, plume-shaped Celosia available for first time as professional cutflower. The stem length & strength make great bouquets. Excellent shipper with long vase life. Short, programmable production time and high % yield of useable stems. Well adapted to high density production. Mix includes Dark Pink, Gold, Orange, Wine Red, Yellow. Note bloom time differs somewhat among colors. Colors: Bright Orange, Bright Pink, Cherry, Dark Pink, Gold, Green, Mix, Orange (later to bloom), Purple, Wine Red (later to bloom), Yellow.
Sylphid	☒	100sd	10.35	1M	@	89.30	30" gdn, 40" at close spacing; Long, feathery lime-green plumes borne on stiff stems. Very productive, good for centerpiece or as bouquet filler. Well suited as fieldgrown cutflower. Can be carried into winter production under glass when lights and heat are available. Also good for mass landscape.
Celosia cristata							2000 s/g
Act Series	☒	100sd	8.95	1M	@	77.00	4 ft; Dutch market leader in its class. Broad comb shaped heads 6" long with fancy curled edges, borne on 4 ft single stems. Intense colors. Very early, Blooms 8 - 13 weeks from transplant, and continues to yield over extended season. Resistant Botrytis & Fusarium. Varieties are PVP and PVR protected. Colors: Dara Velvet, Diva Red, Mix (7 colors), Rima Rose, Verda Green, Vida Lemon, Zara Orange, Ziva Pink.
Armor Series		200sd	3.25	1M	@	13.00	**Orange genetically contains % of yellow.** 6" pack, 16" gdn or lg container; Extremely heat tolerant. Compact and well branched, bushy plants with large very bright combs. Colors: Mix, Orange, Purple, Red, Yellow.
Asuka Select Series	☒	100sd	7.75	1M	@	66.85	32" field, 48" ghs; This series features brilliant colors, mid-size convoluted fan-shaped combs with distinct attractive fuzz on the underside, clean deep green foliage, strong stiff stems, tolerance to Botrytis. Earlier and wider flowering than most others of this type. For professional cutflower production, fresh or dried, under high hoops or in field. The green variety in this series is the most intense yet seen. Colors: Green, Mix, Orange, Pink, Purple.
Bar Series	☒	100sd	8.95	1M	@	77.00	3 ft widely spaced, 4 ft tightly spaced; Exotic colored flowers with broad, distinctly Mohawk shaped combs. Very robust and less susceptible to thrips than most. Extra long shelf life due to extremely tough stems. Colors: Bora Bossa Mix, Bora Purple (fuzzy pink base with intense ruby red comb), Bossa Champagne (cream green base with creamy apricot frilled comb).

Brainiac Series		100sd 4.75	1M @ 41.15	6"; Large crested flower heads on short, densely branching plants. This flower type, shaped like a mohawk haircut, has become very popular among cutflower growers. Brainiac's dwarf habit makes it now available for bedding and container sales. Very early, heat tolerant, for full sun to very light shade, suitable for bench run production. Works well in landscapes. Colors: Lightning Yellow, Mad Magenta, Mix (5 colors), Raven Red (dark leaf deep crimson flr), Think Pink.
Captain Evanthis Mix	✂	200sd 4.35	1M @ 18.75	3 ft field, 4 ft ghs; Beautiful, intense, warm selections of unusually rich, sparkling colors. Large, high quality globe shaped heads on robust plants with sturdy stems. Harvest begins after 10-14 weeks of growing and can continue until late fall under good cultivation.
Chief Series	✂	500sd 4.80	1M @ 8.25	40"; Crested flowers bred especially for cutflowers w/ strong single stems. Mix is full color range including bicolors. Colors: Carmine, Fire, Gold, Mix, Persimmon, Red, Rose.
Clubs Cocktail	✂	100sd 13.45	1M @115.90	32-48" depending on spacing; Broad fan shaped flowers with green base and salmon to apricot combs with thin bright golden stripe running along the edge of each crenulation. Sturdy stems & long shelf life. For specialty cutflower under hoops or professional greenhouse.
Concertina Series P		100sd 7.95	1M @ 68.55	9" spreading 7"; Very large fan shaped flowers on neat tightly branched plants. Recommended for containers indoors and out. Colors are lush and vivid, adapted from professional florist types. Colors: Mix, Pink, Purple, Red, Red w' dark leaf, Yellow.
Coral Diamond	✂	100sd 13.45	1M @115.90	32-48" depending on spacing; Broad fan shaped flowers with tan base and deep red combs stippled with coral accents. Sturdy stems & long shelf life. For specialty cutflower under hoops or professional greenhouse.
Cristi Purple	✂	100sd 8.45	1M @ 72.90	3 ft widely spaced, 4 ft tightly spaced; Sensational deepest purple curly crests top wide triangular combs. Day neutral flowering offers opportunity for multi-season cropping as greenhouse cutflower. Refined foliage with no top leaf, easy to process & prepare for mkt. Very uniform, high yielding cutflower, extra useful in mixed bouquets.
Crystal Beauty	✂	100sd 10.75	1M @ 92.60	3ft; Exotic metallic orange color that shades from lighter to deep from bottom to top. Large fan shaped blooms can become exceedingly large with pinching. Foliage and stems are light yellowish green. For specialty cutflower, field or tunnel.
Delhi Series	✂	100sd 8.80	1M @ 76.00	3 ft; Excellent performance at high temperatures. Brilliant hues, large fan shaped flowers with strong color at collar. Strong green-gold stems, deep green leaves. Professional cutflower product, excellent for Southeast and Sunbelt. Not recommended for winter production. Colors: Mix, Pearl, Purple, Rainbow, Red.
Dracula P		100sd 15.45	1M @133.00	8" spreading 8" pot, 16" spreading 12" gdn; Compact base branching plant bears a large, intense flower, changing from red to dark purple in gdn. Foliage green under cover growing to purple bronze outdoors. For bedding, borders, containers.
Early Rose	✂	500sd 5.50	1M @ 9.70	4 ft from spring sowing, 6 ft from fall sowing; Premium professional cutflower. Non-branching plant exhibits large, bright-rose comb to 6" diam. with green leaves and stems. Earlier than 'Higyoku'.
☺ Frozen	✂	100sd 12.15	1M @103.90	32"-40" depending on spacing; Unique arresting color develops from light minty green shifting gradually to soft rose. Very large spherical crested flowers on strong stems. For very special cutflowers. Can be produced in field, hoop house or under glass.
Green Sango	✂	100sd 24.15	1M @208.15	40"; Light green fans, very early flowering. Produces single stem harvest without pinching. For outdoor production. Not disease tolerant. If under glass, provide good ventilation and treat for disease. Excellent for single-stem harvest.
☺ Haute Couture	✂	100sd 12.15	1M @103.90	32"-40" depending on spacing; Broad mid-sized crests. Unique color. High-fashion shade of apricot with hints of light pink. Excellent for bridal bouquets. Can be produced in field, hoop house or under glass.
Higyoku Green Stem	✂	500sd 5.50	1M @ 9.70	4 ft; Premium professional cutflower. Non-branching. Bright scarlet 4" combs top sturdy, light weight green stems suitable for shipping and arranging.
Higyoku Red Stem	✂	500sd 5.50	1M @ 9.70	4 ft; Premium professional cutflower. Non-branching. Brilliant red 4" combs top sturdy, light weight reddish stems suitable for shipping and arranging.
Jack Series	✂	100sd 12.80	1M @110.40	32-48" depending on spacing; New look! The central stem is clasped by small flowers along its entire length. Stem is capped by a large broad fan shaped flower with fuzzy base and crenulated combs. The filled stems add a voluminous bouquet booster to Celosia floristry. Sturdy stems & long shelf life. For specialty cutflower under hoops or professional greenhouse. Also useful as a colorful annual hedge plant in summer borders. Colors: Mix (of listed colors), Purple Jack, Red Jack.
Kurume Series	✂	500sd 5.50	1M @ 9.80	48"; Tall strong stems w' large globular brilliant color combs. Cutflower Colors: Corona (red&yellow bicolor), Gold, Mix, New Scarlet (bronze leaf & bronze stem), Orange Red (green leaf & green stem), Rose.
☺ Lavly	✂	100sd 12.15	1M @103.90	32"-40" depending on spacing; A unique, vivid shade of lilac-purple. Mid size crested flowers on strong stems. Can be produced in field, hoop house or under glass.
☺ Mystic	✂	100sd 8.50	1M @ 73.30	32"-40" depending on spacing; A unique, vivid shade of deep glowing purple. Mid-size crested flowers on strong stems. Can be produced in field, hoop house or under glass.

Neo Series P	100sd	10.15	1M	@	86.65	28"-40"; Improved series is less daylength sensitive, with vivid, unique new colors and smaller leaves. Easy to arrange, eye catching in shop. Premium quality cutflower for greenhouse or field. Colors: Gold (deepest on mkt), Green, Mix, Orange (deep hot color), Pink (earliest & dark stemmed), Red (vivid & shorter), Rose (taller & slower).
Orient No. 2	500sd	3.35	1M	@	5.50	12" spreading 12"; Bright fire-engine red. Very large globe-shaped combs up to 6" across. Compact habit and deep green foliage. Bedding, planters, large containers.
Red Ace	✂ 100sd	13.45	1M	@	115.90	32-48" depending on spacing; Broad fan shaped flowers with fuzzy stippled base and glowing deep strawberry combs with thin bright golden stripe running along the edge of each crenulation. Sturdy stems & long shelf life. For specialty cutflower under hoops or professional greenhouse.
Reprise Series	✂ 100sd	13.45	1M	@	115.90	32-48" depending on spacing; Bred for exquisite striking colors, tight, finely structured globe shaped flower heads for high-appeal bouquets. Long robust stems. Harvest begins after a very short 8-11 weeks of cultivation. Plant structure is very narrow with small leaves which allows lots of light to enter the leaves. This allows the grower to use extra-efficient plant density. It also provides the opportunity for extended harvest using late-season plantings at standard density. The flower combs are resistant to mildew allowing for very long vase life. For professional cutflower production. Colors: Gold, Mix, Orange, Rose, Velvet, Yellow.
Smashing	✂ 100sd	13.70	1M	@	118.25	36"; Riveting, intense bright red flower heads are large and voluminous. Robust stems and sturdy leaves. Good resistance to botrytis aids productivity. Harvest can begin after 9-13 weeks of cultivation. Planting in greenhouse from mid-spring to late summer can provide harvest from end of spring to late fall. For professional cutflower work.
☺ Smashing Yellow	✂ 100sd	12.15	1M	@	103.90	32"-40" depending on spacing; A unique, vivid warm glowing yellow. Mid size crested flowers on strong stems. Can be produced in field, hoop house or under glass.
Sol Series P	100sd	16.50	1M	@	142.45	10" spreading 10" pot, 14" spreading 16" gdn; Sol is a collection of foliage celosias. Fast crop time. No Downy Mildew issue vs Coleus. Gekko Green starts green and transitions to a green & burgundy patchwork, then to deep burgundy all over when outdoors. Lizard Leaf transitions to burgundy red when outdoors and its foliage develops undulations and crenulations as the plant matures. For foliage color in pots, & bedding. In long season, cristata type flowers may develop. Colors: Gekko Green, Lizzard Leaf.
Spring Green P	✂ 100sd	11.50	1M	@	99.25	3-4 ft depending on spacing; Pro cutflower variety. High % saleable strong stems topped by 3"-4" fan-shaped crests of clear soft-green. Small leaves, easy harvest & shipping. Culture like 'Bombay' but 1-2 weeks earlier and capable of short-day crop. For greenhouse or field.
Toreador	✂ 2M	3.35	5M	@	1.45	2 ft; Scarlet combs, green foliage.
☺ Turbo Lilac Rose	✂ 100sd	14.15	1M	@	121.40	32"-40" depending on spacing; A unique, vivid shade of lilac-rose. Extra large crested flowers on strong stems. Can be produced in field, hoop house or under glass.
Turbo Pearl	✂ 100sd	14.80	1M	@	127.45	32-48" depending on spacing; Extra large, broad fan shaped flowers up to 8" across with fuzzy deep green base and softest cream green combs tipped with an elegant band of soft baby pink covering the edge of each crenulation. Sturdy stems & long shelf life. For specialty cutflower under hoops or professional greenhouse. Huge flower power, robust stems, ideal for large bouquets. Plant from mid-spring thru late summer to harvest late spring to late autumn. Crop time 12-16 weeks from transplant.
Unlimited Coral	✂ 100sd	16.55	1M	@	142.75	4-5 ft; Very large bright coral combs with a span up to 8". A great eye-catcher as a standalone or in large-scale arrangements. Extra sturdy stems carry the blooms upright with no problem. Harvest can begin after 12-16 weeks of cultivation. Can plant in ghs from mid spring to late summer for harvest from late spring to late fall. For professional cutflower production.
☺ Unlimited Pink	✂ 100sd	13.15	1M	@	113.30	32-48" depending on spacing; Extra large, spherical fan shaped flowers up to 8" across with fuzzy deep green base and intense deep pink to rose combs. Sturdy stems & long shelf life. For specialty cut flower under hoops or professional greenhouse. Huge flower power, robust stems, ideal for large bouquets. Plant from mid-spring thru late summer for harvest late spring to late autumn. Crop time 12-16 weeks from transplant.
Yellow Queen	✂ 500sd	5.35	1M	@	9.20	3-4 ft; Rounded, pure, deep bright yellow flower heads on long green-gold stalks. Bright green foliage with no side shoots. Professional or specialty cutflower.
Celosia globosa						1500 s/g
Prestige Scarlet	500sd	5.15	1M	@	8.70	14"; AAS. Bears numerous small erect crests, bushy & fiery red.
Celosia spicata						
Celway Series P	✂ 100sd	8.35	1M	@	71.90	40-48"; Specialty cutflower with plumosa flower shape on long stems. One central plume surrounded by several smaller spikes. Suitable for high density planting. High percentage of saleable stems w/ excellent transportability & long vase life. Colors: Mix, Orange, Purple, Red, Salmon, Terracotta, White.
Flamingo Feather	✂ 500sd	3.35	1M	@	5.80	40"; Feathery plumes soft pink turning to white.
Flamingo Purple	✂ 200sd	3.20	1M	@	11.80	40"; Purple feathery plumes on dark-red stems & red leaves.

Kosmo Series P		100sd 14.90	1M @128.40	8" spreading 10"; Spiky starburst clusters held tight over compact bright green foliage. Fast bench-run cropping, durable shelf life at retail. For bedding & pot. Colors: Mix, Purple Red.		
Roseberry Parfait	✂	100sd 4.30	1M @ 36.85	24-30"; Deep rose red spikelets along stem. Slender lance shaped flowers. Leaves are narrow and near top of plant, sparse, making for a good stem with little labor to prepare for arrangements. Useful fresh or dried. For specialty cutflower. Worth testing for dried arrangement.		
Ruby Parfait	✂	100sd 6.55	1M @ 56.30	4 ft; Numerous top branching spikes of deepest purple, fading at base to a pretty warm pink, for a two-tone effect. Easy fieldgrown cutflower. 220 s/g		
Centaurea Boy Series	✂	500sd 3.15	1M @ 4.80	3 ft; Tall cutting stems, midsize double flowers for cutting & landscaped border. Colors: Black, Blue, Choice Mix, Formula Mix, Frosted Queen Mix, Lady Mauve, Pinkie, Red, Snowman.		
Classic Series	✂	500sd 3.25	1M @ 5.60	36"; Classic cornflowers in unique, eye-catching shades. 'Fantastic' includes light, heavenly-blue to dark-blue. 'Romantic' includes shades of rosy-red, to pink. Magic shades are deepest purple thru light purple to palest lilac. All often have flowers in 2 shades or have darker centers w/ white petals. Classy fieldgrown cutflower. Colors: Artistic Mix, Fantastic, Magic, Romantic. 70 s/g ✂		
Centaurea americana Aloha Blanca	✂	200sd 3.25	1M @ 14.00	3 ft; Tall & robust w' fluffy white flowers. Cut or dryflower.		
Aloha Rosa	✂	100sd 3.25	1M @ 21.00	3 ft; Tall & robust w' fluffy rose-pink flowers. Cut or dryflower.		
Centaurea cyanus Baby Red		500sd 5.20	1M @ 8.95	10" spreading 8"; compact plants covered in bright red flowers, an unusual shade for centaurea. Blooms from spring all summer weather permitting. For beds, containers. 280 s/g		
Frosty Mix	✂	1M 4.60	2M @ 3.95	3 ft; Extra select, varied double bicolor mixture, all frosted white trim, unique effect. Choice material for fieldgrown specialty cutflower, borders, mass landscape, direct sown.		
Jazzy Mix	✂	500sd 3.95	1M @ 6.80	36" spreading 8"; Highly contrasting bright mix of Blue, Lilac, Red, and White. Crested semidouble flowers, many bicolors created by both the central crest and others with contrasting petal edges. Good easy crop for fieldgrown cutflower. Produces a ready-made mix for bouquets.		
Purple Haze	✂	500sd 3.80	1M @ 6.55	3 ft; Beautiful blend of bright blue, purple & mauve. Large flowers. For stems or whole-plant bouquet. Grow in field or under hoops.		
Velvet Dawn	✂	500sd 3.80	1M @ 6.55	36" spreading 8"; Beautiful, classy large flowered mix. Contains deep, rich solid purple flowers blended with a strain that has cherry rose centers and splashes on white background. Good for borders and for specialty cutflower. Produces a lovely ready-made bouquet.		
Centaurea dealbata ...	✂	100sd 3.25	1M @ 19.20	30"; Finely cut gray-green foliage w' clear rose-pink flowers. Cutflower or border plant. 95 s/g ✂ Z3		
Centaurea imperialis White	✂	500sd 4.95	1M @ 8.50	28"; Pure white. Large, double, fragrant, finely quilled flowers from spring til fall. Tall stems. For fieldgrown cuts, borders, mass landscape. 200 s/g

Cucumber						30 s/g	
Gherking (F1)		100sd	6.80	1M @ 58.60	4-6 ft; 50-55 days. AAS Winner. European gherkin type pickler. Very high quality eating both fresh or pickled. Parthenocarpic, bitterfree, 3-5 x 1-1.25". Tender-skinned crispy fruit, can be grown "seedless" for extra fine table quality. Strong disease package and vigorous vines enable high yield potential. Well adapted to tunnel, glass house, trellis or open ground. Nationally promoted through consumer channels. Resistant CMV, S. Tolerant DM, PM.		
Patio Snacker (F1)		100sd	8.35	1M @ 72.00	**Patio Vegetable** 36" climbing to 60"; Compact vigorous vine with short, branching internodes. Cukes are slender, 1.5" x 8". Good flavor, dark green non-bitter peel and crunchy texture. A great fit for patio containers; can be sold in a large container with small trellis. Free-flowering, monoecious plants are high-yielding with continuous harvests. Pickable 39 days from transplant.		
Pic A Bushel (F1)		200sd	3.20	1M @ 10.60	10" spreading to 24" vine length; 50 days to harvest. 2015 AAS Winner. Bushy plant with excellent heat tolerance, fruit quality and yield. Very good eating, crispy & sweet, picked at young 3" gherkin stage (about 2 oz) or later at 6" spear stage (about 4 oz. Adapted to fresh market, local or home pickling, as well as commercial processing. Resistant CMV, Scab, MMV. For vegetable bedding, patio container sales, or commercial farm use.		
Quick Snack		100sd	11.50	1M @ 99.20	20-24" spreading 15-20"; Seedless(parthenocarpic), needing no pollinator. Designed to be sold in a pot and picked fresh daily. Deep green fruit 2.5-3.5" long & 1" diam. Thin skin. Delicious eating. Short trellis is recommended to support plant upright in pot. For gdn ctr or grocery store sales at retail.		
Cucumis						120 s/g	
Deco Fruits Species Mix	✂	200sd	3.25	1M @ 13.80	6 ft Vine; Produces ornamental deco fruits in abundance. Fast growing and prolific. Varied shapes, sizes and bicolor patterns. Some have soft brushy spines. Others have colorful spines which are stiffer but not vicious, though garden gloves might be advisable when handling for several hours at harvest. Worth trying in novelty arrangements.		
Cucumis saclexii . . . see C. canoxii and C. myriocarpus							
Cucurbita moschata . . . see Squash							
Cuminum cyminum						300 s/g	
Cumin		2M	3.00	5M @ 1.00	9"; Hot pungent flavor. Seeds are powdered and used in curries, Mexican food, pickles & sausage.		
Cuphea ignea (platycentra)						700 s/g	✂
Dynamite		100sd	11.50	1M @ 99.15	8"; Compact, well branched deep-green foliage & small bright scarlet tubular flowers.		
Cymbalaria muralis						4600 s/g	✂ Z3
Kenilworth Ivy		2M	3.15	5M @ 1.15	4"; Masses of tiny spurred lilac-rose flowers, good for hanging baskets.		
Cymbopogon flexuosus						2300 s/g	✂ Z8
Lemon Grass KL		200sd	3.25	1M @ 13.95	60"; Dense spreading clumps. Broad leaves arch gracefully, nearly touching the ground at tips. Lemony intense aromatic scent. Bright blue-green foliage. Dried leaves used in oriental cooking. A beauty for landscape or large containers. Grows fast enough to use as a 3-4' annual. Evergreen leaves in frost-free areas.		

Cynara cardunculus						23 s/g	✦	Z6
Cardoon Porto Spineless	✧	100sd	3.30	1M	@ 25.90	40"; Spineless cutflower selection, purple bracts, green-tinged, midsize artichoke shaped flrs.		
Cynoglossum amabile						187.3 s/g		
Blue Chinese Forget Me Not	✧	1M	3.75	2M	@ 3.25	18-24"; Handsome fast-growing plant forms a dense bushy mass with thousands of small, five-star, brilliant sky-blue flowers borne on branches emerging in all directions from the canopy, wherever there is sun. Blooms from spring, a few weeks after planting, and all through summer until fall. May decline in midsummer in extra hot areas. Good for butterflies, hummers, and excellent filler and posie material in specialty cutflower programs.		
Mystery Rose	✧	500sd	3.20	1M	@ 5.40	32"; Extra tall stems bearing masses of rich rose-pink flowers. For specialty cutflower, useful as filler or in spring borders.		
Cynoglossum zelanicum						220 s/g		
Chill Out Mix	✧	1M	5.15	2M	@ 4.35	2ft pot, 3ft in bed; 2" flowers. Mix contains vivid soft blue and crystal white flowers covering the canopy above smooth deep green foliage. More compact than other Cynoglossum varieties. Long blooming, from early summer til fall frost. Tolerates drought & heat well. For containers or bedding. Pollinator friendly.		
Cyperus alternifolia						15000 s/g		
...		200sd	3.25	1M	@ 12.30	14"; Easily grown species for use as foliage filler in container sales. Can be multi-sown in plugs & planted in 4" or 6" containers, quick & simple for indoor foliage plant. Also popular for water gardens.		
Cyperus glaber								
Abby	✧	200sd	3.85	1M	@ 16.55	28-32" spreading 20-24"; A grassy sedge bearing profuse flower heads of green-gold petals with reddish brown markings at base. Long lasting spikelets growing from dark green leaves. Rounded habit. Good for containers, accent plantings. Excellent long-lasting filler for floral arrangements		
Cyperus papyrus						19000 s/g	✦	Z8
...	✧	100sd	10.00	1M	@ 86.15	**Ornamental Grass** 3 ft pot, 6 ft gdn, larger where frost-free; Egyptian Paper Reed. Attractive stiff canes, & umbels resembling a feather duster. Excellent cutflower material for bold arrangements.		
Dahlia						130 s/g		
Bishop's Children	✧	200sd	3.20	1M	@ 10.50	40"; Vibrant mixed colors, intense purple foliage & stems, impressive cutflower or border plant.		
Black Beauty		100sd	15.00	1M	@129.50	18"; Broad black-purple petals with brilliant yellow-eyed anthers at center. Single flowered. Excellent for large container or landscape.		
Black Forest Ruby	✧	100sd	3.45	1M	@ 29.55	12" tall spreading 18"; Deep black foliage & stems bearing 3" semidouble ruby red flowers. Arresting, striking contrast with great eye appeal. Compact, upright habit. Great material for container plantings and bedding. Makes a great accent plant with big color statement.		
Bloody Mary Mix		500sd	5.50	1M	@ 10.30	15"; Dwarf bronze leaved mix, extra compact, double & semidouble flowers.		
Dandy Improved Mix	✧	500sd	3.70	1M	@ 6.40	20"; Reselected to achieve nearly 100% collarette flowers, with a cluster of small narrow petals in cheerful contrasting colors at base of the broad main ray petals which are often picoteed. For 4" pot, bedding, containers, borders and specialty cutflower (use close spacing to stretch stems).		
Dwarf Cactus Mix		200sd	3.20	1M	@ 10.90	16" pot, 20" gdn; Contains very high percentage of cactus flowers, with long undulated petals in star shapes. Bright color range from lilac blue to purple and red to rose, also peach, yellow and white shades. For container and knee high bedding.		
Figaro Series		100sd	3.25	1M	@ 24.15	12-14"; Single, semidouble & double blooms appear in 70 days. Premier pack item. Colors: Mix, Orange Shades, Red Shades, Violet Shades, White, Yellow Shades.		
Fireworks	✧	100sd	13.15	1M	@112.40	14-16"; Flamboyant, broad petalled mix of bright striped flowers. Many variations of fuchsia, tangerine, crimson, ivory and cherry with a few solid reds & whites. Bushy, compact plants, are easy & fast for beds and planters. Also nice cutflower.		
Fresco Mix		100sd	3.25	1M	@ 24.90	5" pack, 12" garden; Uniform in height, habit & timing. Bright cheerful colored blooms includes red, violet, yellow, white & rose.		
Opera Mix		200sd	3.25	1M	@ 12.50	12"; Compact branching habit, double and semidouble flowers. Good for bedding and containers.		
Piccolo Mix		1M	4.30	2M	@ 3.70	10"; Dwarf single flowered mix, bright color range including some bicolors, sufficiently compact for packs, bedding & containers.		
Pompon	✧	1M	4.65	2M	@ 4.00	45"; Cutflower. Mixture of bright colors in semidouble & double pompon types. Strong stems.		
Redskin	✧	500sd	3.70	1M	@ 6.40	18"; AAS & FSM. Deep purple-bronze foliage, double & semi-double flowers, vigorous garden performance.		
Showtime (Showpiece)	✧	200sd	3.20	1M	@ 10.80	40"; Improved Decorative Giants. Bright mix, very uniform, high percent double. For fieldgrown cutflower.		
Sunny Reggae	✧	200sd	3.85	1M	@ 16.70	20" potted, 25" gdn; Taller at close spacing as cutflr. Rich shades of orange, scarlet, peachy bicolors. Large collarette type blooms with second cluster of small petals around center like a collar for semidouble effect. Easily grown and long flowering. Good for specialty cutflower, fieldgrown, borders, and containers.

Fashion Mix		100sd 9.00	1M @ 77.55	30" from fall sowing, 20" from spring sowing; Large flowers .5"-.75" diam., excellent branching with balanced shape. Performs well as spring crop from winter plantings. Features several special "Fashion" colors. For specialty cutflowers.		
Jenny's Pearl Blue (F1)	✂	100sd 25.70	1M @221.75	18" spreading 10"pot, 25" spreading 12" gdn; Branching sprays full of lovely glowing blue flowers form a canopy of color that rises just above mounded lacy foliage. Crop time 12-16 weeks. For pot, bedding, specialty cutflower.		
Jenny's Pearl Pink (F1)	✂	100sd 25.70	1M @221.75	18" spreading 10"pot, 25" spreading 12" gdn; Branching sprays full of lovely glowing soft pink flowers form a canopy of color that rises just above mounded lacy foliage. Color is nearly unique to the species. Crop time 12-16 weeks. For pot, bedding, specialty cutflower.		
Morpho Series (F1)	✂	100sd 19.15	1M @164.40	24", up to 32" at close spacing; One of a very few F1 Hybrids in this species. Improved over O.P. types with longer stems, early flowering and more yield of saleable cuts. Color is more stable under cold or low-light conditions. Flowers are spurless and open facing upward and out, not nodding. For both field crop and for growing under cover. Colors: Chiffon Blue, Grand Blue, Marine Blue, Mix (listed colors), Silky White, Sugar Pink.		
Planet Series (F1)	✂	100sd 11.25	1M @ 97.15	16" spreading 8" pot, 20" spreading 10" gdn; Early and free flowering F1. 25-40" stems depending on season and spacing. Excellent quality for cutflower. Well adapted to large container and bedding as well. Versatile, multi-use crop. Colors: Blue, Light Pink.		
Summer Series		100sd 3.35	1M @ 28.70	**Fastrax** 12"; Genetically compact dwarf larkspur with masses of flowers in a good selection of colors. Great for container or perennial bedding. Uniform early flowering the first summer from winter sowing. More heat tolerant than others of this type. Colors: Blues (skyblue), Clouds (blue&white bicolor), Colors Mix, Morning (light pink), Nights (deep blue), Stars (pure white).		
Delphinium consolida Cannes Series	✂	100sd 3.30	1M @ 28.15	5 ft; Professional cutflower type. Most disease tolerance of any breeding to date. Large lasting double flowers. Long single-stemmed spikes. Tolerant to root rot, crown rot, tip damage. Colors: Blue Picotee, Crystal Pink, Deep Blue, Lilac, Mix, Purple Picotee, Rose Stripe, White.	325 s/g	ZO
Delphinium consolida (Larkspur) Fancy Series	✂	500sd 4.65	1M @ 8.00	47"; Tall cutflower series. Smokey Eyes is near white with faint cloudy grayish lilac and wintery lilac throat. Strong eye appeal for fresh mkt cutflowers. Colors: Belladonna, Purple Picotee, Smokey Eyes.	450 s/g	
Frosted Skies	✂	1M 3.15	2M @ 2.55	3 ft; Special cutflower, bicolor deep-blue with white-splashed, choice fieldgrown cut.		
Imperial Choice Mix	✂	2M 3.00	10M @ 0.90	**Giant Imperial Type** 32"; Old fashioned strain suitable for cutflower use.		
QIS Series	✂	1M 4.60	2M @ 3.95	**Note: Raw or filmcoated may be delivered, pending best germ.** 3 ft; Uniform double flowers on sturdy stems. Best for cutflowers. Colors: Dark Blue, Light Blue, Lilac, Mix, Rose, White.		
Delphinium cultorum Aurora F1 Series	✂	100sd 25.70	1M @221.70	3-4 ft; Premium quality for cutflower. Dense thick spikes, thick stems, white bees. Early flowering with extremely full spikes even in container. Colors: Blue, Deep Purple, Lavender, Light Blue, Mix, White (pure white with white bee).	370 s/g	✂
Blue Shadow®		100sd 3.25	1M @ 21.55	32"-40"; Intense glowing deep blue flowers with distinct classic spurs. Flower spikes are profusely borne on tough branching stem. Early and easy growing, heat resistant & high yielding. Crop time 12-16 weeks from transplant. Sow winter to early summer to provide reblooming harvests all summer. For specialty or professional cutflower planted in open field, tunnel or greenhouse.		
Candle F1 Blue	✂	100sd 21.90	1M @188.65	3-4 ft; Thick spikes, early uniform timing. Reblooms in 12 weeks after cutback. Suited for winter production under high hoop with 10 hr min daylength.		
Giant Pacific Series	✂	200sd 3.25	1M @ 12.50	5 ft; FYF. Excellent seed quality, and rigidly selected for excellent flowers & stems. A classic plant in perennial gardens and nice cutflower with excellent vase-life. No vernalization required. Colors: Astolat (pale blush lilac pink & raspberry rose), Black Knight (dark blue w' dark bee), Blue Bird (clear medium blue w' white bee), Blue Jay, Cameliard (lavender w' white bee), Galahad (white w' white bee), Guinevere (rosy lavender light bee), King Arthur (royal purple w' white bee), Percival (white w' dark bee), Round Table Mix (Benary's Formula Mix), Summer Skies (heavenly blue w' white bee).		
Guardian F1 Series (F1)	✂	100sd 14.25	1M @122.90	30-39" spreading 10-12"; F1. Very uniform blooming within each color, especially under short days making it easy to program. Quite early compared to O.P. types. Works well as a tall landscape/perennial, as a commercial cutflower or in potted plant programs with PGRs. Colors: Blue, Lavender, Mix, White.		
Magic Fountains Series	✂	200sd 3.25	1M @ 12.50	3 ft; Semi-dwarf plant habit can withstand higher winds without staking. Can be used for outdoor cutflower production. Colors: Cherry Blossom white bee, Crystal Mix (blend of white bees), Dark Blue dark bee, Dark Blue white bee, Lavender white bee, Lilac Pink white bee, MidBlue white bee, Mix, Pure White, Sky Blue white bee, White dark bee.		
Triton Dark Blue (F1)	✂	100sd 41.35	1M @356.40	40"; Intense cobalt blue spikes 2.75" diameter. Slender strong stems. Uniform length and color. For professional and specialty cutflowers, under cover or open culture.

Delphinium zaili						1250 s/g	✦	Z5
• • •	✦ 100sd	15.85	1M	@	136.55	20"; Yellow flower clusters make an elegant cutflower. Can be grown as heat loving annual.		
Dianthus barbatus (Sweet William)						1200 s/g	✦	Z5
Barbarini F1 Series (F1)	100sd	4.60	1M	@	39.60	8" pot, 12" gdn; FYF, no vernalization required but beneficial. Full umbels late spring thru early fall. Uniform habit and timing, for both annual pack and perennial 4"-gallon sales. Colors: Mix, Purple, Purple Picotee, Red, Red Picotee, Rose.		
Barbienne Series P	✦ 100sd	7.15	1M	@	60.95	24-32"; Superb biennial cutflower series. Among the earliest to bloom in spring. High yielding and uniform in flower time. Improved tolerance to rust disease vs standard varieties. For professional cutflower production under tunnel or outdoors. Colors: Deep Red, Mix (10 colors), Rose, Violet, White.		
Black Adder	✦ 100sd	3.25	1M	@	19.90	16" pot, 24" gdn; FYF, 3 months from seed. Stunning purple-black flower clusters above black-tinted foliage. Compact & free blooming. Color at all stages. For container, borders.		
Bodestolz Series (F1)	✦ 100sd	5.50	1M	@	50.15	28"; FYF. Strong stems carry 3" flower heads completely upright. Each plant produces several strong stems. Bodestolz mix is six colors including Blue, Purple, Red, Burgundy, PurplePink Bicolor, SalmonWhiteEye. For professional cutflower, fieldgrown or high tunnel. Colors: Carmine, Carmine w' white Center, Mix, Pink, Salmon w' Eye, White.		
☺ Dart Series P (F1)	✦ 100sd	10.80	1M	@	93.25	6" pot, 12" gdn; Bred for several production advantages versus other series of this type. Does not require heat for winter production of spring crops, unlike others of this type. Can be grown with little or no PGRs even at close spacing, and compact habit allows for more layers per rack. Faster to show color and fits well in all pot sizes with uniform bloom time for all colors except Scarlet. Colors: Mix, Pink Magician, Purple, Red White Picotee, Scarlet, White.		
Dash Series P (F1)	✦ 100sd	11.15	1M	@	95.45	15-20" spreading 12-14"; Compact, better branching and extra early flowering. No pinching required and few to no PGRs. No vernalization needed making it easier for year-round production. Long straight stems bear bright, fragrant, long-lasting blooms. Excellent for premium quarts & gallon containers, and knee-high bedding. Breeder recommends 1 seed per plug & 1 plug per pot. Colors: Crimson, Mix (5 colors).		
Electron	✦ 1M	4.80	2M	@	4.15	2 ft; Cutflower for professional use, a mix of intense auricula eyed bicolors, 2 weeks earlier, large clusters on strong erect stems.		
Etournelle Extra Mixed	✦ 1M	5.20	2M	@	4.70	28"; Formula blend of 10 choice colors, all selected for flower size and beauty, fragrance, clean, strong stems and earliness - flowering 2-3 weeks ahead of other biennial types. Blooms in spring after overwintering. For professional and specialty cutflower, fieldgrown or high hoop.		
Hollandia Complete Mix	100sd	5.50	1M	@	51.70	20"; Professional cutflower quality, classic large flower cluster blooming in 4 months from sowing, no vern needed.		
Indian Carpet Mix	2M	3.15	5M	@	1.15	12"; Biennial dwarf single mix.

Digitalis ambigua Temple Bells (Carillon)		1M	4.40	2M @	3.80	18"; FYF. True dwarf form, lemon-yellow spikes, same as Carillon.	5700 s/g	✦ Z5
Digitalis ferruginea Gigantea	✧	500sd	4.60	1M @	7.90	4 ft; Gigantic, dense rusty-bronze flower spikes. Worth testing as fieldgrown specialty cutflower.	1500 s/g	✦ Z3
Digitalis heywoodii Silver Fox Improved	✧	200sd	3.20	1M @	11.50	20" container, 24" gdn; FYF, with compact branching habit for container sales. Felted silver foliage & mostly pure white flowers. (Older flrs may show soft lavender tint & freckles in hot weather.) For container or perennial bedding.	12500 s/g	✦ Z4
Digitalis hybrida Pam's Split	✧	200sd	3.85	1M @	16.65	42-46"; FYF. Unique ruffled look due to split petal trait. Long-lasting blooms, white, speckle-throated. Base branching. For borders & specialty cutflower.	9000 s/g	✦
Digitalis lanata sp (Cafe Creme)	✧	200sd	3.50	1M @	15.15	2 ft; Distinctly different flowers. Pearl-gray speckled with bronze to purple markings set over deep-green foliage.	1900 s/g	✦ Z6
Digitalis obscura ...	✧	1M	3.15	2M @	2.20	16"; Large, tubular, funnel-shaped bells of rusty dark orange to greenish-yellow flowers. Willow-like foliage is grayish green. Classic cottage garden plant good for cutflowers. Sturdy stalks and pods are nice additions to dried arrangements.	2600 s/g	✦ Z5
Digitalis parviflora Chocolat	✧	1M	4.20	2M @	3.60	30"; Reddish-brown graceful, flower spikes blooming above narrow, evergreen leaves with white veins.	2200 s/g	✦ Z3
Digitalis purpurea Alba	✧	1M	3.15	2M @	2.30	3 ft; Pure white large flowers. Distinct and elegant in both the garden and floral arrangements.	10000 s/g	✦ Z5
Apricot Beauty		1M	3.15	2M @	2.00	30"; Peachy apricot. Blooms all the way around the spike like Excelsior type. Slightly shorter stem than Excelsior.		
Bondana Mix	✧	200sd	3.25	1M @	12.55	36-40"; FYF. Early flowering mix of pastels. Annual blooming variety that makes a quicker cutflower crop than standard types. Will continue blooming over long season if kept cut. Also nice landscape plant.		
Camelot Series P (F1)	✧	100sd	5.50	1M @	47.25	42" tall, spreading to 30"; FYF. Heavy second year blooming. Hybrid vigor provides reliable germination, more uniform habit and flowers. Secondary spikes provide numerous high quality and strong stems suitable for specialty cutflower programs. Great for annual growers as a season extender in large containers. Colors: Cream, Lavender, Mix, Rose, White.		
Carousel Series		200sd	4.30	1M @	18.50	30"; Large flowers densely packed all the way around the strong spikes make a great color show. Good insect plants. For large pots, centerpiece in combo containers, perennial borders. Worth testing as cutflower in fresh local mkts. Colors: Mix, Primrose, Purple.		
Dalmatian Series P (F1)		100sd	6.00	1M @	51.80	20"; 100% FYF, no vernalization needed. Fastest Digitalis on the market-just 15 to 17 weeks from sowing to sales as early summer annual. Uniform plant height & earliness make programming easy and plants are great as retail endcaps. Colors: Creme, Mix, Peach, Purple, Rose, White (Purple Spots).		
Excelsior	✧	1M	4.30	2M @	3.70	4 ft; Tubular, funnel-shaped flowers in shades of pink, lavender, yellow and white with interior spotting. Blooms are fuller as they are borne symmetrically around spikes.		
Foxy		1M	3.85	2M @	3.30	36"; FYF. 20 weeks from sowing to flower, shades of white, yellow, cream, lavender, rose & red w' marbled markings.		
Gloxiniaeflora	✧	2M	3.15	5M @	1.20	4 ft; Large flowers in a mix of salmon pink, creamy yellow, purple and pink with frilly edged mouth. Many spots in throats. May-June bloom.		
Snow Thimble	✧	1M	4.80	2M @	4.15	35-40"; Unique selection of Foxglove, bearing tall spikes of large, pure white bell-shaped flowers with no spotting on the inside. A real winner in the garden and for cutflower production.		
Digitalis x hybrida Panther ¶P (F1)		100sd	10.65	1M @	91.85	**Formerly "Pink Panther".** 18" spreading 12" gallon, 22" spreading 14" gdn; FYF & needs no vernalization. Vibrant rose pink flowers with speckled throat. Compact, uniform, heavily branching plants produce numerous flower spikes simultaneously. One plant can fill a gallon pot with blooming spikes. Spikes are numerous and bear large, long lasting sterile flowers all around stem. About 13 weeks from sowing to finish. For bedding, pot, gallons, large combo containers. Due to sterile flowers, may be worth testing as cutflower under high tunnel.		✦ Z5
Digitalis x Mertonensis Summer King		1M	3.25	2M @	2.80	30"; Tetraploid. Compact habit, large glowing rose-pink flowers. Well suited as showy centerpiece for container.	3500 s/g	✦ Z3
Digitalis x purpurea Candy Mountain Series	✧	100sd	3.30	1M @	26.35	3-4 ft; Upward-facing flowers packed tight all around cylindrical spikes. Mix includes blue, lavender, yellow and white plus rose. Long blooming. Superb container centerpiece. Hardy biennial. Colors: Mix, Peach, Rose.	14000 s/g	✦ Z4
Dill Bouquet		5M	3.00	10M @	0.45	28"; Feathery soft-green foliage, yellow flr, for flavoring fish or salads. Seed heads used in pickling.	470 s/g	
Compatto		2M	3.95	5M @	1.70	15"; Compact strain with deep green foliage, for containers or gardens. Ornamental, edible & fragrant.

Echinacea purpurea				270 s/g ✂ Z3		
Alan's Pride	✂	100sd 13.95	1M @120.15	**Fleuroselect Novelty 2022** 30" 1st yr, 38" 2nd yr; FYF. Lime green flower petals with green-gold cones. For cutflr, perennial borders, containers. Capable of multi-yr harvests.		
Baby Swan Deep Pink	✂	200sd 4.15	1M @ 17.50	18-20"; Compact, well branched, strain ideal for containers. Broad deep pink petals, copper-coned. Ideal for containers, front of border and cutting.		
Bravado	✂	500sd 4.70	1M @ 8.15	32"; Showy bright rose-purple flowers w' broad horizontal petals, copper-coned. Erect strong stems, garden plant & long lasting, productive cutflower.		
Doubledecker	✂	100sd 6.90	1M @ 59.55	3 ft; Rose flowers on sturdy stems. Second year produces unique twinned to doubled flowers, highly unusual and saleable as novelty cutflower. First season flowers mostly single.		
Feeling Pink		100sd 12.75	1M @109.70	**FSM 2016** 20" spreading 16"; FYF. Medal winning variety, improved in several ways. Flowers are rich pure-pink, no purplish undertone even at young stage, with golden globe shaped cones. Very early, flowering from May til frost. Shorter habit, strongly branched and bushy with abundant flowers. Great commercial appeal, strong landscape performance in containers or knee-high gardens.		
Feeling White		100sd 9.85	1M @ 84.95	16" container, 18" gdn; FYF. Floriferous and compact. Large pure white petals with golden cones. For containers or borders.		
Happy Star	✂	100sd 4.50	1M @ 39.00	**formerly Lucky Star** 40"; Bright white flowers w/ horizontal petals, golden-coned. Upright stems. A sturdy, long-lived variety, vigorous in the landscape. Excellent for cutting & containers.		
Leuchtstern (Bright Star)	✂	500sd 4.45	1M @ 7.65	**Original of Bright Star, Starlight & Starbright.** 3 ft; Downturned petals, large bright rose-purple flower used for cutflower, especially for the cones.		
Mellow Yellows	✂	100sd 14.55	1M @125.50	32"; FYF; Novelty colors including white centers with yellow and light yellow tips, butterscotch, neon orange shades, all with dark golden cones. Sturdy stems. For specialty cutflower, perennial borders, large containers.		
Paradiso Super Duper	✂	100sd 13.95	1M @120.15	24" container, 32" gdn; FYF. First double flowered Echinacea from seed. Doubleness develops progressively as the blooms mature. Several layers of warm lilac pink surround a central tuft of small soft green petals. For perennial containers or specialty cutflower. As a hardy perennial, serveral seasons of cutflower harvest could be expected from each plant.		
PollyNation Mix ApeX	✂	100sd 24.20	1M @208.75	**FastrX** 24" pot, 28" gdn; FYF and very early to bloom, with crop time of only 16-18 weeks. Extra large flrs with intense colors including white, orange-red, yellow & magenta. Vigorously branching habit with strong heat and drought tolerance. For 6-8" pot, premium planters, and borders.		
PowWow White	✂	100sd 16.85	1M @145.35	16-20"; FYF. Unique due to heavy distinct basal branching. Pure white petals, golden-coned. Genetically shorter than competition. No PGRs needed. More flowers per plant than any other seed variety.		
PowWow Wild Berry		100sd 16.85	1M @145.35	**AAS 2011** 16-20"; FYF. Extra flower power. Fast blooming, high bud count, distinct dense basal branching and short internodes. No PGR needed for quart and larger containers. Unique, intense rose flowers, copper-coned centers. Counterpart to 'PowWow White'.		
Prairie Splendor Deep Rose		100sd 3.85	1M @ 33.35	24"; FSM. FYF. More compact & up to 3 weeks earlier than similar varieties w/ extended flowering period. Abundance of large, bright rose flowers w/ copper-coned centers.		
Prairie Splendor Rose Compact		100sd 13.15	1M @112.35	14" container, 16" gdn; FYF. No Vern required. Warm rose pink. Extra early flower time, up to 3 weeks ahead of some competing strains. Extra compact for this plant. Reduced PGR and easier handling in quarts and gallons.		
Primadonna Deep Rose ¶	✂	100sd 3.60	1M @ 31.15	30"; Deep rose colored petals surrounding golden copper cones. Extra large flowers are horizontal creating nice visual effect. Plants are robust, strong stemmed and clump forming. Premium landscape, container & cutflower quality.		
Primadonna White ¶	✂	100sd 3.60	1M @ 31.15	30"; Pure white colored petals surrounding golden copper cones. Extra large flowers are horizontal creating nice visual effect. Plants are robust, strong stemmed and clump forming. Premium landscape, container & cutflower quality.		
Rubinstern (Ruby Star) KL	✂	200sd 3.95	1M @ 17.00	**Jet® Heat. Flash-Heated for more sterile seed-coat** 3 ft; Improved over Magnus for uniformity of horizontal petals and intense deep rose petals.		
White Swan		500sd 3.20	1M @ 5.20	28"; Horizontal white petals, golden-coned centers.		
Wild Type	✂	1M 3.55	2M @ 3.15	4 ft; Purple cone-flower, drooping petals surrounding prominent maroon-coned center.		
Echinacea tennesseensis				250 s/g ✂ Z5		
Rocky Top Hybrids	✂	100sd 4.70	1M @ 40.30	20"; Pink flowers. Stiff petals cup upward and outward to form an appealing curved disc around dark-coned center. Base branching with numerous upright stems and attractive lanceolate foliage. No vern needed. For containers, borders & specialty cuts.

Echinacea x hybrida Artisan Series (F1)		100sd 74.70	1M @644.00	490 s/g ✦ Z4 **Enhanced with PanAm's Amplified process for faster, more uniform germ.** 16" spr 10" pot, 28" spr 25" gdn; FYF. To compete with tissue culture varieties. Artisan is a big breeding breakthrough - first-ever F1 Echinaceas. Uniformity of Artisan F1 is unequalled among seed varieties in the genus. Highly branched, full plants, uniform flowering for bench run shipping. Flower development and color intensity is uniform across the population of each variety. Artisans have been tested in 3-year overwintering trials in zone 5 Chicago area. Bred to compete head-on with tissue culture varieties. For premium early season container programs. Colors: Red Ombre (flrs opens red then progress to softer tones with age), Soft Orange (flrs open deep orange then progress to softer shades with age), Yellow Ombre (flrs intense yellow shading to soft orange, slightly taller).		
Paradiso Dwarf Mix (F1)		100sd 12.60	1M @108.60	16" pot, 20" gdn; FYF. Interspecific crosses blended to provide a broad, unique color range of scarlet, red, yellow, white, salmon, deep rose & soft pink. Earlier than Paradiso. Flower form varies, from downcurved to horizontal, a few with fluted petals. Excellent for container sales from 4" to gallons. Butterfly plants.		
Paradiso Tall Mix	✕	100sd 12.80	1M @110.35	24" pot, 32" gdn; Mostly FYF. Interspecific crosses blended to provide a broad, unique color range of scarlet, red, yellow, white, salmon, deep rose & soft pink. Flower form varies, from downcurved to horizontal, a few with fluted petals. Excellent material for fieldgrown or high-tunnel cutflower crop, or perennial border.		
Paradiso Tall Yellow	✕	100sd 14.25	1M @122.80	24" pot, 32" gdn; FYF. No Vern. Warm, bright yellow petals surround golden cones. Petals sweep out and slightly downward in graceful abundance. Excellent for perennial border, pots, mixed containers and very valuable addition for perennial cutflower growers.		
Echinops bannaticus Blue Glow CS	✕	100sd 9.30	1M @ 80.00	4 ft; Intense blue, stronger color than the usual selection.		
Star Frost KL	✕	100sd 9.80	1M @ 84.55	3 ft; FYF, no vern needed. Pure white ball shaped flrs. Strong stems, dense branching with deep-green basal foliage. For specialty cuts or containers.		
Echinops ritro Globe Thistle Blue CS	✕	200sd 3.20	1M @ 11.35	4 ft; Steel-blue, ball shaped flower heads borne on strong, wiry, erect silvery stems, classic cutflower species.		
Edraianthus tenuifolius Grassy Bells		100sd 4.65	1M @ 40.00	5"; Neat compact plants w' grass-like leaves & deep violet-blue flowers.		
Engelmannia peristenia (pinnatifida) Engleman's Daisy KL		100sd 5.50	1M @ 51.30	20"; Engelman's Daisy. FYF. Intense pure yellow, broad oval petals cupping golden anthers at center. Feathery lobed foliage is silvery green, reminiscent of Dusty Miller, forming an attractive bushy mass below flowers. Bright spot in perennial beds or containers, worth testing as specialty cutflower using close spacing to stretch stems.		
Epilobium angustifolium ...		1M 4.00	2M @ 3.45	44"; Rosebay Willowherb or Fireweed. Lilac rose flowers near top of slender spikes with red buds above and persistent red seed pods below. Willow foliage. Can be used in borders and combo containers with other perennials. Worth testing as specialty cutflower sown directly outdoors in fall for spring bloom.		
Eragrostis abyssinica ... see Eragrostis Tef						
Eragrostis curvula Weeping Love Grass		1M 3.40	2M @ 2.95	**Ornamental Grass** 3 ft; Airy nodding silvery-green panicles move at every breeze above tightly tufted foliage. Mass landscape and large container.		
Eragrostis elliotii Blue Eros	✕	500sd 4.00	1M @ 6.90	**Ornamental Grass** 3 ft; Graceful tuft of blue-green blades topped by airy tan plumes which last into winter, becoming pale wheat color thru fall. Good dry weather plant and durable in containers.		
Eragrostis spectabilis Purple Love Grass KL	✕	500sd 5.50	1M @ 10.00	**Ornamental Grass** 20"; Vivid purple-red flowers in massive cloud over dense green clump. Flowers summer into fall. Striking container plant with color til winter and brilliant filler for specialty cuts.		
Eragrostis tef ...	✕	1M 4.45	2M @ 3.85	**Ornamental Grass** 3 ft container, 4 ft gdn; Elegant spreading panicles up to 2 ft long, nodding or upright. Spikelets quite ornamental, green, white or violet. Raised as a nutritious grain since ancient times in Ethiopia and of interest recently as nutritious, non-celiac grain. Good as fast-growing annual in container, mass landscape or as a productive fieldgrown source or cutflower material for arrangements.		
Eragrostis trichodes ...		1M 3.15	2M @ 2.50	**Ornamental Grass** 5 ft; Flowers form a coppery-orange cloud above basal foliage. Tough and showy for sunny locations.		
Erianthus ravennae Plume Grass KL	✕	200sd 3.60	1M @ 15.55	**Ornamental Grass** 4 ft; White-ribbed foliage, purplish panicles.		
Erigeron karvinskianus Profusion P		500sd 4.20	1M @ 7.25	8"; Trailer for groundcover, baskets or planters. Yellow-eyed white tinged pink, petite daisy-type flowers cover compact, bushy plants.		
Erigeron speciosus Azure Fairy	✕	500sd 3.15	1M @ 4.95	24"; Semidouble, violet petals, golden-eyed, cutflower.		

Blue Beauty	☒	1M	3.15	5M	@	1.90	28"; Attractive semidouble blue flowers, golden-eyed.	350 s/g	✦	Z5
Eriogonum allenii										
Little Rascal KL	☒	100sd	5.40	1M	@	46.75	16"; Broad umbels of brilliant golden flowers smother the top of spreading plant. Rosettes of deep green paddle shaped foliage underlying the flower canopy. Long flowering showy perennial. For showy borders, accent plants, gallons, combo planters.	170 s/g	✦	Z4
Eritrichium canum hybrid										
Baby Blues		100sd	6.00	1M	@	51.90	10" spreading 8"; FYF, no vern needed. Large, brilliant-blue blossoms. Compact habit with dense, medium-green foliage. Short lived perennial growable as an annual. Valuable sub where powdery mildew plagues Myosotis. Eye-catching pot plant.	230 s/g	✦	Z4
Erodium pelargoniflorum										
Sweetheart		100sd	18.15	1M	@	156.50	12"; FYF. Flowers profuse, spotted and ruby-veined over white, highly ornamental. Long bloom season, geranium relative.	180 s/g	✦	Z4
Eryngium alpinum										
Blue Star	☒	100sd	6.95	1M	@	60.00	30"; Deep-blue flowers, robust growth, strong stems. For cutflower or perennial garden.	1100 s/g	✦	Z4
Eryngium leavenworthii										
Purple Sheen	☒	100sd	9.75	1M	@	83.95	30"; Eryngium with fewer and softer spines. Flowers, stems and bracts become vibrant metallic purple late summer. Lightweight wiry stems well suited to drying & shipping. Nice item for specialty cuts.	600 s/g	✦	Z4
Eryngium planum										
Blaukappe	☒	100sd	4.55	1M	@	39.20	2 ft; Large vibrant blue flowers, strong stems, tetraploid.			
Blue Glitter	☒	100sd	10.15	1M	@	87.55	**Fastrax** 36-40"; FSM. FYF. No vern needed. Glistening blue flower sprays with strong silver-blue stems add stature to perennial gardens and long vase life to arrangements. Easy to pack and ship the long stems and multitude of flowers can be used fresh or dried. Will yield cuts year after year.			
Blue Hobbit		100sd	8.40	1M	@	72.50	12"; Compact ball shaped plant, silvery stems and foliage and bright deep-blue globe flower heads. Superb container plant holds color a very long time.			
White Glitter	☒	100sd	10.55	1M	@	91.00	**Fastrax** 36-40"; FYF. Thistle-like foliage & glistening white, pincushion shaped flowers. Sturdy branched stems bear thick lobed blue-green leaves. Excellent, long lasting cutflower for fresh or dried arrangements. Ideal fieldgrown specialty cut.	600 s/g	✦	Z6
Eryngium variifolium										
Miss Marble	☒	100sd	3.95	1M	@	34.15	15"; Glossy deep emerald foliage with brightly white-veined leaf, a striking striped effect. Basal rosette is low and spreading, flowers 2nd year. Cool look for containers.	200 s/g	✦	Z3
Eryngium yuccifolium										
Rattlesnake Master	☒	200sd	3.85	1M	@	16.60	4 ft; Sword shaped leaves like yucca, white flowers good for cutting.	650 s/g		
Erysimum (Cheiranthus)										
Charity Mix		1M	5.20	2M	@	4.50	10"; Excellent subject for fall color. Day-neutral & no vern needed. Dwarf, well branched, for containers, bedding.			
Sugar Rush Series (F1)		100sd	5.40	1M	@	46.75	12" spreading 10"; Bright fall color in as little as 10 weeks from sowing, with no vernalization. Very sweet fragrance. For containers, planters & beds. Mix includes orange, primrose and red as well as listed colors. Colors: Mix (5 colors), Orange, Purple Bicolor, Red, Yellow.	550 s/g	✦	Z7
Erysimum (Cheiranthus) allionii										
Siberian Wallflower		2M	3.25	5M	@	1.40	18"; Hardy, brilliant pure orange for rockery. Blooms April-June.	500 s/g		
Erysimum (Cheiranthus) cheirii										
Fair Lady Mix	☒	1M	5.20	2M	@	4.55	16-18"; Winter hardy types. This mix is mostly pastel and bicolor shades. Honey scented flower spikes in spring. Durable stems and spikes. For knee-high spring borders and fresh-local cutflower, mass landscape.			
Tall Mix	☒	500sd	3.15	1M	@	4.75	18"; Winter hardy types. Honey scented flower spikes in spring. Durable stems and spikes. Mix of Rose, Gold, Ivory, Scarlet-Orange. For knee-high spring borders and fresh-local cutflower, mass landscape.	700 s/g		
Eschscholzia californica (Calif. Poppy)										
Bush Series		1M	5.15	2M	@	4.40	8-10"; Low branching habit, long flower season, tends to produce fibrous roots for easier handling in containers. Colors: Butter, Pink, Rose.			
Copper Pot		500sd	5.50	1M	@	10.20	10"; Brilliant coppery-red shades. Very intense, large flowered, for spring containers with Pansies in the east, all summer on Pacific coast.			
Jelly Beans		1M	4.15	2M	@	3.55	10"; Outstanding color blend is reminiscent of a favorite childhood candy. Gorgeous, fully double blooms perch above compact feathery foliage in a bright mix of oranges, roses, apricot and golden shades. Very attractive in planters and beds.			
Lady Marmelade		500sd	4.15	1M	@	7.15	15"; Semi-double rose-form flowers, an entirely new flower type for this species. Large golden yellow flowers with soft orange centers adorn canopy of plant. For spring bedding in East or summer in West. Also fine in containers. Note: Most strains of California Poppy tend to resent transplant and may be best sown directly to 4" pot.			
Orange King		1M	3.40	2M	@	2.95	14"; Intense orange w' slightly paler reverse, traditional open habit.			
Red Chief		500sd	3.20	1M	@	5.15	10" spreading 10"; Blazing pure red flowers with intense sheen. Vigorous low branching plant fills garden or container quickly. Feathery silver-green foliage. Sow directly to container to allow tap root to develop undisturbed.

Thai Silk Series		500sd 3.20	1M @ 5.40	8-10"; Bushy branching habit, double to semidouble flowers, tends to fibrous rooting which eases transplant. Lovely color tones enhance impulse sales for early spring planters to accompany pansy season. Colors: Apricot Chiffon, Fire, Rose Chiffon, Strawberry Fields, Mix.					
Twister Mix		500sd 4.30	1M @ 7.45	**Fleuroselect Quality Mark** 10"; FYF. Mix of Cream, Light Orange, Light Pink, and Light Yellow colors. Double and semi double blooms with swirling petals and many color patterns of multiple shades. Very striking in beds, borders, large plantings.					
Yukon Gold		1M 3.15	2M @ 2.55	10-12"; Large semidouble bicolor, intense gold with large bright orange zone at center of flower. Ruffly blooms sit just above deep green leathery foliage. For sunny border, landscaping.					
Eucalyptus Boxwood CS	☒	100sd 28.40	1M @244.80	2700 s/g 24"; Fragrant boxwood-like foliage on compact, bushy plant. Excellent filler material for cutflower arrangement. Rounded green leaves are soft to touch yet durable.					
Lemon Bush CS	☒	100sd 18.25	1M @157.35	20 ft; Produces sword-shaped gray-green leaves and tiny white blooms. Wonderful, strong lemony aroma. Makes very nice larger container plant, reaching only 3 to 4 feet if container bound.					
Willow Peppermint	☒	100sd 22.20	1M @191.40	4 ft at harvest time, 9 ft at maturity; Ornamental foliage for filler material. Leaves have broad base tapering to a point at tip. They are attached to the stem in opposite pairs that alternate direction at each node along the stems. Minty aromatic fragrance. Can be used in same way as Silver Drop but with different shape and fragrance. For specialty cutflower production . Also can be grown as container plant for patio.					
Eucalyptus blakelyi	☒	100sd 5.25	1M @ 45.15	1000 s/g ✦ Z8 15-20" in 6 months, then 3-4 ft at 8-9 months for cut foliage; Abundant long, wide teardrop-shaped leaves start copper and age thru tan to olive on slender copper-colored stems. Excellent elegant material for professional cut foliage production and low maintenance house plants. A distinct new look in cut-foliage Eucalyptus.					
Eucalyptus cinerea Silver Dollar Tree CS	☒	100sd 15.65	1M @135.00	1750 s/g ✦ Z9 4 ft at cane stage, up to 20 ft as tree; Round silver-blue juvenile leaves about 1" diam. borne along the length of each stem. For cut foliage production, good source of attractive, aromatic filler material. For cutflower. Suitably cleaned for use by plug and pot growers.					
Eucalyptus globulus StyX	☒	100sd 11.35	1M @ 97.85	1000 s/g ✦ Z8 6-8 ft spreading 32-40"; Large silvery blue leaves with rosy tips on top of canopy. Makes an attractive bushy container in young stage, matures to excellent long-lasting source of cut stems for arrangements and fillers. Fast growing and vigorous with exceptionally productive branching.					
Eucalyptus latens Moon Lagoon	☒	100sd 8.15	1M @ 69.35	750 s/g ✦ Z8 15-20" in 6 months, then 3-4 ft at 8-9 months for cut foliage. Rounded spade-shaped juvenile leaves are silvered blue-green, borne in criss-cross fashion along strong, slender light green stems. Excellent material for professional cut foliage production and low maintenance house plants.					
Eucalyptus parvula Small Leaved Gum	☒	100sd 20.80	1M @179.25	1000 s/g 4 ft canes, 20 ft mature tree; Stunning pale green leaves with lovely aromatic fragrance adorn neat, airy branches. Premium plant for bouquets and fillers.. A preferred commercial species for several reasons: Rapid annual branching, easy pruning, high yielding, cold hardy compared most other eucalypts, strong resistance to pests & disease. Compact, neat leaf. For commercial foliage and small-tree production.					
Eucalyptus populnea	☒	100sd 6.45	1M @ 55.75	1000 s/g ✦ Z8 15-20" in 6 months, then 3-4 ft at 8-9 months for cut foliage. Rounded oval leaves start brownish copper and age to deep dusty-olive along strong, slender mahogany stems. Excellent material for professional cut foliage production and low maintenance house plants.					
Eucalyptus pulverulenta Baby Blue Bouquet	☒	100sd 10.00	1M @ 86.00	1100 s/g 20-60" at various stages; True cutflower type with uniform shoots and classic leaf structure. Small silver-gray leaves spiral around graceful gray stems and appear to clasp the stem, presenting a wonderful architectural look. Habit lends itself to cutflower production. Benary's germ standard is 85%+ and all lots are tested to eliminate off-types. Crop time 15-18 weeks. For professional cutflower or premium container.					
Baby Blue Spiral	☒	100sd 14.55	1M @125.50	18" container, 38" gdn; Bluish foliage clasped around silver gray stems. Very fragrant foliage. For patio containers or as houseplant from 4" to gallon. Older plants can be planted out in mild climates to become a small tree whose stems can be used as florist material.					
Eucalyptus tetragona Tallerack	☒	100sd 39.90	1M @344.15	750 s/g ✦ Z8 15-20" in 6 months, then 3-4 ft at 8-9 months for cut foliage. Oval juvenile leaves are blue-green with distinct silver veins and silver stems, borne in curvy whorls along silvery-green stems. Excellent material for professional cut foliage production and low maintenance house plants. A distinct new look in cut-foliage Eucalyptus.					

Eucalyptus websteriana					800 s/g	✦	Z8
☺ Dainty Mallee	✂	100sd	7.70	1M @ 66.40	15-20" in 6 months, then 3-4 ft at 8-9 months for cut foliage. Abundant, distinctly heart-shaped leaves start silver and age to deepest green. Slender stems start silver and age to mahogany. Excellent elegant material for professional cut foliage production and low maintenance house plants. A distinct new look in cut-foliage Eucalyptus.		
Eupatorium maculatum					3500 s/g	✦	Z5
Joe Pye Weed		2M	3.00	10M @ 0.90	2-6 ft; Large purple panicles, stately architectural plant.		
Euphorbia characias ssp. wulfenii (veneta)					100 s/g	✦	Z6
...		100sd	11.15	1M @ 96.00	14"; Upright stems each bearing a broad cylindrical mass of lemon-lime flowers clustered along most of the stalk. Avoid acid soils. For perennial bedding, combo containers.		
Euphorbia graminea					600 s/g		
Glamour (F1)		100sd	17.70	1M @152.55	15" pot spreading 15", 24" gdn spreading 20"; Knee-high landscaper, forming thousands of tiny, bright white flowers over deep green mounds of foliage. Very durable both in container and ground. Resists hot & dry weather and rebounds quickly from summer storms. For gallons, landscaping or bedding.		
Glitz		100sd	17.70	1M @152.55	10" potted spreading 12", 14" gdn spreading 18"; Performance like the vegetative varieties without the diseases, offering more profit for the grower. Growing from seed puts scheduling under your control. Finished crop in 10-14 weeks. Mounded plants cover over with huge numbers of shiny white flowers. Easy to grow, no pinching needed. For pots, baskets, beds.		
Euphorbia marginata					50 s/g		
Snow on the Mountain	✂	200sd	3.25	1M @ 12.20	42"; Grown as much for its foliage as for its flowers, the small, showy leaves display strong white variegation. Tiny flowers, each with whitish, petal-like bracts appear in clusters atop the stems. Useful in arrangements (sap may cause dermatitis) and borders or for massive summer landscaping.		
Euphorbia myrsinites					80 s/g	✦	Z5
...		100sd	7.45	1M @ 64.15	8"; Evergreen, succulent perennial. It makes sprawling or trailing stems of spiraling gray-blue leaves, with clusters of chartreuse-yellow flowers in the spring months. Great in rock gardens, rock walls and worth trying in combo containers.		
Euphorbia palustris					380 s/g	✦	Z4
Zauberflote		100sd	3.25	1M @ 23.45	16"; FYF. Spreading plant with numerous yellow flower clusters. Germ benefits from chilling seed.		
Euphorbia polychroma					280 s/g	✦	Z4
...		200sd	3.20	1M @ 11.35	16"; Bright yellow bracts April-May, crimson foliage in fall.		
Eustoma ... see Lisianthus Exacum							
Royal Dane Series P		100sd	9.00	1M @ 77.60	5" spreading 10"; Easy adaptable pot crop with bright green foliage and numerous, durable, sweetly fragrant 1" flowers across the canopy. Flat mounded habit fills pots quickly. Can be produced in 10-12 weeks from spring and summer sowings. Sell from spring to fall in pots ranging from 2.5" to 6". Colors: Deep Blue, White.		
Fenugreek (Trigonella foenum graecum)					70 s/g	✦	
...		500sd	3.20	1M @ 5.40	15-18"; Herb with clover-like deep-green foliage. Pleasantly fragrant seed used for flavoring many ethnic dishes. Also one of the oldest recorded medicinal herbs.		
Festuca amethystina					1600 s/g	✦	Z4
...		1M	4.65	2M @ 4.00	**Ornamental Grass** 12"; One of the finest textured fescues available with its blue-green, hair-like foliage dancing in the breeze. Name comes from the amethyst-purple color of panicles.		
Festuca glauca					1000 s/g	✦	Z4
...		500sd	3.30	1M @ 5.65	**Ornamental Grass** 16"; Glaucous Fescue. Blue green leaves, open panicles with blue green to yellowish brown spikelets. Clump forming habit. Requires vernalization.		
Elijah Blue		100sd	4.00	1M @ 34.65	**Ornamental Grass** 6" pot, 10" gdn; FYF. Attractive upright silver-blue leaves, very fine threadlike texture. Excellent container perennial.		
Festina MP		100sd	12.35	1M @106.45	**ColorGrass™** 6" pot, 10" gdn spreading 10"; Dense, compact tufts of blue-green foliage. Blooms well in pot, very hardy. Good for both landscape and container.		
Festuca valesiaca Glauantha					1300 s/g	✦	Z4
Buddy		100sd	3.40	1M @ 29.20	**Ornamental Grass** 12" pot, 20" gdn or lg container; Forms dense blue-green clumps capped from spring to summer w/ a bouffant of fine hair-like straw colored plumes. Color interest from early sales stage stages onward til frost. Choice perennial grass for containers, combo planters, beds & borders.		
Filipendula hexapetala (vulgaris)					800 s/g	✦	Z3
...	✂	1M	3.50	2M @ 3.00	18"; Clusters of tiny white fragrant flowers make up fluffy plumes over finely textured, ferny foliage.

Flowering Cabbage						360 s/g
Condor Pure White (F1)	✂	100sd 3.50	1M @ 30.15	25-30"; Pure white rosette with soft pink center zone. The white color holds under all common light conditions. Pure deep green outer leaves with white veins provide high contrast. Stems are strong and grow straight up, easily supporting the compact head. Easy to cut and bunch. With crop time around 115 days, Condor is earlier and taller than other leading varieties. For cutflower production from summer to fall, under tunnel or in field depending on local climate.		
Condor Red	✂	100sd 3.50	1M @ 30.15	25-30"; Rose red rosette with deep red center zone. The red color holds under all common light conditions. Pure deep green outer leaves with white veins provide high contrast. Stems are strong and grow straight up, easily supporting the compact head. Easy to cut and bunch. With crop time around 115 days, Condor is earlier and taller than other leading varieties. For cutflower production from summer to fall, under tunnel or in field depending on local climate.		
Crane Series (F1)	✂	100sd 3.30	1M @ 27.15	24-36"; Tightly formed, strongly colored heads with smooth rounded leaves. Heads are compact and a good size for shipping. Long strong stems and excellent vase life provide a very durable and attractive product at retail. Habit is very uniform and upright across the series. For cutflower growers of all types. Excellent for winter bouquets. Cool weather intensifies color. Plant spacing will affect size of flower head. Colors: Bicolor, Mix, Pink, Red, Rose, White.		
Crane Feather Series (F1)	✂	100sd 8.75	1M @ 75.60	24-36"; Feather leafed version of the popular Crane series. Strongly colored heads with Deeply cut feathery leaves. Heads are compact and a good size for shipping. Long strong stems and excellent vase life provide a very durable and attractive product at retail. Habit is very uniform and upright across the series. For cutflower growers of all types. Excellent for winter bouquets. Cool weather intensifies color. Plant spacing will affect size of flower head. Colors: King (White), Mix, Queen (Red).		
Crane Ruffle Series (F1)	✂	100sd 7.55	1M @ 65.25	24-36"; Ruffle leafed version of the popular Crane series. More vigorous than the other Crane series. Strongly colored heads with deeply cut ruffly leaves. Heads are compact and a good size for shipping. Long strong stems and excellent vase life provide a very durable and attractive product at retail. Habit is uniform and upright across the series. For cutflower growers of all types. Excellent for winter bouquets. Cool weather intensifies color. Plant spacing will affect size of flower head. Colors: Bicolor, Mix, Red, Rose, White.		
Dream Series (F1)	✂	100sd 5.50	1M @ 50.35	28"; Tall upright habit with nicely overlapping, compact, round leaves. Center colors very early and remains stable. Suitable as cutflower or bedding plant. Good heat and disease tolerance. Colors: Red, White.		
Elf Carmine (F1)	✂	100sd 5.50	1M @ 49.15	24"-28"; Deep red, coloring earlier than other red varieties. Broad 8" head has deep green surrounding leaves and thickly bunched, overlapping red petals at center. Specialty cutflower.		
Hakuju (F1)	✂	100sd 3.30	1M @ 26.20	24-36" spreading 6"; Single, long stemmed creamy-white rounded head with pink-tinged center. Adds interest and texture to cutflower arrangements.		
Kohju 2 (F1)	✂	100sd 3.30	1M @ 26.20	2 ft; Deep clear carmine-red leaf center. Cutflower type.		
Moon Light (F1)	✂	100sd 6.30	1M @ 54.15	2 ft; Round heads, bright white leaves, with rosy leaf tint in middle for a tricolor look. Colors very early on. Strong and erect lightweight stems. Hardier than most F1 cutflower types.		
Osaka Series (F1)		200sd 3.95	1M @ 17.15	12"; Wavey edged leaves & heads are tight & compact. Colors: Mix, Pink, Red, White.		
Osaka iQ Red	✂	200sd 3.95	1M @ 17.15	5" spreading 11"; Striking color, extra compact needing no PGR, extra early color, late to bolt. Undulated, near-black purple leaves surround bright magenta red central "flower" leaves, which are strongly fringed. Extra early 10-12 week crop time and late bolting provide an early start to a long selling season. Pots, bedding, combo planters.		
Pigeon Series (F1)		100sd 3.30	1M @ 27.50	10"; Compact dwarf plants, round solid heads & slightly waved leaves. Colors: Mix, Purple, Red, Victoria, White.		
Suruga no Hatsuhi (F1)	✂	100sd 3.30	1M @ 26.20	**Culture note: Too-heavy feeding as maturity nears may dull color.** 28"-32"; Central zone is light pink deepening to rose as temp falls. Bright ivory ring around the rose center, all surrounded by deep green. Large 12" heads. For specialty cutflower.		
Flowering Kale						250 s/g
Altair (F1)	✂	100sd 10.70	1M @ 92.20	32-36"; Serrated leaf type with deep purplish red center and deep green surround. Extra tall. Colors up in mid to late season. Very tolerant to cold. (Note: all ornamental brassica should be protected from frost for best ornamental value.)		
Black Angel (F1)	✂	100sd 15.75	1M @135.65	30-34"; Black fringe leaved flower heads with small rose-tinted zone in center. Strong black stems. Striking cutflower material with good vertical presence for arrangements. Makes a strong statement if several stems are used as dominant element in vase.		
Black Leaf (F1)	✂	100sd 10.70	1M @ 92.20	30-34"; Cutflower type with near-black, purple-bronze leaves and dark bronze stems. Large round-leaf heads. Extremely cold tolerant. For high tunnel production, fall, winter, or spring. Worth testing as fieldgrown crop.		
Crystal Series		100sd 6.20	1M @ 53.45	6" pot, 10" gdn; Shiny leaf type, the first ever in a compact pot type Brassica. Features high gloss foliage. Outer leaves are very deep green. Red's central "flower" leaves are deep purplish red. Snow's center is clean white with a delicate pink zone in the middle. Robust and vigorous grower. For fall to early winter gdns & containers. Colors: Red, Snow.		

Elegance (F1)	✂	100sd	9.95	1M @	85.90	32-36"; Unique coloration - black stem and red-centered head with black surrounding leaves, very cool for eye-catching market appeal. Professional cutflower quality, for high tunnel in winter. Mid-early with avg cold tolerance.
Empire Series (F1)	✂	100sd	9.15	1M @	78.15	32"; Includes varieties with several leaf types, including fringed, crenulated, marbled, and elongated shapes. Stylish appearance. Improved tolerance to Alternaria and other fungi. Also shown in tests at Dutch research institute to carry markedly reduced bacteria, which enhanced shelf life and reduces odor. Excellent keeper in transit and long vase life. For greenhouse, tunnel, open field production depending on season. Low finishing temps needed as harvest nears to color up well. Colors: Anna (Soft rose smooth leaves), Bogdana (Rosy red fringed leaves), Boika (Rosy fringed leaves), Ksenia (Pink crenulated leaves), Luba (salmon rose heart marbled wrappers), Olga (purple rose elongated), Selena (Cream center rose heart), Sofia (Cream center deep green leaves), Tekla (Red center deep green crenulated leaves).
Flare Series (F1)	✂	100sd	9.90	1M @	85.45	30-38" depending on space and light; Large airy open heads with pure white undulated central leaves, with graceful waving edges. Base leaves are deep green. Heads are a good size for shipping. Long strong stems and excellent vase life provide a very durable and attractive product. For cutflower growers of all types. Excellent for winter and bridal bouquets and well suited to dying in a range of colors. Plant spacing will affect size of flower head. Netting recommended. Colors: Rose, White.
Glamour Red (F1)		100sd	12.55	1M @	108.15	**AAS Winner 2011** 8" pot, 12" gdn; AAS. A true breeding breakthrough. The first "shiny" flowering kale. Unique, non-waxy, glossy leaves & vivid, purple-red color add brilliance wherever it is used. Colors up in cool weather, ranging 55°-60°F.
Kamome Series (F1)		100sd	3.25	1M @	21.50	12"; Fringed leaf, dwarf. Colors: Mix, Pink (warm rose center), Red (red ctr & dark purplish fringe), White (lighter green outer leaves).
Lady Series (F1)	✂	100sd	12.25	1M @	105.50	36"; Fringe leaf type with unusual warm colors at center, all with deep green surround. Extra tall. Colors up in mid to late season. Very tolerant to cold. (Note: all ornamental brassica should be protected from frost for best ornamental value.) Colors: First Lady (luminous red ctr), Peach Lady (soft peach blossom ctr), White Lady (Ivory ctr).
Lucir F1 Series (F1)	✂	100sd	9.15	1M @	78.50	24-35"; Very unique Brassica with glossy green leaves. Waxless, glossy leaves show better color contrast to the center color. Beautiful color, texture & long lasting in floral designs. Colors: Rose, White.
Maribor (F1)		100sd	3.80	1M @	32.60	12-15"; Visually unique. Beautiful contrast of ruffled, bluish-green foliage, with bright pinkish-purple leaf veins and a broad zone of luminous magenta-rose leaves at center. Robust plant reaching 15" at maturity, spreading to 15" in spiral whorls. Easy to grow, edible ornamental.
Nagoya Series (F1)		200sd	3.95	1M @	17.15	**Same as Emperor Series** 12"; Fringe leaved. Colors: Mix, Red, Rose, White.
Party Red (F1)		100sd	4.60	1M @	39.60	8" spreading 10"; Compact variety for both pot and bedding plants. Smaller with more rounded, less frilly leaves. Dark-green outer foliage with purple-red centers.
Peacock Series (F1)		100sd	4.15	1M @	34.90	12"; Feather leaf, dwarf. Colors: Mix, Red, White.
Song Bird Series (F1)		100sd	3.30	1M @	28.00	6" pot, 10" gdn; More compact and upright for better rain drainage than other series. Ring of dark-green surrounds the colorful central rosette for high contrast. Nice for bedding, 4" pots & planters. Colors: Mix, Pink, Red, White.
White Bloom (F1)		100sd	4.60	1M @	39.60	12" spreading 12"; Tightly-fringed, bright-white centers exhibit high contrast against dark green outer leaves. Very cold hardy for outdoor beds and containers.
Yokohama Series (F1)		200sd	3.95	1M @	17.15	5-7" spreading 8"; Extravagant extra curly fringed foliage. Very slow to bolt and very cold tolerant, providing longer and stronger garden performance. Well adapted to a wide range of container sizes. Colors: Mix, Red.
Flowering Kale Edible Ornamental ... see Kale						
Foeniculum vulgare						
☺ Dragon Fennel (F1)		100sd	3.25	1M @	21.60	185 s/g ✦ Z6 2ft; 65-70 days from sowing to harvest. Thick, fleshy, 4-5" bright white bulbs and healthy deep green tops. Highly bolt tolerant and holds well in garden conditions into late season, providing possibility for continuous harvest. Successful in trials across all North American regions from Georgia to California to Quebec. Best sub for Antares when needed.
Florence Fennel		5M	3.50	10M @	0.60	30"; Enlarged leaf bases, celery like with distinctive anise flavor.
Smokey Fennel		200sd	3.20	1M @	11.35	4 ft; "Bronze Leaf Fennel". Both flowers & ferny foliage are bronze-tinged, very attractive, w/ aromatic nature characteristic of the species.
Fragaria ananassa						
Delizz (F1)		100sd	39.80	1M @	343.20	1526 s/g ✦ Z7 **AAS National Winner 2016** 4" at first fruit, 10" mature in gdn; Easy to sleeve and can be shipped and sold with fruit ready to pick. Large 1.5" round oval deep red fruit is borne upright above bushy, tightly branched, deep green foliage. Very sweet. Day neutral for easy fruitset all summer. Blooms & bears in 3-5 months from sowing. AAS trials reported an avg yield of 45 fruits per plant over the season.
Elan (F1)		100sd	37.30	1M @	321.50	8" trailing to 12"; Day-neutral. Extra sweet fruit June to October. Shiny bright red berries, with classic bi-conical shape of commercial types. White flowers. Tested 30+% more Vitamin C vs. others. Runners fill baskets, planters and beds.

Mesa Series (F1)		100sd 8.45	1M @ 73.00	15" spreading 20"; FYF, no vern needed. Bright, non-fading pure "Yellow" is the only one of its type. "Bright Bicolor" matches habit but with extra large clean scarlet ctr. Drought tolerant with long flowering season. Well branched, compact & early blooming. Low habit does not flop over. Top container & landscape. Colors: Bright Bicolor, Mix, Peach, Yellow (AAS & FSM).		
Gaultheria procumbens ...		500sd 4.85	1M @ 8.40	6"; Wintergreen groundcover, pale pink flowers. Heavy set of large brilliant red berries.		4700 s/g ⬆ Z5
Redwood KL		200sd 3.30	1M @ 14.20	**Jet® Heat. Flash-Heated for more sterile seed-coat** 6"; Soft pink bell flowers followed by persistent brilliant red berries clustered all about the plant. Grows well and fruits heavily. Foliage is deep green, glossy, with attractive evergreen boxwood shaped leaves. Borders and containers.		
Gaura lindheimeri Sparkle White		100sd 8.85	1M @ 76.40	**2014 FSM** 12" pot spreading 24", 24" gdn spreading 20"; FYF. Early blooming and floriferous, branching thickly without pinching. Long blooming & drought tolerant plant. Flowers profusely. For bedding and container use.		70 s/g ⬆ Z5
Summer Breeze	✂	100sd 8.30	1M @ 71.65	30-48"; More winter hardy, robust selection of the native species, displaying a more upright and sturdy habit. Flowers are enclosed in pink-tinted buds before opening pure white with pink stamen filaments. Heavy bloomer all summer. FYF with early sowing. Excellent garden and cutflower.		
The Bride	✂	100sd 3.40	1M @ 29.15	32-40"; Graceful & durable perennial used as cutflower & tolerant of drought conditions. White flowers borne on wiry stems.		
Gazania Big Kiss Series (F1)		100sd 7.60	1M @ 65.45	10-12"; Extra large 4.5" blooms provide standout sales appeal. Genetically compact, bushy plants need no PGRs. Develops strong flower stems that support the extra flower size without flopping. High bud count. Heat & drought tolerant. Colors: Mix, Orange, Red, White, White Flame, Yellow, Yellow Flame.		600 s/g
Enorma Mix		100sd 4.95	1M @ 42.80	12" spreading 15". Tetra-type vigor. Produces loads of enormous 4-5" thick petalled flowers on strong stems, both ringed and solid colors. Unique bushy foliage, glossy dark green, waxy and fuzzless, sheds water and helps fend off the entry of disease. Mostly small pinnate leaves, with very few and reduced strap leaves, allows plant to be bunched, sleeved and shipped with greater ease. Rings are greenish bronze in high contrast, reminiscent of the old 'Sushine' type. Containers, Bedding, Landscape. Top performance as winter bloomer in sunbelt areas.		
Gazoo Formula Mix		100sd 4.00	1M @ 34.35	10"; Unique, non-striped, extra large flowers. Ideally suited for pot or patio planters. Eye-catching bold colors atop strong stems & vigorous plants make an ideal landscape plant.		
Kiss Series (F1)		100sd 4.60	1M @ 39.85	8-10"; Mounded plant habit w' short stem & large daisy like flowers. Recommended for 4-6" pot sales. Colors: Flame Mix, Frosty Flame Mix, Frosty Mix, Frosty Orange Flame, Frosty Red, Frosty White Flame, Frosty Yellow, Golden Flame, Mix, Orange, Rose, White, Yellow Flame.		
New Day Series C (F1)		100sd 4.25	1M @ 36.75	10" spreading 8"; Larger flowers and brighter colors load up on compact plants. Short stems & strong flower colors hold up better at retail. Drought tolerant plants are great for landscape and containers. Colors: Bronze, Clear Orange, Mix, Pink Shades, Red Shades, Red Stripe, Rose Stripe, White, Yellow.		
Solero Mix		100sd 8.15	1M @ 70.15	10-14"; Huge flowers with broad overlapping petals, bold central rings of a various contrasting colors, and golden to chocolate centers. Upright habit. Good for bedding, containers and bowls. Crop time about 10-12 weeks from potting.		
Sunshine Mix CS		200sd 3.25	1M @ 13.70	12"; Tetraploid, large flowered mix, complete color range w' multicolors & windows.		
Talent Series CS		100sd 3.25	1M @ 21.70	10"; Beautiful, soft cushions of fine toothed silvery foliage make a showy backdrop for the bright and colorful 3" blooms. Colors: Mix, Orange, Red Shades, Rose, White (White on White very classy), Yellow.		
Gentiana cruciata Blue Cross ¶	✂	200sd 3.25	1M @ 13.45	**Gold Nugget enhanced for faster, more reliable germ, 2-3 weeks. ** 12" plant w' 12" flr stems; Rich deep blue flowers cluster along the length of sturdy upright stems. Thick petal texture. Glossy bright green foliage.		5500 s/g ⬆ Z3
Gentiana paradoxa hybrida Blue Herald		500sd 5.45	1M @ 9.35	6" spreading 12"; Admired for its rich display of deep-blue flowers in late summer and fall. The deep-green foliage with mounding habit bears large, up-facing trumpet flowers over long growing period. Excellent border plant, also ideal for containers and rock gardens.		9800 s/g ⬆ Z3
Geranium BullsEye Series C (F1)		100sd 13.55	1M @ 116.70	12" pot, 14" gdn; Reverse zoned chocolate foliage with green-edged leaf ring. Color all season, even before flowering. 1 week later than Maverick with similar flower and habit. Colors: Cherry, Light Pink, Mix, Red, Salmon, Scarlet.		230 s/g
Landscaper Red (Moulin Rouge) F (F1)		100sd 13.00	1M @ 112.15	14" spreading 16"; Brilliant classic fire engine red. Robust, strongly branched habit. Strong extra large round flowerheads. Stunning in landscaping & large containers.		
Maverick Series C (F1)		100sd 12.70	1M @ 109.55	14"; Early w' open plant habit & multiple flower stems. Crop time 13-14 weeks. Colors: Appleblossom, Coral, Mix, Orange, Pink, Quicksilver, Red, Rose, Salmon, Scarlet, Scarlet Picotee, Star, Violet, White.

Multibloom Series C (F1)	100sd	9.85	1M @ 83.70	12"; Compact, early, long season flowering. Crop time 10-12 weeks. "CZ" colors have center zone like BullsEye series. Colors: Lavender, Mix, Red, Violet, White.		
Nano Mix (F1)	100sd	19.15	1M @164.80	5" spreading 6" pot, 9" spreading 9" gdn; Genetic dwarf breakthrough, no PGR required. Non-stretching habit, profuse & extra early bloom with large flowers. These traits translated to easy, profitable production and strong appeal at retail. Excellent for container and bedding, for growers large and small.		
Night Series (F1)	100sd	20.50	1M @176.90	12" spreading 12"; Highly decorative chocolate maroon foliage with narrow bright green border. Densely branched with small refined leaves and numerous large 5" diam flower heads rising above foliage. Highly resilient, thrives in full sun. Good for constant color appeal from earliest stages of growth onward. Colors: Mix, Rose, Salmon, Scarlet, Violet.		
Pinto Premium Series C (F1)	100sd	12.70	1M @109.55	12" spreading 12"; Selected colors for uniformity of earliness and habit. Great for bench-run production. Improved branching with larger flowers and shorter flower stems are easy to ship and hold up better at retail. Colors: Coral, Deep Red, Deep Rose, Lavender, Lavender Rose, Mix, Orange, Orange Bicolor, Rose Bicolor, Salmon, Salmon Splash, Scarlet, Violet, White, White to Rose (AAS).		
Quantum Mix C (F1)	100sd	15.15	1M @129.70	12" pot, 16" gdn; Star shaped flowers form large 4-5" clusters over tidy compact spreading basal foliage. Leaves are serrated and cupped with nice bronze zone. Outstanding heat tolerance and reduced petal shattering for long period of concentrated color. For bedding and containers.		
Geranium Ivy Leaf (x peltatum)				200 s/g		
Reach Out Series (F1)	100sd	33.70	1M @290.30	6-8" spreading 10-14"; A new advance in Ivy Leaf from seed. Early flowering, with short internodes and compact branching. Easier to produce, stems don't get tangled up in trays, for better bench run product. Flowers cover the entire canopy from all angles for high retail appeal. Advanced performance in landscape, container & basket. Colors: Formula Mix (6 colors), Red.		
Tornado Series (F1)	100sd	33.85	1M @292.00	8-10"; Economical seed alternative for ivy geranium production. No pinching or PGRs needed, naturally trailing and free flowering w/ excellent lateral branching. Colors: Bicolor Duet, Fuchsia, Lilac, Mix, Red, Rose, White.		
Geranium pratense				125 s/g ⬆ Z4		
Striatum (Splish Splash)	100sd	22.45	1M @193.50	18"; Bushy plants produce many flowers with blue splashes and stripes on pure white petals giving a tie-dyed look.		
Geranium sanguineum				90 s/g ⬆ Z3		
Vision Series Apex	100sd	14.20	1M @122.25	14"; Saucer shaped flowers with deep-green leaves turning to red foliage in fall or when dried. Colors: Pink, Violet.		
Gerbera				110 s/g		
Bengal Series C (F1)	100sd	29.85	1M @255.95	10-12"; More robust than 'Jaguar' series, but from the same breeding program, so it's similar in other traits. Very uniform in color, bloom time and size, with thick flower stems holding large bloom above foliage. For quarts to gallon container and more robust when used in landscape. Colors: Best Buy Bright Mix, Complete Mix, Red with Eye, Rose with Eye, Yellow with Eye.		
California Giants Mix	100sd	6.60	1M @ 56.80	18"; Long stems, bright mix. Old fashioned type for knee-hi bedding or informal cutflower work. Economical.		
Cartwheel Series (F1)	100sd	33.15	1M @283.15	16-18" spreading 12-16"; Large, semi-double flowers capture retail attention. Distinctive flower form and vigorous habit are ideal for 5" and larger premium pot crop programs. Colors: Autumn Colors, Strawberry Twist.		
ColorBloom Series C (F1)	100sd	30.60	1M @263.65	5" spreading 7"; Improved series with eye-popping bicolors, greater uniformity in habit & timing, and up to 10 days earlier bloom. For premium quart container sales. Colors: Bicolor Orange Yellow, Bicolor Red White, Cherry with Light Eye, Mix (5 colors), Yellow with Dark Eye.		
Elephant Scarlet (F1)	100sd	33.25	1M @286.55	16-18" spreading 12-16"; Super-huge flowers are held high on sturdy, thick stems above robust, beefy plants. Easy, more economical alternative to tissue-culture liners. Easily ships with no broken stems during transport or merchandising. Unique item for growers who want to differentiate.		
Jaguar Series C (F1)	100sd	27.20	1M @234.60	8-10"; Very uniform in color, bloom time and size. Short, thick flower stems and a space-saving footprint simplify production and shipping. Real show-stopper at retail as plants display 3-5 blooms at first flush. For 4-6" pots. Mix includes 15 colors. Colors: Mix, Salsa Mix, Scarlet, Spring Time Mix.		
Majorette Mix	100sd	26.15	1M @224.95	8-10" spreading 10-12"; Extreme uniformity of timing, flower form, habit and high bud count. For bench run crop in quarts or larger combo planters. Slick-Coat Seed for easy handling.		
Mega Revolution Series C (F1)	100sd	30.60	1M @263.65	11-16"; Quick crop time makes for high density production. Very uniform, early pot type specially bred for large containers. Nice bushy plants with extremely large flowers. Colors: Deep Rose with Light Eye, Mix, Rose Green Centre.		
Revolution Series C (F1)	100sd	29.70	1M @254.50	12"; Large flowered pot type, multi-budded, early, with good uniformity for timing and habit. Broad range of 11 colors. Colors: Bicolor Mix, Bicolor Red Lemon, Bicolor Red White, Bicolor Rose White, Bicolor Yellow Orange, Orange Light Eye, Red Light Eye, Salmon Shades with Light Eye, Select Mix, White Light Eye, Yellow with Light Eye.		
Royal Mix F (F1)	100sd	26.35	1M @221.15	10" spreading 10"; Compact pot Gerbera very uniform bloom time & short foliage.		
Geum chiloense				500 s/g ⬆ Z4		
Blazing Sunset (Red Dragon)	100sd	25.45	1M @219.60	24"; FYF. Earlier & significantly larger flowers, more vigor in early growth stages. Double, brilliant scarlet. Border or cutflower.		

Lady Stratheden XRUB	✂	200sd	3.25	1M	@	13.35	24"; Bright yellow double flowers.
Mrs. Bradshaw		1M	3.20	2M	@	2.75	24"; Vivid red double flowers.
Mrs. Bradshaw XRUB		500sd	3.20	1M	@	5.55	
Geum coccineum							650 s/g ✂ Z4
Borisii		100sd	5.15	1M	@	44.30	15"; Deep orange flowers. Germ benefits from stratification.
Koi ApeX		100sd	4.15	1M	@	35.15	**ApeX** 8-10"; FYF, no vernalization needed. Many bright orange flowers stand out over a compact mound of glossy, green foliage. Long blooming time promotes impulse sales. Ideal for perennial beds, borders and combo containers.
Gloxinia							
Avanti Mix P (F1)		100sd	9.35	1M	@	80.40	8"; Large flowers of good substance, compact branching w' high bud count & short leaves. Dwarf for 4 to 6" pot. Mix is 7 colors.

☺ Desert Sun (F1)	✂	100sd	6.50	1M	@ 56.15	6'; Pollen free. Bicolor maroon flowers with outer ring of bright buttery yellow petals and large maroon centers. Large flowers borne on tall strong stems of branching plants. For specialty cutflower or tall garden.
Double Delight	✂	100sd	13.55	1M	@116.95	4-5 ft; Large double crested golden orange flowers, 5"-5.5" diam. with green disc and upright neck. Good shelf life at 13-15 days. Good for spring to summer sowing for summer-fall harvest.
Double Quick Orange	✂	100sd	4.15	1M	@ 35.90	5 ft; Double orange, 5" sunburst, distinctly green-centered. Single stemmed, pollen free. Maturity 65 days, early for a double.
Firecracker		100sd	3.95	1M	@ 33.85	24-36"; Dwarf bicolor, single. Mahogany-red, yellow-tipped petals. Dark-disked. 4-5" flowers on branching plants. Superb plant for early pot use. Excellent in borders. Pollen free.
Full Sun Improved	✂	100sd	3.80	1M	@ 32.70	5 ft; Pollen free. Improved for earlier bloom, shorter & stronger stems. Day neutral. Ideal for winter production. Gold petals, dark-disked.
Harlequin (F1)	✂	100sd	5.30	1M	@ 45.55	4-6 ft; A blend of pollen free, richly colored bicolor types for specialty fieldgrown production and sales for mixed bouquets.
Infrared	✂	100sd	3.25	1M	@ 23.45	6 ft; Mix of tall pollen free red shades from mahogany to pastel & bicolor.
Luxor Golden	✂	100sd	13.55	1M	@116.95	4-5 ft; Pure bright golden yellow flowers 5"-5.5" diam. with broad overlapping petals about .8"-1" wide, dark disc & upright neck. Good shelf life at 14-16 days. Strong .5" diam. stems. Can be used for fall to winter sowing in frost-free areas.
Luxor Tangy	✂	100sd	13.55	1M	@116.95	4-5 ft; Replaces Luxor Orange. Bright tangerine orange flowers 5"-5.5" diam. with broad overlapping petals about .8"-1" wide, dark disc & upright neck. Good shelf life at 14-16 days. Strong .5" diam. stems. Good for fall to winter sowing in frost-free areas.
Magic Orange (F1)	✂	100sd	13.55	1M	@116.95	4 ft; Pollen free, single-stemmed. 5"-5.5" flowers. Orange with dark center, broad overlapping petals. Upright neck. Strong stems are .5" diam. Professional cutflower. Shelf life 13-15 days. Sow March to August.
Mezzula (F1)	✂	100sd	6.15	1M	@ 52.50	30"; Golden-yellow petals with pollen free brown-centered disk. Excellent cut, but shorter stem than most. Nice hedge plant for garden.
Orange Mahogany Bicolor (F1)	✂	100sd	5.25	1M	@ 45.15	5 ft; Pollen free 5" flowers, rich orange, yellow-tipped w' mahogany-disked center. Single stem type for commercial cutflower production.
Premier Lemon	✂	100sd	5.00	1M	@ 42.95	28-36"; Pollen free, extra early, nonbranching. Bright pure yellow. For professional cutflower. Blooms 40-50 days from seed.
Premier Light Yellow	✂	100sd	5.00	1M	@ 42.95	28-36"; Pollen free, extra early, nonbranching, light-yellow. For professional cutflower. Blooms 40-50 days from seed.
Premier Orange	✂	100sd	5.00	1M	@ 42.95	28-36"; Pollen free, extra early, nonbranching plants w' glowing orange blooms & dark disc. Professional cutflower. Blooms 40-50 days from seed.
Pro Cut Series	✂	100sd	3.55	1M	@ 30.65	5 ft; Single stemmed, pollen free, day-neutral with outstanding early maturity in 55 days; highly commercial. Black-seeded type less likely eaten by crows in the field. 3 to 4 inch flowers. Most of the Pro Cut's have dark centers. Lite varieties have light colored, green-gold centers. DMR varieties have resistance to Downy Mildew. Pro Cut's are a market leader in their class. Colors: Bicolor (mahogany w' yellow tips), Bicolor DMR, Brilliance, Gold Lite DMR, Horizon (upfacing), Lemon, Mix, Orange (50 days), Orange DMR, Orange Excel (upfacing blooms 5 days earlier), Peach, Plum (priced separately), Red (priced separately), Red&Lemon Bicolor, White Lite (priced separately), White Nite (priced separately).
Pro Cut Plum	✂	100sd	4.25	1M	@ 36.60	5 ft; Broad plum-red inner band surrounded by paler outer ring. As the flower matures, the plum band fades to rich rosy plum shade and the outer ring fades to an attractive buff color. Otherwise like 'Pro Cut' series.
Pro Cut Red	✂	100sd	4.25	1M	@ 36.60	5 ft; Fits Pro Cut series except for price.
Pro Cut White Lite	✂	100sd	5.15	1M	@ 44.20	5-6 ft; Pollen free, single stem. Near white, palest yellow petals, broad and overlapping, surround a bright, light green-gold central disc. Strong stems. Note: To avoid rain and insect damage, grow under high hoop or, if in field, harvest at earlier stage and allow to open up in protected area. For specialty cutflower, fieldgrown or high hoop.
Pro Cut White Nite	✂	100sd	5.15	1M	@ 44.20	5 ft; Near-white petals of palest yellow with deep black centers in striking contrast. Fits perfectly in the famous Pro Cut series. Single stemmed, pollen free, day-neutral with outstanding early maturity in 55 days; highly commercial. Black-seeded type less likely eaten by crows in the field. 3 to 4 inch flowers with black centers and broad overlapping petals.
☺ Reggae Marley (F1)	✂	100sd	3.95	1M	@ 33.85	48-60"; Unique color combo of purple petals with dark mahogany centers surrounded by an outer ring of bright cream around the flower edges in extreme contrast. F1 pollen-free cutflower with 5"-6" diam flrs. For cutflower production.
☺ Reggae Ziggy (F1)	✂	100sd	3.95	1M	@ 33.85	48"-60"; Unique color combo of warm light copper-brown petals with dark mahogany centers surrounded by an outer ring of gold around the flower edges in extreme contrast. A lovely color combo. F1 pollen-free cutflower with 5"-6" diam flrs. For cutflower production.
Rouge Royale (Moulin Rouge)	✂	100sd	3.25	1M	@ 24.85	6 ft; Pollen free branching type. Dark red flowers.
Royal Flush	✂	100sd	3.25	1M	@ 24.85	6 ft; Pollen free branching type. Mixed red, red&yellow, Maroon & yellow plus others. 4-5" diam. blooms about 60 days. For cutflower or border.
Ruby (F1)	✂	100sd	5.50	1M	@ 47.80	5-6 ft; Pollen free branching type. Deep ruby flowers very attractive for border or cutting.

Ruby Eclipse	✂	100sd	3.25	1M @ 24.85	**Formerly named Strawberry Blonde** 6 ft; Pollen free branching type for commercial cutflower. 4" flowers, ruby-red bicolor, lemon-tipped, sometimes pink & ivory-tipped. Exotic combination.
ShockO'Lat (F1)	✂	100sd	8.45	1M @ 72.70	6 ft; Pollen-free branching hybrid. 4" flowers, deep-chocolate petals with bright-yellow tips in extra sharp contrast. For specialty cutflower crop or tall showy borders.
Smiley (F1)		100sd	4.80	1M @ 41.55	8" short days in pot, 15" long days in gdn. Genetic dwarf, no PGR needed. Day neutral and very early. Pollenfree early blooming pot type with extremely branching habit. Large Deep yellow flowers with dark centers, 4" diam in pot, 6" in gdn. Broad overlapping petals retain classic shape without petal curl. 8 weeks from sowing to flower.
Smiley Gold (F1)		100sd	6.60	1M @ 56.95	6" short days in pot, 15" long days in gdn. Similar to Smiley but with golden center instead of dark. Genetic dwarf, no PGR needed. Day neutral and very early. Pollenfree early blooming pot type with extremely branching habit. Large deep yellow flowers, 4" diam in pot, 6" in gdn. Broad overlapping petals retain classic shape without petal curl. 8 weeks from sowing to flower.
☺ Solano Double (F1)	✂	100sd	8.25	1M @ 71.25	4ft-6ft; Myriad small petals form a broad fluffy-double ring around green-gold centers. Very quick to grow and bloom compared to other doubles. Very showy. For specialty professional cutflower production. Pollen-free hybrid for long lasting cutflowers.
Solano Gold (F1)	✂	100sd	7.60	1M @ 65.40	40"-72" depending on sowing density; Pollen free. Superbly uniform variety with classic golden yellow flower. Up to 3 multiple layers of pointy petals, golden disk with a distinct, pretty green center. Very tall, strong single stem. Crop 8-11 weeks from sowing. Sow in early spring to midsummer to provide harvest from early spring to late autumn. Small top leaves & long clean stems for ease of harvest. For professional cutflower, open field or ghs.
Solano Orange Early (F1)	✂	100sd	8.45	1M @ 73.15	40"-72" depending on sowing density; Pollen free. 7-10 days earlier with crop time of 7-10 weeks. Up to 3 multiple layers of overlapping, intense orange oval petals, maroon disk with a distinct black center. Sowings in early spring to midsummer provides harvest from early spring to late autumn. Small top leaves & long clean stems for ease of harvest. For professional cutflower, open field or ghs.
Solar Power (F1)	✂	100sd	5.25	1M @ 45.15	5 ft; Pollen free branching type. 8" flowers are bicolor mahogany orange with broad golden rim in sharp contrast. Dark centers. Good production of sprays for professional cutflower. Also for borders.
Solara	✂	100sd	4.20	1M @ 36.15	5 ft; Pollen free. Nonbranching. 6" flowers are rich golden-yellow with dark centers. Excellent cut with long vase-life.
Soleil Lemon (F1)	✂	100sd	12.20	1M @105.00	24" spreading 12"; Pollen free branching type. Lovely soft lemon yellow petals surround green-gold center. 4" diam. Petals are very numerous and overlap in 3-4 layers. Bushy knee-high plants produce numerous flowers in canopy. Very early with a long bloom season. For containers and bedding.
Starburst Panache	✂	100sd	4.15	1M @ 35.90	5 ft; Pollen free branching type. Crested double flowers, bright golden petals, Bright-green ring around maroon-disked center. Bloom diam. 4-5". Matures 55 days. For specialty cuts and borders.
Summer Breeze (F1)	✂	100sd	5.25	1M @ 45.15	5 ft; Early, pollen free, single stem specialty cutflower. Large, gorgeous golden-yellow flowers with lime-green disk. Nice border in the landscape.
Summer Lovin (F1)	✂	100sd	6.30	1M @ 54.40	6'; Pollen free. Creamy yellow with light to dark maroon rings and dark centers. Large flowers borne on tall strong stems of branching plants. For specialty cutflower or tall gdn.
Sunbright	✂	100sd	3.25	1M @ 21.75	5 ft; Cutflower variety, pollen free yellow flowers dark-centered, grows vigorously under low temperature conditions. Strong necks, upward-looking flowers. Excellent shipper. Crop time 7-11 weeks.
Sunbright Supreme	✂	100sd	3.25	1M @ 25.35	5 ft; Cutflower variety, pollen free yellow flowers, dark-centered, grows vigorously under low temperature conditions, earlier than original Sunbright & improved for manageable stem length under long days.
SunBuzz		100sd	9.20	1M @ 79.20	12" spreading 8" small pot, 20" spreading 12" large pot or gdn; Compact pollen free hybrid, branches and reblooms repeatedly for a long season of showy color. Bright yellow overlapping petals. Mid-size dark center. Little or no PGR required for compact salable plant. PGRs promote heaviest branching but less needed than comparable varieties.
SunFill Series	✂	100sd	5.50	1M @ 48.50	5-6 ft; Pollen free. Highly decorative. SunFill produces a thick textured starburst of large pointy sepals radiating from the bud, developing into a 3-4" diam calyx. Petals are sparse and late, hidden under the calyx, until near the end of useable shelf life. Without exposed petals or pollen, problems of rain damage should be reduced. Extremely durable and shippable. Strong exotic novelty appeal. For specialty cutflower, fieldgrown or high hoop. Colors: Green, Purple.
Sunrich Series	✂	100sd	4.40	1M @ 38.15	3-4 ft; Bright colors, pollen free cutflower type, nonbranching, midsize 5-6" flowers. Early & day-neutral with flowering accelerated under short days. 55-70 days from sowing. Colors: Gold (green center), Lemon, Lime, Mix, Orange.
Sunrich DMR Orange	✂	100sd	4.65	1M @ 40.20	4 ft; Resistant to Downy Mildew, the world's first F1 pollen-free sunflower to have this trait. Produces cleaner crops with less chemical use. All other traits are like the original 'Sunrich Orange'. Blooms in 65-85 days from sowing, depending on weather. Suitable for sowing and growing Spring to Summer with long-day conditions.

Sunrich Summer Series (F1)	☒	100sd	4.60	1M	@ 39.75	3-4 ft; Bright colors, pollen free cutflower type, nonbranching, midsize 5-6" flowers. Early & day-neutral. 50-65 days from sowing, 5-10 days earlier than Sunrich. Superior for spring & summer sowing and growing, sustains production better under long-day conditions, with more slender and shorter stems. Colors: Gold, Lemon, Limoncello (vibrant yellow at disk lightening to creamy yellow at tip bicolor petal), Mix, Orange, Provence.			
Suntastic Series		100sd	16.15	1M	@138.45	8" pot, 12" gdn; Pollen free for easy handling. Naturally dwarf and up to 2 weeks earlier than comparisons. The most compact variety in trials. 4" flowers and small leaves. Well branched and floriferous. For pots and bedding. Colors: Yellow with Black Center (AAS), Yellow with Clear Center.			
The Joker	☒	100sd	3.40	1M	@ 29.25	6 ft; Semidouble crested flowers, 4" diameter, bicolor mahogany-red, broad gold-tipped, dark-disked. Pollen free. Branching habit. Maturity 55 days.			
Tiffany	☒	100sd	4.15	1M	@ 34.95	4 ft; Pollen free professional cutflower w' short golden-orange petals, dark-disked.			
Vincent Series	☒	100sd	3.60	1M	@ 31.15	5-6 ft; Pollen-free & day-neutral for year-round production. Short crop cycle, very early at 8-10 weeks. Broad, nicely rounded petals are strongly overlapping, giving the flower a semidouble look. Curved neck holds the flower at 45° angle for optimal color presentation. Small upper leaves for easy shipping & arranging. Professional quality cutflower. Colors: Vincent's Choice (deep orange petals & brown centers), Vincent's Fresh (golden petals & crisp green centers).			
Helianthus debilis						190 s/g			
Lemon Drop	☒	200sd	4.15	1M	@ 17.75	52"; Bright, colorful mix of bicolor yellow shades ranging from intense yellow to soft cream with intense yellow petal base. Contains both golden and dark centers, plus star and oval petal shapes. For sunny borders and fieldgrown specialty cutflowers, producing a ready-made mixed bouquet in one planting.			
Soluna Lemon	☒	200sd	3.55	1M	@ 15.25	40"; New color for this species. Soft but brilliant lemon yellow flowers with broad overlapping petals and black centers in high contrast. 4" bloom size. For specialty fieldgrown cutflower or mass landscape.			
Stella	☒	1M	4.15	2M	@ 3.50	6 ft; 3"-6" Creamy-white flowers with deep-chocolate eyes and somewhat pointed petals. Branches to produce numerous flower stems. Companion type to Pan sunflowers. Easy fieldgrown cut for informal bouquet, also useful border plant for mass landscape.			
Vanilla Ice	☒	1M	4.20	2M	@ 3.60	6ft; 3"-6" Creamy white flowers with deep chocolate eyes and somewhat pointed petals. Branches to produce numerous flower stems. Companion to Pan sunflowers. Easy fieldgrown cut for informal bouquet, also useful border plant for mass landscape.			
Helianthus debilis cucumerifolius						170 s/g			
Italian White	☒	500sd	3.50	1M	@ 6.00	4 ft; Creamy white, dark-disked, 3" diameter. A classic for summer landscapes and good for fieldgrown specialty cuts.			
Helianthus maximiliani						510 s/g ✦ Z4			
Early Bird	☒	100sd	3.30	1M	@ 26.60	30" container, 39" gdn; Improved over species for earlier and longer bloom time and tidier habit. Sweet chocolatey fragrance. Bright golden petals and small bright golden centers. For gallons, perennial borders, combo containers. Worth testing as specialty cutflower. Blooms July-Sept. Flowers first summer from winter sowing.			
Maximilian Sunflower		2M	3.60	5M	@ 1.55	5 ft; Native of western plains, easily adapted to eastern gardens, for large showy golden borders & mass landscape. Dark-eyed.			
Helichrysum bracteatum						1200 s/g			
King Size Series	☒	1M	4.20	2M	@ 3.60	4 ft; Giant strain, extra thick stems & special colors, premium quality for professional cutflower, wonderful fieldgrown specialty. Colors: Bright Rose, Complete Mix, Fireball (Vivid Red), Golden, Lemon, Orange, Purple Red, Silvery Rose, White.			
White	☒	2M	3.95	5M	@ 1.70	4 ft; Large white flowers.

Hyssopus officinalis Sprite Blue	2M	3.50	5M @	1.50	***traditional herb** 18"; Bushy long flowering herb. For borderplant or dryflower.	900 s/g ✦ Z5
Hystrix patula ...	✦ 100sd	4.45	1M @	38.25	**Ornamental Grass** 2 ft; Bottle Brush Grass. Panicles with a distinct array of silvery tan spikelets radiating straight out from the stem, reminiscent of the bottle brush. Valuable for texture and novelty in arrangements and landscape. Foliage is deep green in contrast.	150 s/g ✦ Z4
Iberis amara White Pinnacle	✦ 200sd	3.20	1M @	11.15	18"; Pure white, best tall professional strain for specialty cutflower.	360 s/g
Iberis sempervirens Snow Flurries C	500sd	4.80	1M @	8.30	12"; Extra large white flowers borne 3" above compact finely cut foliage. For perennial bedding, combo containers, 6" pot sales.	450 s/g ✦ Z3
Snowflake	500sd	4.00	1M @	6.85	12"; Large flowered strain, uniform mounded habit. Pure white.	
Whiteout	100sd	3.60	1M @	31.15	6" container, 8" gdn; Improved seed strain, extremely floriferous & uniform for timing and habit. Capable of producing a more even and saleable crop without pinching, and more consistent habit in combo containers & gdn.	
Iberis umbellata Purple Rain	1M	5.00	2M @	4.30	10"; New color! Vibrant umbels of deep purple borne in profusion 3-4" above the canopy of mounded bushy plants. For low borders, planter bowls & other containers, rock garden.	425 s/g ✦
Impatiens Accent Series (F1)	200sd	3.75	1M @	14.35	10"; Early, uniform profuse flowering. Good all around garden performance. Colors: Burgundy, Deep Pink, Red Star, Rose Star, Star Mix.	1707 s/g
Accent Premium Series (F1)	200sd	4.30	1M @	18.60	12" spreading 12"; Chosen for bench-run uniformity of timing and habit. Very tight bloom window within the group. Best choice for program production. Colors: Bright Eye, Deep Orange, Lilac, Mix, Orange Star, Pastel Mix, Pink, Red, Rose, Salmon, Violet, Violet Star, White.	
Athena Series (F1)	100sd	14.20	1M @	122.30	8"; Extremely consistent semidouble flower. Dense branching with spreading habit, covers well in bloom. Bred specifically for strong pack performance. Colors: Appleblossom, Bright Purple, Coral, Mix, Orange Flash, .	
Beacon Series F (F1)	100sd	3.25	1M @	22.65	11" spreading 14"; Highly resistant to Impatiens Downy Mildew (P. obducens). Large 1.25-1.5" flowers. Habit, vigor, timing, flower size and colors are similar to the well known Super Elfin XP. Easy, fast filling color that now lasts all summer again. Colors: Bright Red, Coral, Formula Mix, Lipstick, Orange, Red White Mix, Rose, Salmon, Violet Shades, White.	
Imara XDR Series (F1)	100sd	3.25	1M @	19.90	11" spreading 11"; Resistant to Impatiens Downy Mildew, a boost up the ladder to reclaiming the Impatiens' former status as #1 shade bedder. Bred for high density growing. For packs, pots, bedding, baskets. Colors: Hot! Mix, Mix, Orange, Orange Star, Pink, Purple, Red, Red Star, Rose, Salmon Shades, White.	
Lollipop Series (F1)	200sd	3.85	1M @	16.55	8-10"; Improved vigor and larger flowers with excellent branching, short internode. Very flat habit across the canopy. Covers the ground and cascades neatly for several inches over the edge of baskets. More compact habit vs. 'Accent'. Very abundant flowers all across the plant canopy. Colors: Bubblegum Pink, Cherry Red, Coconut White, Dragon Fruit, Fruit Punch Rose, Maxi Mix (8 colors), Orange, Peach Salmon, Pomegranate Carmine, Raspberry Violet, Tangerine.	
Super Elfin Clear Mix XP (F1)	100sd	3.25	1M @	19.15	9"; Leading dwarf series of bedding Impatiens. 1.25" blooms. "XP" colors are extra tight uniformity for bench run production.	
Xtreme Series (F1)	200sd	4.20	1M @	18.20	8" spreading to 10"; Very commercial. Branches well on bench, stays compact and uniform even at high densities. Extra early, with long shelf life. Colors: Bright Rose, Hot! Mix, Lavender, Lilac, Mix, Orange, Pastel Mix, Pink, Red, Rosy Mix, Salmon, Sapphire Mix, Scarlet, Tango Mix, Utopia Mix, Violet, White.	
Impatiens balsamina ... see Balsam						
Impatiens New Guinea Florific Series (F1)	100sd	6.85	1M @	59.15	8"; Large flat 2" flowers borne flat on top of foliage. Uniform well branched plants. Quick crop time, about 12-14 weeks. Grows well under high density cropping. Not susceptible to DM so can be used as safe alternative where regular Impatiens have had that problem. For jumbo packs & 4" pots. Colors: Lavender, Sweet Orange, Violet, White.	500 s/g

Impatiens x hybrida

Solarscape Series (F1)

100sd 23.85

1M @205.65

10" spreading 18"; Seed grown interspecific crosses with same gdn performance as vegetatives, without the royalties. Thrives in both full sun and shade. Vibrant glowing colors and satiny texture for tropical appeal. Year-round availability allows for easier crop scheduling without the disease buildup problems that sometimes occur in vegetative programs. Cost-effective alternative for landscapers, containers & bedding, with no branding hoops to jump through. Seed shelf-life about 1 yr. Colors: Magenta Bliss, Mix, Orange Burst, White Pearl, White Shimmer.

470 s/g

☺ SolarscapeXL Series (F1)

100sd 23.45

1M @202.15

11"-13" spreading 18"-20"; Same traits and performance as the original Solarscape series but with a 25% increase in plant size, allowing for greater coverage per plant in gardens and containers. Colors: Lilac Spark, Mix, Pink Jewel (AAS), Salmon Glow.

Incarvillea delavayi

Bee's Pink

100sd 5.50

1M @ 51.50

18"; Soft luminous pink flowers with yellow throat. Very dressy color with lots of flrs. Excellent container, patio and border plant.

200 s/g ✦ Z5

RoseForm

100sd 5.00

✦

Isotoma (Laurentia) Hybrid Avant Garde Series	100sd	6.65	1M @	57.25	12" spreading 12"; Early bloomer that produces masses of star-like flowers from spring onward. Dense, spreading plant w/ toothy green foliage. Great in combo containers and the garden. Colors: Blue (FSM), Mix, Pink (FSM), White.	10000 s/g	✦	Z8
Jovellana punctata ...	✂ 1M	3.75	2M @	3.25	4 ft; Soft, upright shrub bearing sprays of pubescent, pale, purplish dark spotted umbels. Medium-green leaves are long & double serrated with a minty aroma. Cool climate species that would make an exotic addition to floral arrangements. Ideal for woodland gardens or larger containers.	40000 s/g	✦	Z8
Juncus QuickMix Twisted Arrows MP	100sd	19.15	1M @	164.95	18-36" spreading 12-18"; Combines Juncus Blue Arrows + J. effusus spiralis in the same multipellet. Bright-green leaf & blue-green leaf in combo. Easy to direct sow in one pass. 2 or more seedlings of each species should emerge from each pellet.	8600 s/g	✦	Z5
Juncus effusus Spiralis P	100sd	5.50	1M @	49.30	**Sow within 2 months of delivery.** 20"; Upright twisted gray-green leaves in corkscrew spiral, weird and wonderful.		✦	Z3
Juncus filiformis Spiralis	100sd	4.50	1M @	38.65	**Ornamental Grass** 8"; Weird & fun plant. Tightly corkscrewed spikelike blue-green leaves rising at steep angles from a basal clump.	37000 s/g	✦	Z5
Juncus inflexus Blue Arrows MP	100sd	11.95	1M @	103.15	**ColorGrass™** 2 ft; Stiff spaghetti-like deep-green leaves stick straight up in the air in a tight tuft. Excellent vertical element for containers and borders.	130 s/g	✦	Z5
Juncus pallidus Javelin MP	100sd	12.35	1M @	106.45	**ColorGrass™** 4 ft; Stiff spaghetti-like deep-green leaves fan out to make a dramatic vertical architectural statement. Large containers or landscape. Stays attractive through drought, flood, even in winter when foliage is straw color.	130 s/g	✦	Z5
Juncus tenuis Blue Dart MP	100sd	12.35	1M @	106.45	**ColorGrass™** 15" spreading to 12"; Graceful vertical vase like shape, narrow linear spikes rising from a narrow base. Widely adapted, good for containers, bogs or standing water, drought & winter hardy. Attractive from young stage onward, great shelf life.	130 s/g	✦	Z5
Kale Darkibor (F1)	100sd	3.25	1M @	24.70	7"-8" in 45 days, 18"-30" after 55 days; Outstanding Vates hybrid type. Very curly and very blue, ornamental and edible. Earlier, stronger, more uniform and higher yields. Deep blue, firm, curly leaves have less tendency to yellow and hold up well when cut. Uniform, strong grower. Yields 7-8" stalks in just 45 days; larger plants in 55 days. Will out yield OP types by 50%. Spring or Fall planting.	226 s/g		
Garden Series	200sd	3.35	1M @	14.50	24" spreading 20"; Garden kales with intense colorful centers for dual use ornamental edible garden or containers. High nutrition and high eye appeal combined. Colors: Crimson, Ivory, Mix.			
Red Bor (F1)	100sd	4.65	1M @	40.15	7-8" in 47 days, 18-36" after 57 days. Unique dark-red kale. Broad upright deeply fringed fronds. Ornamental and edible. Maturity 47-57 days. Overwintering, bolt tolerant, very productive. Winter color, large containers, mass landscape, or as long lasting filler in arrangements.			
Scarlet	500sd	5.20	1M @	9.00	**Ornamental Edible** 3 ft; 30 days baby leaf, 55 days mature. Highly decorative and tasty. Sturdy upright stems are deep red-purple. Foliage at young baby-leaf stage is broad, dark green streaked with purple, glossy and frilled. Mature plant develops deeply curled fronds which darken to purple-scarlet as cool weather comes on in fall. Good eating quality and colorful for salad mixes. Fall and winter color is bold and handsome in landscape, containers and beds. Best o.p. sub for 'Red Bor' F1 when needed, more ornamental but less yield.			
Winter Bor (F1)	✂ 200sd	4.15	1M @	17.60	2-3 ft; Very deep blue-green foliage, extremely curled & fringed. Broad dense arching fronds. 55 days to maturity. Edible Ornamental. Winter color, large containers, mass landscape, or as long lasting filler in arrangements.			
Kale Ornamental ... see Flowering Kale

Lisianthus (Eustoma) ABC Series P (F1)	✂	100sd	4.00	1M	@	34.50	36" in summer w' high density, 45" in winter w' low density; ABC's are bred and proven for reduced sensitivity to rosetting, resulting in easier culture, less need for GA and higher yields of saleable plants and stems. Uniform vigor and faster finish time provide a tight harvest window. High quality finished crop possible year round using the various flower-speed groups. High double petal count, extra good long vase life. For professional cutflower production. Colors: 1 Deep Rose, 1 Green, 1 Misty Blue, 1 Mix, 1 Purple, 1 Rose Rim, 1 White, 1 Yellow, 2 Blue, 2 Blue Rim, 2 Lavender, 2 Misty Blue, 2 Misty Pink, 2 Mix, 2 Purple, 2 Rose, 2 Yellow, 3 Mix, 3 Purple, 3 Rose, 3 White.			
Advantage Series P (F1)	✂	100sd	7.50	1M	@	64.85	28-34"; Large, fully-double middle-late. Group 1-2 series with nice flower shape. Thicker and stronger stems better suited to production under high temperature and long day conditions. Colors: Cherry Sorbet, Pink, Purple, Yellow.			
Allemande Light Pink P	✂	100sd	9.00	1M	@	77.60	32"; Large, warm soft pink double flowers mid season, summer to fall crop. Hard straight stems. Medium resistance to rosetting. Noted for large flower and excellent weather tolerance, keeping good doubleness and hard stem even under hot climate. For professional cutflower.			
Allemande White P (F1)	✂	100sd	8.85	1M	@	76.30	32"; Large, pure-white double flowers mid season, summer to fall crop. Hard straight stems. Medium resistance to rosetting. Noted for large flower and excellent weather tolerance, keeping good doubleness and hard stem even under hot climate. For professional cutflower.			

Arena Series P (F1)	✂	100sd	6.00	1M @ 51.85	31-39"; Selected for its high quality and fully double flowers on strong and sturdy stems. Colors are classified into 4 groups depending on flower earliness. Professional cut flower, good for outdoor or greenhouse production. Colors: 1 Pure White, 1 White, 2 Kilimanjaro (Brilliant White), 2 Purple Picotee, 2 White, 3 Apricot, 3 Baby Pink, 3 Champagne, 3 Gold, 3 Green, 3 Mont Blanc, 3 Picotee Blue, 3 Purple, 3 Red, 3 Rose, 3 White, 4 Rose, 4 White, Mix.
Bolero Series P (F1)	✂	100sd	8.85	1M @ 76.30	40"; Mid early flowering Group 2-3. Full double. Bloom shape and quality hold up well under heat. Adaptable to both winter and summer cropping schedules. Very sturdy stems and good vase life. Less susceptible to rosetting than many other varieties. Blue Blush is blushed in orchid-like pattern of rich lilac blue to softest pale blue, very appealing in bouquets. For professional cuts under cover. Worth testing in open as specialty cutflower. Colors: Blue Blush (orchid-like pattern of rich lilac blue to softest pale blue), Blue Picotee, Green, White.
Borealis Blue P (F1)	✂	100sd	5.40	1M @ 46.75	30"; Extra early bloom season. Double flowered. Professional cutflower quality.
Can Can Carmine Rose P (F1)	✂	100sd	5.15	1M @ 44.55	36", to 45" at closer spacing; Group 3-4. Spray type. Large flowers are densely petalled with a nice rose-form shape. Late flowering for summer crops. Each stem produces a spray of flowers on top that open within a tight window to yield a ready-made bouquet. No pinching needed. These labor saving traits are good for the bottom line. The full spray may reduce the number of stems needed in the arrangement. For professional cutflr, under hoops or ghs and in field during summer.
Can Can Purple P (F1)	✂	100sd	5.15	1M @ 44.55	36", to 45" at closer spacing; Group 3-4. Spray type. Large flowers are densely petalled with a nice rose-form shape. Late flowering for summer crops. Each stem produces a spray of flowers on top that open within a tight window to yield a ready-made bouquet. No pinching needed. These labor saving traits are good for the bottom line. The full spray may reduce the number of stems needed in the arrangement. For professional cutflr, under hoops of ghs, and in field during summer.
Chaconne Series P (F1)	✂	100sd	10.70	1M @ 92.20	4 ft; Group 2. Large flowers are full double, fringed and ruffled, with heavy texture for extended vase life. Hard, strong stems. Medium resistance to rosetting. Professional cutflower for greenhouse or high tunnel. Growth is vigorous so fertilize sparingly to avoid burns and breaks. Colors: Apricot & Purple Mix, Blush Blue & Pink Mix, Purple, Yellow.
Chaconne 3 White P (F1)	✂	100sd	11.45	1M @ 98.50	4 ft; Group 3-4. Large pure white flowers are full double, fringed and ruffled, with heavy texture for extended vase life. Hard, strong stems. Medium resistance to rosetting. Professional cutflower for greenhouse or high tunnel. Growth is vigorous so fertilize sparingly to avoid burns and breaks.
Corelli Series P (F1)	✂	100sd	6.75	1M @ 58.35	4 ft; Exceptionally large, double flowers with playfully luxurious fringed curly petals. Extra large flower bud even at unopen stage enhances interest at point of purchase. Top branching stems work well in bouquets and are easy to arrange. Durable stems and excellent vase life. For professional cutflowers. Earliness Group 3, mid-late for summer production. Colors: 1 Pink, 1 White, 2 Lavender, 2 Light Pink, 2 Pink, 3 Apricot, 3 Blue, 3 Lavender, 3 Light Pink, 3 Peach, 3 Rose, Mix.
Corelli Sugoi Series P (F1)	✂	100sd	6.75	1M @ 58.35	4 ft; Fuller double fringed variation on Corelli, with petals all the way to center of bloom at harvest stage. Otherwise traits are similar to the Corelli model, with extra large buds, durable top branching stems & long vase life. Professional cutflowers. Colors: 1 Lavender Ice, 1 White, 2 White, 3 Deep Pink, 3 Light Pink, 3 White, 3 Yellow, Mix.
Croma Series P (F1)	✂	100sd	6.55	1M @ 56.55	4 ft; Elegant highly double roseform flowers of beautiful, glowing lavender blue that goes well with a wide range of other colors. Lots of flowers per stem. Sturdy stems and thick petals add value in handling & transport to mkt. Top quality for professional cutflower growers. Colors: 2 Champagne, 2 Purple, 3 Blue Picotee, 3 Green, 3 Jolly Pink, 3 Pink Picotee, 3 Red, 3 White, 3 Yellow, 4 Lavender, Mix.
Crown Azure P (F1)	✂	100sd	5.50	1M @ 47.85	32"; Group 3-4. Large, deep flashing blue flowers, a very beautiful color. Thick petals with green centers. Voluminous branching plant. For professional cutflower.
Crown Yellow P (F1)	✂	100sd	8.00	1M @ 68.90	3 ft; Vivid yellow color uncommon in Lisianthus. Mid late, well branched plants with deep green foliage. Very solid petal texture and extra hard stem for durability in shipping and long vase life. Recommended for production under natural light. For professional cutflower.
Diamond Peach 3 Imp P (F1)	✂	100sd	6.55	1M @ 56.40	4 ft; Group 3-4. Large highly double flowers. Very stable bicolor pattern. Petal edges are distinctly peachy pink surrounding palest pink to white petal bases. Medium tolerance to rosetting. Very tall, extra rigid stems. For professional cutflower.
Doublini Blue P (F1)	✂	100sd	8.20	1M @ 70.55	26-34" depending on space and season; Small 1.5-2.0" double rose form flowers. Classic cupped and rounded petals. Each stem carries numerous branches and is already a small bouquet when cut. Group 1, for winter and early spring market. Professional quality cutflower.
Echo Series P (F1)	✂	100sd	3.70	1M @ 31.80	30"; Double flowered, early bloom season, Professional cutflower quality. Group 1. Colors: Blue, Champagne, Lavender, Mix, Pink, Pink Picotee, Pure White, Purple, Yellow.

Evanthi Series P (F1)	✂	100sd 10.15	1M @ 86.45	32-36"; Group 2-3. Improved resistance to botrytis! This promotes cleaner petals, longer vase life and stronger plants. With firm petals, ideal branching in top of stem and positioning of flowers & buds. Robust plants. Intense colors with highly double flowers, strong stems & excellent vase life. Crop Time 10-15 weeks from transplant. Planting late winter to early summer gives harvest mid-spring to early fall. With assimilation lighting, Evanthi is capable of year-round production. Colors: Mix, Purple, White Wink, Yellow.		
Excalibur Series P (F1)	✂	100sd 8.35	1M @ 72.15	28"; Group 2. Bred for improved branching, extra strong stems and excellent shelf life. Easy to grow. Numerous double flowers open on top of the plant, reducing botrytis. Reduced risk of rosetting. Colors: Blue Picotee, Green, Pure White.		
Falda Series P (F1)	✂	100sd 6.70	1M @ 57.90	4 ft; Thick single petals are deeply fringed and frilly, great for building up a voluminous bouquet. Strong stems with numerous blooms per stem and good transportability to mkt. Top professional cutflower quality. Colors: Light Apricot, Mix, Salmon.		
Flare Series P (F1)	✂	100sd 5.15	1M @ 44.55	36", to 45" at closer spacing; Excellent spray type widely adapted across seasonal groups. Large flowers are densely petalled with a nice rose-form shape. Late flowering for summer crops. Each stem produces a spray of flowers on top that open within a tight window to yield a ready-made bouquet. No pinching needed. These labor saving traits are good for the bottom line. The full spray may reduce the number of stems needed in the arrangement. For professional cutflr, under hoops of ghs, and in field during summer. Colors: Deep Blue, Deep Rose, Jade, Mix, White, Yellow.		
Gavotte Yellow P (F1)	✂	100sd 8.15	1M @ 69.55	4 ft; Group 3-4. mid-late flowering season. Large full double bright yellow flowers with frilled & undulated petals and green centers. Tall stems are very strong. High resistance to rosetting. For professional cutflower under tunnel or greenhouse in areas with early frost, or in field where frost-free.		
Jasny Series P (F1)	✂	100sd 6.55	1M @ 56.40	38"; Mid ht. Group 2-3. Intermediate timing. Large highly double roseform flowers. Well branched with voluminous flower stems and very hard stem strength. High rosetting tolerance. Colors: Lavender.		
Largo Series P (F1)	✂	100sd 7.40	1M @ 63.90	40"; Group 3+ to 4. Broad picotee edges of large rose-form flowers create an eye-catching swirled color pattern over white background. Very attractive in arrangements. Strong hard stems, medium resistance to rosetting. Grows well, retains good height and branching through season. Professional cutflower for late summer and fall markets. Colors: Blue Picotee, Pink Picotee.		
Luna Rose P (F1)	✂	100sd 7.15	1M @ 61.60	4ft; Group 3-4. Warm, lush salmon rose flowers. Medium large roseform flowers, very highly double. Very tall, hard stems. Medium rosetting tolerance. For professional cutflower.		
Mariachi Series P (F1)	✂	100sd 5.25	1M @ 45.15	32-36"; Large high-double camellia shaped flowers, quadra-petalled & 2-2.5" diam. Excellent summer crop from winter sowing. Thick petals, tough stems for shipping and shelf life. Group 2 professional cutflower. Colors: Best Buy Mix (best selling colors), Blue, Carmine, Grande White, Lavender, Light Pink, Lime Green, Misty Blue, Misty Pink, Pink, Pink Picotee, Pure White, Yellow.		
Mazurka Wave White P (F1)	✂	100sd 7.15	1M @ 61.60	40"; Group 2-3. Fancy, elegantly frilled, pure white flowers with a few ivory. Mid size flowers are highly double, distinctly waved and serrated. Well branched, high yielding and easy to grow. High rosette tolerance. Stems are medium hard. Professional cutflower.		
Minuet Apricot Rose P (F1)	✂	100sd 10.85	1M @ 93.40	32-34"; Group 3. Warm, luscious peachy rose. Small double rose-form flowers in great abundance on hard strong stems in mid-early season. High resistance to rosetting. For professional cutflowers, mid-summer to fall, under glass or high hoop house.		
Minuet Dark Purple P (F1)	✂	100sd 8.85	1M @ 76.30	32-34"; Group 3. Intense dark purple with black centers. Small double rose-form flowers in great abundance on strong stems in mid-early season. Medium resistance to rosetting. For professional cutflowers, mid-summer to fall, under glass or high hoop house.		
Minuet White P (F1)	✂	100sd 8.85	1M @ 76.30	32-34"; Group 3. Pure white flowers with green centers. Small double rose-form flowers in great abundance on extra strong stems in mid-early season. High resistance to rosetting. For professional cutflowers, mid-summer to fall, under glass or high hoop house. Excellent for bridal bouquets.		
Nightingale P (F1)	✂	100sd 15.15	1M @ 130.70	32"; Beautiful, intense rose-red flowers are large & fully double. Strongest color is obtained with good lighting conditions. Recommended for summer production. Hard stems and medium resistance to rosetting. Very few varieties have this strong red color.		
Nightingale Dark Purple P (F1)	✂	100sd 10.85	1M @ 93.40	32-34"; Group 3. Cool, radiant deepest purple. Small double rose-form flowers in great abundance on hard strong stems in mid-early season. High resistance to rosetting. For professional cutflowers, mid-summer to fall, under glass or high hoop house.		
Oletha P (F1)	✂	100sd 9.90	1M @ 85.50	30"; Group 2-3. Masses of elegant single cup shaped flowers. Warm, soft pink with a broad, vivid dark purple center at base of petals, at the bottom of the cup. Tough petals, sturdy stems, extremely good shipping and shelf life. Buds profusely at top of stem. Reliable across a range of climates, from cooler to warmer. Harvest when 3-5 flrs are fully open.		
Ophira P (F1)	✂	100sd 9.45	1M @ 81.45	30"; Group 3. Masses of large full double salmon peach flowers. Especially richly petalled. Tough petals, sturdy stems, extremely good shipping and shelf life. Buds profusely at top of stem. Reliable across a range of climates, from cooler to warmer. Harvest when 3-5 flrs are fully open.		

Papillon Rose Pink P (F1)	✂	100sd	8.85	1M	@	76.30	28"; Numerous small to medium flowered double with warm, strong, rose-pink color and perfect rosebud form. Blooms at top of stem. Excellent performance through summer into fall w/very strong stems & extra long vase life. Medium resistance to rosetting. For professional cutflower.
Pink Helios P (F1)	✂	100sd	7.55	1M	@	65.25	36"; Group 3-4, late flowering. Lovely, warm, deep pink flowers maintain highly double roseform shape even in warm conditions. Green centers. Long strong stems. For seasonal and autumn crops.
Pucchino Series P	✂	100sd	10.70	1M	@	92.20	42-48"; Small single cup-shaped single flowering types with very cool unusual colors. Yields myriad flowers. High novelty value. Professional cutflower. Colors: 1 Choco(chocolate centered apricot), 1 Mint(strong glistening green), 1 Mix, 1 Prune(marbled prune & tan), 3 Choco(apricot w' small chocolate ctr), 3 Prune(deep prune all over).
Queen of Night P (F1)	✂	100sd	10.00	1M	@	86.35	40"; Group 3-4; Medium large flr type. Stunning deepest purple flowers with black center and extra thick petals. Makes very little pollen, so long lasting petals stay clean and tidy. Good for late culture, autumn mkt.
Revolution Green P (F1)	✂	100sd	7.40	1M	@	63.70	40" from fall sowing, 36" from spring sowing; Group 2-3 (mid-early). Medium size full double rose-from flowers. Extra thick petals and very hard stems enable easy harvest & transport. Professional quality cutflower.
Rosanne Series P (F1)	✂	100sd	9.60	1M	@	81.65	3ft-4ft with tight spacing; Group 1 for spring to mid-spring crop and Group 2 for spring to mid-summer crop. Double flowers with unique colors. Thick petals make buds durable in shipping with less botrytis. Stigmas do not open so no pollen is shed promoting prolonged shelf life. Colors: 1 Black Pearl, 1 Green, 2 Clear Green, 2 Terracotta, 3 Brown, Mix.
Rosita 2 Series P (F1)	✂	100sd	8.35	1M	@	72.15	3-4 ft; Professional cutflower. Group 2 for spring & early summer flower timing. Produces sprays of double rose-form flowers on strong stems. Thick petals, top flowering. Ships well with little botrytis problem. Long vase life, high % usable buds. Colors: Apricot, Blue Flash, Blue Picotee, Green Improved, Hot Lips (Pink Picotee), Jade, Mix (blend of listed colors), Pink, Pink Flash, Purple, Sapphire, White.
Rosita 3 Series P (F1)	✂	100sd	8.35	1M	@	72.15	3-4 ft; Professional cutflower. Group 3 for summer to fall flower timing. Produces sprays of double rose-form flowers on strong stems. Thick petals, top flowering. Ships well with little botrytis problem. Long vase life, high % usable buds. Colors: Blue, Green, Lavender, Mix, Pink, Pink Picotee, Pure White, Red, Yellow.
Sapphire Series P (F1)		100sd	3.30	1M	@	27.40	8"; True basal branching, heat tolerant, season long flowering. Colors: Blue, Blue Chip, Mix, Pink Rim, White.
Shallot Green P (F1)	✂	100sd	7.15	1M	@	61.60	40"; Group 3-4. Shallot green petals with green centers, perhaps the deepest green seen in Lisianthus. Small highly double roseform flowers. Profusely branching and high yielding with gradual bud opening. Extra hard stems. High rosette tolerance. For professional cutflower.
Soiree Series P (F1)	✂	100sd	8.70	1M	@	74.80	32" from fall sowing, 24" from spring sowing; Early, very large, 3" full double flowers with fringed petals. Long hard stems with extra high percentage of undamaged buds & stems. Saves labor and adapts to wide range of crop regimes. Professional cutflower for shipping greenhouse or open culture for local mkt. Colors: Orange Flash, White (l).
Solo Series P (F1)	✂	100sd	6.45	1M	@	55.65	24-36" stems; World's FIRST pollen-free Lisianthus introduction! This results in stain-free blooms, & extremely long vase life. Blooms in 22-24 weeks from sowing. Flowers are rose-form, with swirling semi-double petals. Strong petals make for reduced damaged in handling & shipping. Group 2, spring to summer harvest. Colors: Blue Picotee, Mix, Pink Picotee, Pure White, Violet.
Super Magic Series P (F1)	✂	100sd	6.15	1M	@	53.15	28-35"; Full double 3" roseform flowers on strong stems. Mid-Early blooming. Group 1-2. For professional cutflower. Colors: Apricot, Champagne, Deep Blue, Green, Mix, Pure White, Rose, White, Yellow.
Voyage 2 Series P (F1)	✂	100sd	10.15	1M	@	87.20	2ft in high light or broad spacing, 3ft in lower light or close spacing; Group 2. Top-flowering habit. Large lushly double fringed flowers in gorgeous colors. Strong petal texture for enhanced shipping and shelf life. Professional cutflower, spring cropping. Colors: Blue, Champagne, Deep Rose, First Love, Green, Lavender, Light Apricot, Light Pink, Mix, Pink, White, Yellow.
Voyage 3 Champagne P (F1)	✂	100sd	10.15	1M	@	87.20	2ft in high light or broad spacing, 3ft in lower light or close spacing; Group 3. Larger flwrs & higher petal count vs Voyage 2. Top-flowering habit. Large lushly double fringed flowers in gorgeous soft apricot. Strong petal texture for enhanced shipping and shelf life. Professional cutflower, spring cropping. 25000 s/g

Marigold American Antigua Series D (F1)		100sd	3.95	1M @ 34.00	10-12"; Mounded garden habit, bright 3" flowers. Colors: Gold, Mix, Orange, Primrose, Yellow.	350 s/g		
Bali Series Bobtailed (F1)	✂	100sd	5.15	1M @ 43.40	24" spreading 24" long-day, 32" spreading 24" under low-light; 12" short-day cool. Rounded, firm textured flowers reach 4" diameter under both dark and sunny weather. Strong stems resist lodging and ship well. First flowering at 75 days from transplant. Has produced over 100 flowers per plant in some tests. Professional quality for fieldgrown or covered cutflower. Colors: Gold, Mix, Orange, Yellow.			
Big Duck Series D (F1)		100sd	5.50	1M @ 47.95	**Gold is 2018 AAS National Winner, others are regional winners.** 12" spreading 10" pot, 18" spreading 15" gdn; Robust, densely branching knee-high habit. Foliage stays fresh and deep green through all weathers. Keeps blooming on and on into summer with huge blooms reaching 4" diam when full grown. Blooms of younger plants or containers will be 3-4" in size. Extremely double, nearly spherical flowers. For gallons, combo containers, bold lasting color in bedding. Crop time 45-55 days from sowing. Colors: Gold (AAS Winner), Mix, Orange (AAS), Yellow (AAS).			
☺ Big Swan Bobtailed		100sd	10.00	1M @ 86.35	14" pot, 16" gdn spreading 12"; Large bright creamy white globe shaped flowers with tightly packed petals borne in profusion above dense branching deep green leaf canopy. Petals & foliage resist water damage well. Makes an excellent show in garden, great for large containers.			
Bindi Orange Bobtailed (F1)	✂	100sd	5.50	1M @ 49.30	32-40" spreading 26-28" LD, 18-20" spreading 18-20" SD; Large, bright globe-shaped full double garland type blooms with stiff, tightly packed fluted petals and super firm texture. Continuous flowering, long summer stem length, keeps good quality & production even under short days, when it would serve as a robust container plant as well. Flowers 3-4" diam. Performs well under short days (SD) as well as long days (LD). LD timing is 60-65 days from transplant to bloom, or 50-55 days in SD. Professional cutflower quality, excellent for fieldgrown production summer and containers in spring or fall.			
Chedi Series Bobtailed (F1)	✂	100sd	5.00	1M @ 42.90	**Formerly named "Jedi".** 56" spreading 32" LD, 60" spreading 32" low-light; 24" grown SD cool. Tolerant to soil borne diseases such as Fusarium. Tallest cutflower marigold, uniform and continuous flowering. Large firm flowers to 4.8" diam. Long strong stems. Flowers 70-75 days from transplant. Use as cutflower, landscape, garden. Colors: Gold, Mix, Orange, Yellow.			
Coco Series Bobtailed (F1)	✂	100sd	4.90	1M @ 42.40	24" at looser spacing, 36" at tight spacing; Large vibrant flowers and strong stems. Uniform for earliness, stem length and full doubleness. Can be grown at tight spacing especially when disbudded. Coco Orange is very deep and intense. Crop in 12-15 weeks from sowing. Bred for professional cutflower growers, high tunnel or fieldgrown. Colors: Deep Orange, Gold, Mix, Yellow.			
Crackerjack Series	✂	2M	3.00	10M @ 0.95	3-4 ft; Tall casual double flowers, a classic for fieldgrown cutflower. Colors: Hawaii (Deep Orange), Mary Helen (Lemon Yellow), Mix, Smiles (Golden Yellow).			
Devi Deep Gold Bobtailed	✂	100sd	5.50	1M @ 50.45	36" spreading 22" LD, 18" spreading 12" SD; Extra large 4"-5.2" flowers are ball shaped, very firm. Branches low to provide good stem length. Yields up to 8-12 blooms per plant depending on pinching. Well suited to garland, vase or bouquet mkts.			
Discovery Series D (F1)		100sd	3.35	1M @ 28.90	8"; Dwarf, well branched plants, less daylength sensitive than typical American Marigolds. Colors: Mix, Orange, Yellow.			
Eskimo		200sd	3.20	1M @ 11.90	18"; Creamy white flowers, open pollinated variety. Good habit for hedging, containers or packs.

Garuda Deep Gold Bobtailed (F1)	✂	100sd 5.15	1M @ 43.40	**2018 AAS Regional Winner.** 40-45" spreading 22" LD, 30-35" spreading 18" SD; Extra long stems. Continuous flowering, keeps good quality & production even under short days. Stem length about same in both bright & cloudy weather. Flowers 4-5" diam. Performs well under short days (SD) as well as long days (LD). LD timing is 65-70 days from transplant to bloom, or 55-60 days in SD. Large, deep golden, globe-shaped full double blooms with fluted petals for great texture & substance. Long strong stems. Professional cutflower quality, excellent for fieldgrown production.		
Garuda Yellow Bobtailed (F1)	✂	100sd 5.15	1M @ 43.40	**AAS Regional Winner.** 40-45" spreading 22" LD, 30-35" spreading 18" SD; Extra long stems. Continuous flowering, keeps good quality & production even under short days. Stays cleaner in rainy weather due to high tolerance to Botrytis. Stem length about same in both bright & cloudy weather. Flowers 4-5" diam. Performs well under short days (SD) as well as long days (LD). LD timing is 65-70 days from transplant to bloom, or 55-60 days in SD. Large, deep golden, globe-shaped full double blooms with fluted petals for great texture & substance. Long strong stems. Professional cutflower quality, excellent for fieldgrown production.		
HedgeMary Series Bobtailed (F1)	✂	100sd 4.15	1M @ 35.55	36" spreading 24" long LD, 24" spreading 20" SD; A premium quality hedge type. Large 4" globular flowers with dense petalage borne in tight array covering the densely branched plants. For a bold and voluminous color statement in landscapes. Also for fieldgrown cutflr. Capable of a very lasting show and multiple harvests. Trials observed a harvest period of up to 120 days from first bloom to end of crop. Colors: Formula Mix, Gold, Orange, Yellow.		
Helena Series Bobtailed (F1)		100sd 3.30	1M @ 28.45	20" spreading 12" LD, 24" spreading 20" low-light; 10" grown SD cool. Extra large 3.5" ball shaped flowers, a bit taller but larger flr than Christy. Full double, w' tightly packed tubular petals. Container, bedding, landscape. Colors: Gold, Mix, Orange.		
Inca Gold D (F1)		100sd 3.85	1M @ 33.15	**The Original Inca** 14"; Huge fully double gold flowers, intermediate height, majestic garden color. A classic.		
Inca II Series D		100sd 3.95	1M @ 34.00	12-14"; Huge fully double flowers, intermediate height, slightly shorter than the former Incas. 7-10 days earlier. Colors: Deep Orange, Gold, Mix, Primrose, Yellow.		
Marvel II Series D (F1)		100sd 3.85	1M @ 33.40	18"; Fully double, quick to bloom. Colors: Gold, Mix, Orange, Yellow.		
Mayan Orange Bobtailed (F1)	✂	100sd 5.45	1M @ 46.85	36" spreading 30" long-day, 30" spreading 22" short-day; Top quality new hybrid for professional cutflowers. 3" full double flowers are ball shaped, with extra firm petal texture, extended shelf life and good long-distance shipping. Long strong stems and sturdy flower neck. Crop time from transplant to 1st flr is 52 days under short days, 62 days under long days. Selected for disease tolerance and continuous high yield thru hot humid growing season. Also superb in mass landscape.		
Mishka Deep Gold Bobtailed	✂	100sd 6.00	1M @ 51.80	44" spreading 22" LD, 34" spreading 20" SD; Huge 4.5"-5.2" flowers are very firm with thick petals. Produces premium quality blooms for professional cutflower mkt. Heat and disease tolerant.		
Narai Series Bobtailed (F1)	✂	100sd 5.00	1M @ 43.00	40" spreading 24" long-day both bright or low light, 20" spreading 20" grown cool; Top quality new hybrids for professional cutflowers. 4" fully double flowers with extra firm petal texture & extended shelf life and good long-distance shipping. Long strong stems and sturdy flower neck. 65-70 days from transplant to 1st flr. Selected for disease tolerance and continuous height yield thru hot humid growing season. Also superb in mass landscape. Colors: Creamy Yellow (light bright lemon butter), Orange, Yellow.		
Nosento Limegreen (F1)	✂	100sd 6.60	1M @ 56.90	**PVP** 28"; Unique scentless. The strong odor associated with Tagetes erecta has been eliminated from this unique variety. Large densely petalled fully double bright yellow flowers with greenish tint are produced above extra dark green foliage. Harvest flowers when they first open. Pinching not required but can be done to increase crop. Can be grown under tunnel or in greenhouse and in open field in summer. Vase life about 3 weeks. Handle stems carefully at harvest and packing, as the blooms are large and heavy.		
Orangeade (F1)	✂	500sd 3.20	1M @ 5.15	3ft; Improved orange for xanthophyll production. Special deep orange color for cutflowers.		
Oriental Deep Gold Bobtailed (F1)	✂	100sd 4.65	1M @ 40.20	32" spreading 25" summer, 20" spreading 14" cool season; Very large flower, an impressive 4.75" in summer (4" in cool season). Vivid deep gold color. Continuous flowering with strong stems. Bloom time 65-70 days from transplant in summer, (55-60 days in cool season). Professional quality cutflower specialty,		
Oriental Yellow Bobtailed (F1)	✂	100sd 5.15	1M @ 44.45	40" spreading 25" in summer, 24" spreading 14" in cool season; Vivid pure yellow 4" flowers, extra long stems, globe shaped flowers with firm texture and fluted petals. Continuous producing, keeps same flower size both summer & cool season, with strong stems. Bloom time 65-70 days from transplant in summer, 60-65 days in cool season. Strong fusarium resistance. Professional quality cutflower for fieldgrown production. Also for bold landscaping.		
Perfection Series D (F1)	✂	100sd 4.55	1M @ 34.65	14-16"; Perfectly rounded flowers, unique convex petal allows superior resistance to rain damage. Colors: Mix, Orange, Yellow.		
Proud Mari Series C		100sd 5.50	1M @ 50.15	10" spreading 10" pot, 12" spreading 12" gdn; Large flowered genetic dwarf, needing little or no PGRs. Full double flowers with tight packed petals and brilliant color. Thicker flower stems support flowers well in shipping and in gdn. Bloom time and height very uniform. For bedding and planters. Colors: Gold, Mix, Orange, Yellow.		

Savannah Series D	✂	100sd	3.85	1M	@	33.15	30"-40"; Tall open pollinated types for direct field sown cutflowers. Good doubleness and good stem size. Colors: Ivory, Mix, Moon (Creamy Primrose), Sun (Orange).
Snowstorm		200sd	3.70	1M	@	15.90	12" potted, 14" gdn; Large white flowers, an improvement over 'Eskimo', with notably greater uniformity and earliness. Good for mixed container and bedding.
Sumati Orange Bobtailed	✂	100sd	5.45	1M	@	46.85	40" spreading 22" LD, 24" spreading 15" SD; Large 3.5-4", super firm bright orange flowers. Adaptable to year-round production, with strong tolerance for heat and disease. Long shelf life. Durable in transport. Yields of up to 50 stems per plant have been recorded in good growing weather. Professional cutflr for garlands, bouquets, vases.
Tall Orange Xantho (F1)	✂	200sd	3.35	1M	@	14.35	3 ft; Bred for production of xanthophyll, the deep orange petals sometimes fed to poultry to enhance color. Special deep color for cutflowers. Easy fieldgrown crop.
Tallest Short Day Blend Bobtailed (F1)		100sd	5.15	1M	@	43.55	35-55"; Blend of those varieties with the longest stems under Short Day (SD) culture, from the available colors found within the F1 Hybrid collection in this catalog. Height and earliness will vary somewhat from color to color within the mix. Includes Chedi Orange, Chedi Gold, and Garuda Deep Gold.
White Swan Bobtailed	✂	100sd	9.75	1M	@	84.15	24" spreading 15" LD, 32" spreading 12" SD; Odorless blooms for cutflower! Large 2-4" globe shaped ivory cream flowers, a delicate near-white color, are packed with frilled tubular petals. Long strong stems hold flowers firmly in top of plant above the foliage. Heat & disease tolerant. For professional cutflr production. Good to grow year-round. For professional cutflr in greenhouse and field. Also good for mass landscape and public gdns.
Xochi Orange C	✂	100sd	3.35	1M	@	28.95	3 ft high light, 4ft lower light; Brilliant rich orange flowers 3.5"-4" diam. Very strong 2-3 ft stems perfect for cutflower shipping. Vase life 10 days. For commercial cutflower production, open field or high hoop house. Also stunning in mass landscape or in tall accent plantings.
Marigold French							410 s/g
Bambino D		200sd	3.95	1M	@	17.00	4" packs, 8" gdn; Beautiful little plant with single daisy flowers, golden apricot with radial stripes of coral red carried flat over dark foliage. For bedding, pot.
Bonanza Series D		500sd	5.15	1M	@	8.85	10"; Uniform & superior in performance under a wide range of conditions. Colors: Bee, Bolero, Deep Orange, Flame, Gold, Harmony, Mix, Yellow.
Disco Series D		500sd	4.80	1M	@	8.30	8-10"; Uniform, well branched, single flower. Colors: Granada, Marietta, Mix, Orange (FSM), Red, Yellow.
Durango Series D		500sd	4.00	1M	@	6.90	12"; Uniform w/ large anemone type blooms. Colors: Bee, Bolero, Flame, Gold, Mix, Orange, Outback Mix, Red, Tangerine, Yellow.
Fireball DTL		200sd	3.25	1M	@	13.15	10" spreading 6" pot, 12" spreading 8" gdn; Gold, orange and mahogany flowers - all on the same plant. A first in marigold breeding. The blooms color-shift as they mature. Great for bedding, premium containers and pots, produces the look of a mixed planting 1 or a few plants.
Flamenco D		500sd	5.40	1M	@	9.30	10" spreading 6" pot, 12" spreading 8" gdn; Unique new petal pattern. Each broad fluted petal is bright yellow with a broad scarlet band around the petal edges. Large 2-3" yellow scarlet bicolor flowers. Eyecatching color for pots & bedding.
Happy Series D		500sd	5.50	1M	@	10.30	7" spreading 8"; Heat tolerant strains that resist stretching long into the growing season. Tight basal branching and extremely uniform habit and timing. Thrives in hot and humid conditions. Colors: Mix, Orange, Yellow.
Harlequin	✂	500sd	3.20	1M	@	5.15	2 ft; Sharp radial stripes, bicolor red and yellow, very bright. Tall single type, erect and longstemmed, suitable for fieldgrown cutflower or for hedging.
Hot Pak Series D		500sd	5.15	1M	@	8.85	6"; Extreme heat tolerance for longer bloom season in hot humid areas. Whole series is genetically matched for performance, habit, bloom type. Stays compact and intact through all weather. Packs, landscaping. Colors: Fire, Flame, Gold, Harmony, Mix, Orange, Spry, Yellow.
Janie Series D		500sd	5.15	1M	@	8.85	10"; Extra early & uniform in the pack, compact, holding blooms nicely above the foliage. Colors: Bright Yellow, Deep Orange.
Little Hero Series D		500sd	4.55	1M	@	7.80	6"; Very dwarf & compact. Large double crested blooms. Extremely heat tolerant. Colors: Fire, Mix, Orange, Yellow.
Mr Majestic Double D		100sd	3.25	1M	@	19.50	12" pot, 16" gdn; Beautiful knee-hi bedder or large container plant. Extremely sharp bicolor contrast, bright yellow and mahogany-red. Contains 15% single flowers which are of same bicolor pattern.
Nema Mix		1M	3.15	2M	@	2.70	20"; Special selection for high content of nematode repelling oil. Produces masses of very deep green foliage. Double flowers, are yellow, mahogany, or bronze. For biocontrol. Limited ornamental value.
Queen Sophia		1M	3.15	2M	@	2.60	10"; Uniform, compact plants, fully double flowers.
Red Cherry		2M	3.15	5M	@	1.25	12"; Early, deep mahogany-red.
Safari Series D		500sd	4.25	1M	@	7.30	10"; Early blooming double anemone type flower. Colors: Bolero, Gold, Mix, Orange, Red, Scarlet, Tangerine (FSM), Yellow, Yellow Fire.

Nigella damascena Albion Series	☞	1M	3.60	2M	@	3.15	390 s/g 24"; Double flowered form. Charming in spring gardens. Bred for professional cutflower. Saleable as fresh or dried flower or as ornamental pod. Marked & colored pods attractive in dried arrangements. Colors: Black Marbles, Green Marbles, Mix.				
Miss Jekyll Series	☞	1M	3.15	2M	@	2.45	20"; Flowers are followed by inflated red striped seed pods. Cutflower both fresh & dried. Successful direct sown to field. Cutting, bedding, landscaping. A traditional strain, back by popular demand. Colors: Double Mix, Indigo, Light Blue, White.				
Moody Blues	☞	500sd	3.15	1M	@	4.90	30"; Multiple colors all on same plant. Shades of blue, dark blue, violet bloom simultaneously. Interesting subject for local specialty cutflower in spring to early summer. Also for mass landscaping knee-high borders and multi-plant containers.				
Persian Series		1M	3.15	2M	@	2.15	18"; Classic old fashion Love-In-A-Mist, airy semidouble flowers, striped pods, both dry well. Colors: Jewels Mix, Mulberry Rose, Oxford Blue.				
Nigella hispanica ... see N.		papillosa									
Nigella orientalis Transformer	☞	1M	3.70	2M	@	3.20	240 s/g 20"; Yellow flowers followed by pointed green seed pods which can be inverted for a most exotic floral presentation.				
Nigella papillosa African Bride	☞	1M	3.20	2M	@	2.75	850 s/g 30"; Valued for persistent ornamental seed pods, shiny pure black, contrasting with pure white flowers.				
Delft Blue	☞	1M	3.20	2M	@	2.75	20"; Petals are Delft blue with splashes of white surrounding purple anthers. Lots of flowers on stems just at top of plant. For mixed container, landscape gardening and specialty fieldgrown cutflower (at close spacing to stretch stems).				
Midnight	☞	2M	3.50	5M	@	1.50	3 ft; Velvety deep purple flowers & dark-purple pods. For cutflower fresh or dried.				
Nigella sativa Black Cumin	☞	1M	3.15	5M	@	1.90	500 s/g 18"; An ornamental herb, grown for the aromatic black seeds which taste like peppery nutmeg. Ivory white flowers and inflated seed pods are good for fieldgrown cutflower.				
Nolana paradoxa Bird Blue		500sd	3.20	1M	@	5.15	165 s/g 8"; Trailing habit, free flowering annual groundcover, large rounded flowers reminiscent of petunia, good candidate for massed or direct sown landscape.				
Ocimum basilicum ... see Basil											
Oenothera kunthiana Glowing Magenta		500sd	3.95	1M	@	6.80	8500 s/g ✦ Z7 6"; Large deep bright pink flowers set against glossy deep-green foliage. Blooms first summer from spring sowing.				
Oenothera macrocarpa Missouriensis		500sd	3.15	1M	@	4.95	175 s/g ✦ Z4 12"; Large lemon-yellow flowers.				

Oenothera macrocarpa incana Silver Blade	100sd	8.25	1M @	71.20	4"; Intensely silver foliage in spreading rosette, bearing large pure yellow primroses. Hardy where well drained. Drought tolerant, remains attractive in leaf & flower over long season.	160 s/g ✦ Z5
Oenothera pilosella Yella Fella	500sd	3.20	1M @	5.30	16"; Large brilliant golden yellow flowers arrayed on bold, vividly deep green foliage. Stems are robustly erect and branching. Bud stage is bright orange. Leaves change to red shades in fall. Very handsome plant for borders or a centerpiece in combo planters.	6300 s/g ✦ Z4
Oenothera speciosa Showy Evening Primrose	2M	3.00	10M @	0.90	14"; Fragrant silky white flowers aging to soft-pink. Blooms night & day. Young flowers sometimes open soft pink before becoming white.	6700 s/g ✦ Z5
Oenothera versicolor Sunset Boulevard	500sd	5.15	1M @	8.85	24"; Upright stems bearing attractive soft orange flowers.	3300 s/g ✦ Z7
Origanum heracleoticum Greek Oregano	5M	3.00	10M @	0.50	30"; Pungent, classic flavor, more refined & more intensely "oregano" than common variety.	9000 s/g ✦
Origanum vulgare Italian Oregano	5M	4.95	10M @	0.85	18"; Flavorful herb for seasonings.	4400 s/g ✦
Origanum x hybridum Kirigami Oregano	100sd	4.55	1M @	39.15	8" spreading 12" pot; 10" spreading 14" gdn; Large ornamental bracts color-shift from soft green to purple, covering the entire plant at peak. Dense mounded habit, slightly trailing. Light green foliage. Delicious fragrance attractive to pollinators. Easy to grow and ships well. Tolerates heat and drought.	1450 s/g
Orlaya grandiflora QIS White Finch	✂ 100sd	3.75	1M @	32.40	28"; Larger, broader outer petals than common strains, provides showier presentation in arrangements. Big, fragrant lacy umbels of pure white flowers. Strong cutting stems and long vase life. A fine, easy-growing fieldgrown specialty. Beautiful as filler or massive arrangement and capable of dominating a landscape planting.	80 s/g ✦ Z5
White Lace	✂ 100sd	3.25	1M @	20.40	28"; Large lacy umbels, pure white, good strong cutting stems with long vase life. Easy, fine fieldgrown specialty, beautiful as filler or massive arrangement and capable of dominating a landscape planting.	
Ornamental Cabbage ... see Flowering Cabbage						
Ornamental Kale ... see Flowering Kale						
Ornamental Pepper ... see Capsicum						
Ornamental Wheat ... see Triticum						
Osteospermum Gozo's Pride	100sd	6.95	1M @	60.15	14"; Purple, lavender & white shades. Large flowers with broad overlapping petals and blue eyes.	67 s/g
Osteospermum ecklonis Akila Series (F1)	100sd	28.40	1M @	245.00	18" spreading 18"; The most compact osteo from seed. No pinch growing and 7 to 10 day flowering window makes it easy for high density, mechanized production for packs and pots. Provides landscapers an economical top-quality series and retailers an upscale container plant. No vern needed. Colors: Daisy White (FSM), Grand Canyon Mix, Hawaii Sunset Mix, Lavender Shades, Mix, Purple, Sunset Shades, White, White Purple Eye.	60 s/g
Asti Series (F1)	100sd	26.25	1M @	226.40	18" spreading 20"; Large broad-petalled daisies in separate colors. Tolerates light frost and hot, bright conditions, well adapted for fall and spring mkts. Classy container plant, lasts well in garden. No vern needed. Colors: Lavender Shades, Mix, Purple, Purple Bicolor, White (AAS).	
Sky and Ice	✂ 100sd	3.25	1M @	19.20	30"; Brilliant large blue & purple eyes accent the center of glistening white petals. Glossy green foliage. Long lasting blooms persist from spring long into summer. For full sun containers, bedding or casual cutflower.	130 s/g
Oxypetalum coeruleum Heavenly Blue (Heavenborn)	✂ 100sd	11.20	1M @	96.35	2 ft; Brilliant sky-blue. Bushy plants. Star-shaped flowers all summer in clusters on twining stems. Felted heart-shaped gray-green leaves. Good item for brides looking for "something blue" in their wedding bouquet. Long vase-life. Long green boat-shaped seed pods are useful ornamental material in dried designs.	100 s/g
Panicum capillare Frosted Explosion MP	✂ 100sd	12.90	1M @	111.15	24", to 30" at closer spacing; An easy growing ornamental grass for use in informal bouquets or as a filler. Bright green blades with a cloud of tiny green seed-heads rising into the top of the plant. For greenhouse, tunnel or field. Short days will force into bloom, so avoid short days in young stages which could cause bolting with insufficient stem length. Harvest when seed-heads are green. Vase life 10-14 days.	1000 s/g
Panicum elegans Sprinkles	✂ 500sd	4.15	1M @	7.00	**Ornamental Grass** 30"; Broad tassels bearing a myriad of tiny, red-tinged spikelets. Soft lime-green foliage, stiff stems. High yield of material for cut bouquets, fillers or centerpiece. Greenhouse or summer field crop.

Panicum miliaceum Violaceum		✂	1M	3.85	2M @	3.30	190 s/g ✂ 40"; Purple-green pendulous flower heads, attractive for floral art work, fresh or dry. Fine fieldgrown specialty.				
Panicum violaceum Green Drops		✂	200sd	3.90	1M @	16.85	200 s/g 3 ft; A handsome annual grass. Produces large pendulous heads of green seeds which turn reddish purple in fall. Easy growing. For back of the border, large containers, fieldgrown cutflowers, fresh green or dried red.				
Panicum virgatum Fontaine		✂	500sd	3.60	1M @	6.20	500 s/g ✂ Z4 2ft; Bright green arching blades, clouds of tiny light green seed heads with red tinted spikelets. Attractive filler material for mixed bouquets or as specialty cutflowers. For direct sowing to open field as a summer crop or from transplants to high tunnel. Early sowings will need 16 hour lighting to induce bud set.				
Pansy Atlas Black (F1)			100sd	3.25	1M @	25.00	800 s/g 6" spreading 8"; Large flowers, deep black with darkest purple undertones. Excellent fall Pansy and among the best large-flowered black pansies in commerce.				
Aurora Shades (F1)			100sd	11.15	1M @	95.65	10"; Intense bright yellow shades with blue picotee edges. Very showy display with high contrast and eye appeal, a different look that will get attention at retail.				
Ballerina Mix (F1)			100sd	11.15	1M @	95.65	10"; Mid-size flowers with ruffled wavy petals and very refined color range, the most attractive we've seen in a ruffled Pansy mix. Petal undulation is accentuated in cool weather.				
Blueberry Thrill ¶ (F1)			100sd	5.50	1M @	48.60	7" spreading 5"; Very large 3.5" flowers. Unique color pattern, light yellow with picotee edge of deep denim blue and maroon face. For specialty sales in baskets and combo containers.				
Bolero (Flamenco) Mix			100sd	11.15	1M @	95.65	8"; Extreme Butterfly type.				
Can Can Mix (F1)			100sd	11.15	1M @	95.65	8"; Chalon type blend of shades, super ruffled, extra bright, mid early.				
Cats Plus Series ¶			100sd	3.30	1M @	26.80	6-8"; All new breeding. Compared to the old Cats series, Cats Plus provides markedly more distinct whisker patterns, 10 days earlier crop time, better branching habit, stronger/shorter flower stems. Well adapted to both fall and spring programs. Crop times 10-12 weeks fall, 25-26 weeks spring. Colors: Blue & Yellow, Marina, Mix, Purple & White, White, Yellow.				
Chianti Mix (F1)			100sd	8.65	1M @	74.60	8"; Variegated ruffly shades from pink to salmon-cream.				
Colossus Series			100sd	3.30	1M @	28.55	8"; Giant pansy w/ Majestic size flowers 3-4" across. Tight plant habit is easier to produce, requires little to no PGRs & provides longer shelf life. Resists stretching in warm conditions. Colors: Blotch Mix (10 colors), Deep Blue w' Blotch, Mix, Neon Violet, Purple w' Blotch, Red w' Blotch, Rose w' Blotch, Tricolor, White, Yellow, Yellow w' Blotch.				
Cool Wave Series ¶ (F1)			100sd	17.50	1M @	151.00	8" spreading 24"; Next generation trailing Pansy with greater vigor, larger blooms and improved seed quality. Outstanding performance worldwide earns it the right to wear the famous 'Wave' name. Forms spectacular trailing, cool season baskets. A profuse spiller in mixed combos, and creates a quick, high-impact groundcover. Unsurpassed for overwintering hardiness. Culture Note: Do not overcrowd; use 128 plug or larger. One plug fills up to 6" pot, only 3 plugs up to 13" container. Colors: Berries N Cream Mix, Blue, Blue Skies, Fire, Frost, Golden Yellow, Lemon, Mix, Morpho, Purple, Raspberry, Raspberry Swirl, Red Wing, Strawberry Swirl, Sunshine 'N Wine, Violet Wing, White.				
Delta Classic Series			100sd	3.50	1M @	30.15	6" spreading to 8"; Extremely uniform in timing & habit. Tightly branched habit requires less PGRs. Earlier to bloom and more free-flowering than other series. Overwinters well & rebounds from severe weather. The Premium colors raise the bar for uniformity in habit & flowering time, plus they are more manageable & resist stretching better than the colors they replace. Colors: Beaconsfield, Blaze Mix, Blue Morpho, Buttered Popcorn Mix, Cotton Candy Mix, Deep Blue, Marina, Monet Mix, Pink Shades, Pure Red, Pure Rose, Tapestry, Watercolors Mix, Yellow Purple Wing.				
Delta Pro Series			100sd	3.50	1M @	30.15	6" spreading to 8"; Extremely uniform in timing & habit. Tightly branched habit requires less PGRs. Earlier to bloom and more free-flowering than other series. Overwinters well & rebounds from severe weather. The Pro colors raise the bar for uniformity in habit & flowering time, plus they are more manageable & resist stretching better than the colors they replace. Colors: All Colors Mix, Blotched Mix, Citrus Mix, Clear Colors Mix, Clear Lemon, Clear Light Blue, Clear Orange, Clear True Blue, Clear Violet, Clear White, Clear Yellow, Cool Waters Mix, Deep Blue Blotch, Fire, Lavender Blue Shades, Neon Violet, Red Blotch, Rose Blotch, TriColor Mix, Violet& White, White Blotch, Yellow Blotch, Yellow Red Wing.				
Delta Speedy Best Buy Mix (F1)			100sd	3.30	1M @	28.55	5" spreading 7"; Nearly day neutral, extra quick flowering and very uniform, tight bloom window. These traits provide opportunity for fall and winter color in south & west. Otherwise like Delta, with masses of large up-facing blooms and strong weather tolerance.				
Deltini Series (F1)			100sd	3.25	1M @	20.50	4" spreading 5"; Nearly day neutral for programmable production, selling into winter-flowering mkts in South and West, as well as early northern spring. Fast crop time with 4-day bloom window, even under short day conditions, enables bench run shipping to mkt. For fall, winter, spring packs & bedding. Colors: Blue, Mix (14 colors), White, Yellow.				

Frizzle Sizzle Series (F1)	100sd	3.60	1M @ 31.15	8"; Large flowered, offering more unique and bold colored mix. 100% frilled, hybrid vigor and earliness. Recommended for spring production in 4" and larger pots. Colors: Blue, Burgundy, Lemonberry, Mix, Orange, Raspberry, Yellow, YellowBlue Swirl.
Highflyer Mix (F1)	100sd	9.95	1M @ 85.85	4-6" spreading 10-12"; Extremely, tenaciously free-flowering. Day-neutral, heat tolerant, durable, long lasting flowers. Mounding, globe shaped plants with vigorous trailing habit & tight branching. Colors up profusely and stays that way til freeze. Good for both spring and fall sales. For baskets, premium container, bedding. Mix is 6 colors.
Imperial Antique Shades ¶ (F1)	100sd	5.50	1M @ 50.45	7"; Large flowers, unique colors, big color show in beds or containers.
Inspire DeluXXe Maxi Mix	200sd	4.00	1M @ 17.30	6" pots, 8" gdn; Extra large 3"-3.5" flowers in 'Majestic' class. Early, tight bloom window, with all colors reaching 50% bloom in 75-85 days. All colors in series achieve the large bloom size. Flowers long lasting for outdoor performance. Strongly branching to cover well and stays compact with short peduncles under both fall and spring cropping. Branches to fill a gallon. Lasts into winter in hot climates, with less daylength sensitivity than other extra-large flower types.
Inspire Plus Series (F1)	200sd	3.85	1M @ 16.70	6" pots, 8" gdn; Large 2.5"-3" flowers in 'Delta' class. Early, tight bloom window, with all colors, including True Blue, reaching 50% bloom in 78-86 days. Very uniform large bloom size. Flowers long lasting for outdoor performance. Beefy foliage and strong branching cover well and stays compact with short peduncles under both fall and spring cropping. Branches to fill a gallon. Good overwintering in hot climates. Colors: Blue Blotch, Blue Velvet, Blueberry Lemon, Fire Surprise, Jack O' Lantern, Maxi Mix (15 colors), Orange, Pink Shades, True Blue, White Blotch, Yellow.
Joker Series	500sd	4.65	1M @ 8.00	6"; Round multicolor flowers on compact plants. Colors: Jolly Joker (FSM/AAS), Light Blue, Mix, Poker Face (violet & orange).
Majestic Giants II Series ¶ (F1)	100sd	5.50	1M @ 51.15	6"; Large upfacing 3.5" flrs, resists stem stretching. Colors: Blotch Mix, Blue Jeans, Blue&White, Clear Mix, Clear Purple, Clear White, Deep Blue Blotch, Fire, Marina, Purple Blotch, Red Blotch, White Blotch, Yellow Blotch.
Mammoth Series (F1)	100sd	3.25	1M @ 22.50	6-8"; Extra large flowers in 'Majestic' type. Robust branching plants and short flower stems resist stretching under summer conditions leading up to fall sales. Flowers stay flat and face out for maximum visual impact. Colors: Big Red, Bluetiful, Deep Blue Dazzle, Glamarama White, Masquerade Mix, Mix, On Fire, Pink Berry, Prima Yellorina, Queen Yellow Bee, Sangria Punch, Viva La Violet, White Hot.
Matrix Series (F1)	100sd	3.60	1M @ 31.15	8" spreading 8"; Large 3.5" flrs. Bred for less grower loss and better sell-through. Superior plant structure, with the most uniform selection under long days. Tight bloom window in Fall production assures colors ship at the same time. Short stems and heavy textured petals with great holdability. Colors: Beaconsfield, Blotch Mix, Blue Blotch, Citrus Mix, Coastal Sunrise Mix, Denim, Midnight Glow, Mix, Morpheus, Ocean, Orange, Purple, Red Wing, Rose, Rose Wing, Solar Flare, Sunrise, True Blue, White, Yellow, Yellow Blotch.
Matrix True Blue ¶ (F1)	100sd	4.20	1M @ 36.00	8"; Uniform plant structure, branching and mass. Extra branching at young stage covers container soil before flowering. Short stems, heavy textured petals, narrow bloom window.
Moulin Rouge (F1)	✂ 100sd	11.15	1M @ 95.65	8"; Special cut flower type with thickened, stiff stems in a nice mixture of colors with ruffled petals. Large flowers. Can be grown slightly taller using close spacing &/or under glass. For specialty cutflower, in beds or under glass.
Nature Series (F1)	100sd	4.00	1M @ 34.45	8"; Free flowering mini pansy. Superlative for weather resistance in university trials. Lots of special color. Colors: Antique Shades, Blue&Yellow, Frosty Blue, Frosty Rose, Mix, Orange, Red Blotch, Rose Picotee, Rose Pink, .
Pandora's Box	100sd	7.25	1M @ 62.40	6"; Spectrum of rose to orchid shades blushing around golden-centered with dark-eyed blotch. Midsize flowers, long flowering.
Panola Series (F1)	100sd	3.60	1M @ 31.15	6-8"; Best of Panache, Baby Bingo & some new colors in one series. All w' early & uniform flowering times. Colors: Beaconsfield XP, Citrus Mix XP, Deep Blue Blotch XP, Deep Orange XP, Mix XP, Scarlet XP, True Blue XP, White XP, Yellow XP.
Spring Matrix Series	100sd	3.60	1M @ 31.15	8" spreading 10"; Bred for spring production, delivering superior plant structure and holdability. Uniform habit, timing and performance for bench-run crop, minimizing waste. Colors: Beaconsfield, Blotch Mix, Clear Mix, Daffodil Mix, Deep Orange, Mix, Tricolor Mix.
Swiss Giants Finest Mix	1M	3.95	2M @ 3.40	9"; Mix of standard Swiss Giants colors, economical but excellent quality for open pollinated strain.
Ultima Morpho ¶	100sd	6.15	1M @ 53.15	7"; AAS & FSM. Compact, unique flower is vivid blue wings with glowing yellow face. The same exotic color as the 'Morpho Butterfly'.
Ultima Radiance Violet ¶ (F1)	100sd	6.15	1M @ 53.15	7"; Luminous violet with white face & yellow eye. Compact, extra early, highly floriferous medium sized flowers.
Waraku Midnight Moon (F1)	100sd	4.80	1M @ 41.50	8" spreading 8"; Completely new flower color! Face is deep warm brown with golden centers marked by brown rays. The upper petals are glowing soft blue. Mid-size flowers are upfacing, borne on short peduncle over compact well branched plants with good ability to overwinter. Autumn thru spring.

Mystica ¶	✦ 200sd	3.90	1M @	16.75	30"; Start-to-Finish color. Bronze leaf from rosette onward. Large lavender-pink flowers. Red foliage in fall. Container centerpiece, showy in borders. Vern required.			
Penstemon grandiflorus Esprit Select	✦ 500sd	3.80	1M @	6.55	2 ft; FYF. American Native. Large flowers pure white, lavender, rose-pink, red & deep purple, plus bicolors. Thick strong erect spikes good for cutting. Winter hardy in well drained soil. Drought tolerant.	500 s/g	✦	Z4
Penstemon heterophyllus Electric Blue	100sd	4.60	1M @	39.60	12"; Spikes of intense blue, tubular flowers. First year blooming perennial.	1700 s/g	✦	Z8
Penstemon strictus ...	1M	3.15	2M @	2.70	18"; Deep violet-purple, erect spikes of tubular flowers.	950 s/g	✦	Z3
Penstemon x mexicali Sunburst Amethyst	100sd	3.30	1M @	27.90	20"; Bright purplish-blue flowers, fluted & white-throated. Heavy sprays of bloom over narrow bright-green leaves. Branching upright habit.	1800 s/g	✦	Z5
Sunburst Colours	✦ 200sd	3.20	1M @	11.15	16-18"; FYF. Produces a profusion of brilliant colors, pink, red and lavender to purple, mostly white-throated. Shimmering, narrow, glossy green foliage. Useful cutflower or in containers.			
Sunburst Ruby	✦ 100sd	3.40	1M @	29.35	16"; Easy to germinate. A profusion of white-centered, ruby-red blossoms on 16" stems. Graceful, bushy, hardy perennial, with shimmering, narrow, glossy green foliage.			
Pentas lanceolata BeeBright Series P (F1)	100sd	8.85	1M @	76.15	6" spreading 12" pot, 8" spreading 12" gdn; A week earlier in CA trials. Tightly uniform habit across all colors, fills a pack with bloom. Very productive flowering, with numerous clusters at a time on plants. For fast packs, pots, bedding. Colors: Lipstick, Mix (5 colors), Pink, Violet.	1125 s/g		
Glitterati Purple Star P	100sd	9.65	1M @	83.15	12" spreading 10" pot, 22" spreading 18" gdn; Unique new star pattern, white with purple edge outlining the star shaped flowers. Grows and blooms quickly and reblooms for long color season. For summer containers, combos, bedding.			
Glitterati Red Star P	100sd	9.65	1M @	83.15	12" spreading 10" pot, 22" spreading 18" gdn; Unique new star pattern, white with red edge outlining the star shaped flowers. Grows and blooms quickly and reblooms for long color season. For summer containers, combos, bedding.			
Graffiti Series P (F1)	100sd	9.15	1M @	78.15	8"; Large flower clusters, very vibrant color. Early uniform timing & habit across all colors. Branches strongly into a flat mound. Durable thru hot & humid weather. Dependable color in planters & beds. Colors: Bright Red, Lavender, Lipstick, Mix, Pink, Red Velvet, Violet, White.			
Graffiti 20/20 Series P (F1)	100sd	9.15	1M @	78.15	10" pot spreading 14", 14" gdn spreading 16"; Improved uniformity in height and flower timing with all colors fitting tightly in series. Colors very intense including a first-ever bicolor. Extra branching, flower power, and very full flower clusters deliver eye-catching sales appeal. For pots, patio containers, with good outdoor performance for gardens. Colors: Cranberry, Flirty Pink (bicolor pink&white), Mix (9 colors), Ultra Violet, White.			
Kaleidoscope Mix P (F1)	100sd	8.80	1M @	75.65	10" pot, 18" gdn, spreading to 16"; No PGR. Large flowers with vivid color hug canopy. Erect rounded plant, easy to ship. Strong in hot & humid weather. Durable color planters and landscapes.			
Lucky Star Series P (F1)	100sd	9.65	1M @	83.15	12" spreading 12" pot, 16" spreading 14" gdn; Very fast followup blooms grow into same canopy layer with prior flush rather than stretching up, creating very tight color density. Maintains color show from first sale thru end of season. For containers from 6" to gallon, bedding. Colors: Dark Red, Lavender, Lipstick, Mix, Pink, Raspberry, Violet (most intense), White.			
Northern Lights Lavender P	100sd	10.15	1M @	86.95	10"; New type. Easier to grow. Tolerates low pH levels and flowers freely in both cool and heat. Large umbels unfold new flowers continually, for season-long production both north and south.			
Pepper Basket of Fire (F1)	100sd	20.95	1M @	180.60	**Ornamental Edible** 12" spreading 24"; Hanging basket ornamental edible pepper. Compact leafy semi-trailing plants drip with small hot pencil-shaped fruits maturing from deep-purple thru cream & orange to bright red. Good tolerance to cooler weather lasting into fall. Good fresh and easy to dry. Scoville heat rating approx. 80000shu.	220 s/g

Habanero Primero Red (F1)	100sd 12.90	1M @111.35	18" spreading 18"pot, 24" spreading 24" container; Extremely early maturity for a Habanero, 60-65 days green, 75-80 days red ripe. Vigorous open plant habit, broadly branching and erect. So early it can be raised along with other crops for spring plant sales. Can be sold with small fruit in large containers along with ornamentals. The 2.75" x 1.5" fruit are quite hot, averaging 40,000 Scovilles, but only about 1/3 the heat of traditional Habaneros. For garden centers, large containers or fresh mkt farm sales when a less extreme heat is desired.			
Peppi Cornissimo	100sd 18.60	1M @160.15	36" spreading 24" at first pick; 48" spreading 36" at mature harvest. 55 days green, 60 days red. Produces seedless fruit when isolated from non-seedless pepper varieties. Large horn-shaped 6-7" Corno type fruit is extremely sweet, great for grilling. Should be grown in-ground with support. Very long bearing when grown seedless.			
Peppi Red	100sd 18.60	1M @160.15	36" spreading 24" at first pick; 48" spreading 36" at mature harvest. 55 days green, 60 days red. Produces seedless fruit when isolated from non-seedless pepper varieties. Small conical 4" fruit is extremely sweet, great for snacking. Should be grown in-ground with support. Very long bearing when grown seedless.			
Thai Hot Ornamental	500sd 3.15	1M @ 5.00	**Edible Ornamental** 8"; Spreading mounded plants form a densely branching small-leaved canopy covered in small, extremely hot 1" fruit. Shiny green & red, very ornamental and useful. Can be picked a long time from bowl, basket or kitchen garden. For ornamental edible container, veg bedding.			
Pepper Capsicum baccatum Mad Hatter (F1)	100sd 14.90	1M @128.30	143 s/g **AAS 2017** 24" container, 36" gdn. Exotic shape fruit, edible and ornamental. 68 days green, 88 days red. Trials reported excellent vigor, earliness, high yields, large size and lovely sweet, citrusy taste with occasional tiny tinge of heat near the seeds. Commonly used in Bolivian and Peruvian cuisine. Showy & novel three-sided shape. Vigorous, robust plants have performed well across North America.			
Pepper Capsicum x chinensis Ghost (Naga Jolokia)	100sd 9.95	1M @ 85.80	220 s/g **syn. Bhut Jolokia** 30" container, 60" gdn; Said to be the world's hottest pepper. Originates in Assam region of India, where the sources were kept secret for many years. 2" teardrop fruits start lime green and ripen to scarlet orange. Grow warm to max pungency. It would be a good idea to wear disposable gloves when handling seed or fruits, and to avoid contact with eyes, as for any hot pepper.			
Perovskia atriplicifolia Blue Steel	100sd 16.65	1M @143.70	1000 s/g ✦ Z4 18" 1st yr spreading 14", 30" 2nd yr spreading 20"; FYF and No Vern. Pure caerulean blue flower spikes, silvergreen foliage and stems. Massive color all summer. More compact than Taiga with more spreading branches for superior containers & landscapes. Worth testing as fieldgrown cutflower specialty on closer spacing. Heat and drought tolerant. Very hardy.			
Persicaria orientalis Cerise Pearls	200sd 3.45	1M @ 14.90	90 s/g 3-4 ft; Exotic arching rosy red flower spikes in great profusion borne at top of branches. Large heart shaped, intense green leaves. Best sown direct to borders or mass landscape. Worth testing for fieldgrown cut arrangement material.			
Petchoa Caliburst Yellow P (F1)	100sd 17.35	1M @149.35	6-10" spreading 20-28"; Breeding breakthrough! Seed-raised Petunia x Calibrachoa! Caliburst Yellow brings the most vivid yellow of Calibrachoa into a hybrid plant with the habit, flower size, product form and easy growing of a Petunia. Matches E3 Easy Wave precisely. No need for PGRs. Makes a great show mixed with E3 Easy Wave colors in a container.			
Petunia Dolcissima (Dolce) Full Mix P (F1)	100sd 4.95	1M @ 42.55	10"; Unique mottled mixture of Italian petunias with both multifloras and grandifloras. Color range includes soft pastel shades. Great for hanging baskets or mass plantings.			
Petunia Double grandiflora Allegra Mix P	100sd 21.60	1M @186.35	9300 s/g 25-30"; Tall, upright, double flowered, with thick stems that can be used as cutflower in fresh local mkt. Crop about 70 days from potting. The grower should be prepared to provide some support. for the stems. Can also be used as a climbing plant. Mix contains shades of salmon, rose, violet, white and bicolors.			
Double Cascade Series P (F1)	100sd 3.25	1M @ 23.35	10-15"; Early, compact, w' huge 4-5" flowers. Colors: Blue, Burgundy, Mix, Pink, Valentine.			
Glorious Mix P (F1)	100sd 3.25	1M @ 24.15	10-15"; Multicolor mix of solids & bicolors, huge 4-5" flowers.			
Pirouette Series (F1)	100sd 3.25	1M @ 20.90	15"; Large ruffled double flowers, each petal white-edged. Colors: Red, Rose.			
Pirouette Series P (F1)	100sd 3.25	1M @ 23.35	- Colors: Red, Rose.			
Petunia Fuseables Blueberry Lime Jam PMP (F1)	100sd 22.15	1M @191.15	30 s/g **Limited Availability** 10"; Fuseables germinate and grow together to produce more natural-looking mixes. Each multi-pellet contains Sophistica 'Lime Green' and 'Dreams Midnight', assuring a startling, sharp color contrast of lime-green & deepest midnight-blue in every plug.			
Lime Coral PMP (F1)	100sd 22.15	1M @191.15	**Limited Availability** 10-15" spreading 10-12"; Fuseables germinate and grow together to produce more natural-looking mixes. Striking color combo of 'Dreams Coral Morn' and 'Sophistica Lime Bicolor'.

TriTunia Series P (F1)	500sd	5.00	1M @ 8.65	12-14"; The very best of Ultra, Storm & Bravo series have been selected and combined into the TriTunia series. TriTunias were chosen across all 3 of the old series for the very best flower power, bloom size, uniformity of compact habit and timing. Great traditional, tried and true performance for packs or pots. Uniform flowering time and compact habit mean less grading, better holding on bench. Huge flowers are impressive in large beds. Colors: Blue, Blue Star, Blue Veined, Burgundy, Crimson Star, Fresh White, Lavender, Mix, Pink, Pink Morn, Pink Veined, Plum, ProFormula Mix, Purple, Purple Star, Red, Red Star, Rose, Rose Star, Salmon, Salmon Veined, Sky Blue, Veined Mix, Violet, White.
Zaire (Sunshine) (F1)	200sd	3.20	1M @ 10.55	10"; Bright pure yellow, a rarity among hybrid grandifloras. Early and long flowering, densely branching.
Petunia grandiflora fimbriata				8500 s/g
Aphrodite Series P (F1)	100sd	3.30	1M @ 27.25	12"; Large 3.5" flowers with rippled and fringed petals. Color have a nice sheen. Effect like seafoam. Bush vigorous habit, tolerant of rainy weather. For beds, planters, baskets. Colors: Mix, Purple, Rosy, Salmon, White.
Crazy Lace P (F1)	100sd	3.25	1M @ 20.50	14"; Pure white, frothy, deeply lacinated petals. Large 3.25" flowers in profusion over mounded plant. Showy & unique. For beds, baskets & planters.
Lacy Purple Streaker P (F1)	100sd	3.25	1M @ 20.50	15"; Deeply cut fimbriated petals, with spots & stripes of violet-purple and pink, 50% double & 50% single. 3" flowers cover mounded plant. Eye popping. For baskets, beds, planters.
Petunia hybrida				
Sparklers P (F1)	200sd	3.75	1M @ 16.25	6" pack, 10" gdn; Strikingly different. Flowers with long pointed petals shaped like 5-pointed stars. Colors range in shades of blue, pink, purple, lilac and cherry, some with bright yellow throats, others with large central white starburst. Compact mounded habit. Nice novelty for bedding or container.
Tickled Series P (F1)	100sd	14.70	1M @ 126.55	5 ft; Pendant or climbing habit. Abundant mid-sized flowers. Creates a bold showy mass on trellis or hanging from basket. Colors: Pink, Rose, White.
Petunia milliflora				10000 s/g
Bella Formula Mix	100sd	9.15	1M @ 78.55	8"; Masses of small flowers on compact plants, flowers are only 2" in diameter & are very weather resistant for excellent results in landscape, pots, packs, window boxes & hanging baskets.
Picobella Series P (F1)	200sd	3.85	1M @ 14.75	8-10"; Patented, miniature flowers & plants offer unique addition for retail. Easy & economical to grow under standard petunia culture and no need for PGRs. Strong vigor in garden. Colors: Blue, Carmine, Lavender, Mix, Red, Rose, Rose Morn, Rose Star, Salmon, White.
Petunia miniflora				
Petit Series P (F1)	200sd	3.45	1M @ 14.80	8"; Small 2" flowers in great numbers cover densely branching compact plants. Extremely early and produces a flush of several blooms from the start. Brilliant colors. Quick and cute. Fills same niche as Picobella. Good for impulse sale at register, bowls and patios. Colors: Carmine Rose, Deep Salmon, Red, Violet.
Petunia multiflora				10000 s/g
Celebrity Series P (F1)	500sd	3.20	1M @ 5.40	10-12"; Combination of the greenhouse performance of grandifloras with the outstanding garden performance of multifloras. Bloom size is 2-3". Colors: Blue, Blue Ice, Burgundy, Burgundy Frost, Burgundy Star, Mix (solid colors), Pink, Pink Morn, Plum Ice, Red, Rose, Rose Star, Salmon, Sky Blue, White.
Damask Series P (F1)	200sd	3.25	1M @ 13.15	4" pack 6" gdn; Genetic dwarf type with flat habit, needing little or no PGR, suited to high-density benching in packs & small pots. Early, uniform, neat plants that deliver strong landscape vigor. Colors: Blue, Mix, Red, Rose, Violet.
Dot Star Dark Violet P (F1)	100sd	9.60	1M @ 82.60	12"; Unique new bicolor pattern. White dots spangle each flower in a random pattern suggesting stars in a night sky. Well branched, producing an abundance of 3" flrs. Very resilient against rainy weather or cool weather. For baskets, planters, bedding.
Dot Star Deep Pink P (F1)	100sd	9.60	1M @ 82.60	8" spreading to 35"; New crosses bred for the ability to adapt and grow in a wide range of temperatures, possibly extending the garden season to earlier spring or later fall dates. Very dense branching and spreading habit.
Gioconda Mix P	100sd	18.50	1M @ 159.50	
Ingrid P (F1)	200sd	3.20	1M @ 11.35	12-14"; Unique wierd & wonderful fashion shade. Palest pink drifted petals with creamy greenish yellow throat spreading to about 30% of the flower surface. 5 distinct brown rays extend from center to edge of petal in starburst pattern with a network of tiny brown veins between. Flr diam 2.5". Low compact plants will spread and cascade over edges of container.
Mambo White P	200sd	4.20	1M @ 18.20	6"; This is the multiflora counterpart of Limbo, with same flat habit but smaller flowers.
Merlin Morn Series P (F1)	100sd	3.25	1M @ 21.85	10"; Compact, well branched plants produce early, 2.5" blooms. Good rain & heat tolerance. Colors: Blue (AAS), Rose.
Nora P (F1)	200sd	3.20	1M @ 11.45	12"; Soft sky blue with deep violet-blue veins arranged in star pattern. Compact. Novel material for pack & garden.
☺ Shake Series P (F1)	100sd	3.55	1M @ 30.80	6" pot, 8" gdn; Unique color breakthrough, with radial stripes of warm vivid colors radiating out over the yellow background color. Very pretty and unusual, will attract impulse sales at garden centers. Genetically compact, no PGRs needed. Flower size intermediate between multi & grandiflora. Colors: Blueberry, Mix, Raspberry, Strawberry.

Petunia pendula Velvet Series P (F1)	100sd	13.30	1M	@114.50	2-3 ft cascading; Vigorous overhanging varieties competing well with cutting-grown trailing types. Abundant mid-size 2"-3" flowers will cover whole plant under proper culture. Creeping habit from seedling onward. If used in bedding, fills rapidly and results in a thick mat of color about 10" high. Likes plenty of nutrition. Colors: Purple (intense purple w/ dark throat), Rose Vein, Salmon Shades, White.
Petunia Spreading Evening Scentsation P (F1)	100sd	22.90	1M	@197.55	**AAS Winner 2017** 5" spreading 30" pot, 8" spreading 36" gdn; Unique fragrance, recalling Hyacinth, Rose and Honey to the senses. Beautiful indigo blue flowers. Strong spreading stems with short internodes and prolific branching produce a tight canopy of flowers for massive color show. For bedding baskets and containers from 6" to gallon.
FotoFinish Series P	100sd	13.20	1M	@113.60	10" spreading 24" pot, 14" spreading 36" gdn; Reduced daylength sensitivity allows extra early flowering, 9-10 weeks from sowing in breeder trials. Mounded branching habit for high density and low PGR needs. Durable plants stay covered in flowers all summer Colors: Mix (11 colors), Pink, Red, White.
Hotunia Radiance Mix P	100sd	7.65	1M	@ 66.15	6" spreading 30" container, 8" spreading 36" gdn. Mix has 11 colors. Heat loving, disease tolerant, born and bred under hot-humid tropical conditions. Sowing to bloom is 70-80 days SD, 65-75 days LD. Mounded branching habit fills baskets & beds quickly and covers in large 2-3" blooms across the entire canopy. Tested well in Southeastern trials. Worth a try throughout the Eastern sunbelt.
Opera Supreme Series P (F1)	100sd	22.30	1M	@192.30	4" spreading 4 ft; Profuse branching. Continues blooming along entire length of stem. Daylength neutrality uniform across series. Colors: Blue, Lavender, Lemon, Lilac Ice, Mix, Pink, Pink Morn (AAS), Purple, Purple Vein, Raspberry Ice, Red, Rose, White.
Rapide Mix P	100sd	13.95	1M	@118.70	5"; An early flowering spreader, with large floribunda type flowers massed on creeping plant. Containers & landscape.
Skybox Rose Star P (F1)	100sd	14.25	1M	@123.00	10" spreading 24" baskets, 14" spreading 28" gdn; Large flowered spreading Petunia with extra early flowering even under short days. Classic showy cherry-rose white star pattern. For packs, baskets, beds.
Success Series P (F1)	100sd	12.45	1M	@107.35	10"; Improved spreading series. Data from trials shows extremely early and uniform timing, reaching 1st, 50% and 90% bloom an avg of 7 days ahead of other series with all colors coming on within an extremely tight 6-day selling window at each stage. 1st growth is up, then spreading begins right after transplant, avoiding tangled seedlings. Extremely flat habit rebranches and blooms across the entire canopy throughout season for a complete color fill. Colors: Blue, Burgundy, Liberty Mix, Maxi Mix, Pink, Red, Silver Vein, Twilight Mix, Violet, White.
Trilogy Series P (F1)	100sd	19.15	1M	@164.90	12" gdn spreading to 30"; Exceptionally well behaved dome-shaped habit. Spreading occurs in response to available root zone, overlapping container edges only about 25%, but maxing out in the garden at about 3ft diam. Hence, no tangling at any stage. 1 plant will fill a 10" pot quickly but not become ungainly. Garden coverage is achieved quickly and predictably. Mounded habit, short internodes even after blooming. Long shelf life and reduced sensitivity to day-length. Produces solid canopy of multiflora blooms. For 4"-6" pots, bedding, baskets and planters. Colors: Blue, Custom Mix, Lavender Pink, Lime, Purple, Purple Vein, Red, Rose, Scarlet (currently tighter habit than series & 7 days later), White.
Petunia Spreading milliflora FlashForward Series P	100sd	7.80	1M	@ 67.40	6" spreading 18" pot, 10" spreading 24" gdn; Reduced daylength sensitivity allows extra early flowering, 9-10 weeks from sowing in breeder trials. Plants keep tidy habit and tend not to overgrow neighbors in combo containers. Stays covered in myriad small flowers all summer, withstands poor soils and weather well. Colors: Blue, Burgundy, Mix (11 colors), Pink, Red, White.
Petunia superbissima Fluffy Ruffles (F1)	1M	3.15	2M	@ 2.40	6000 s/g 18"; The "California Giants" of bygone days. Gigantic flowers with waved and ruffled petals, good color range including veins and throats, long drooping habit, baskets beautifully.
Ruffly Double Series P (F1)	100sd	3.25	1M	@ 22.55	12"; Giant Tetraploid flowers up to 5" on upright robust plant. Petals are heavily textured and deeply ruffled with many doubles and semi-doubles. Novel container item. Colors: Alba (with wildly purple-veined throat), Cerny Triumph Mix, Dark Purple, Rosea, Wine Red.
Petunia violacea ...	2M	3.25	5M	@ 1.40	11000 s/g 4" trailing to 2 ft; South American native species, very durable, reseeds in landscape. Lots of small flowers with violet interior and violet to rosy-red exterior. Flowers are borne along long stems. Droops over hanging basket when provided a dry stress treatment. Typical foliage.

Petunia Wave

E3 Easy Wave Series P	100sd	17.35	1M	@	149.35	6" spreading 25" pot, 12" spreading 32" gdn; Improved Easy Wave type with several production advantages. Capable of shorter crop time in short-day, with all colors flowering at or under 10 hours of daylength. Also performs well at lower PGR rates (except blue). Habit is extremely uniform across the series, holds longer for extended sales window. Mounding and spreading habit. Hot colors for hot sales. Great in beds, baskets, pots. Colors: Blue, Coral, Formula Mix, Pink, Pink Cosmo, Red, Rose Morn, Sky Blue, White, Yellow.
Easy Wave Series P (F1)	100sd	17.35	1M	@	149.35	8-12"; More mounded than Wave series w' up to 3' spread. Excellent container or small space gardens. Colors: Beachcomber Mix, Berry Velour, Blue, Burgundy Star, Burgundy Velour, Coral Reef, Great Lakes Mix, Lavender Sky Blue, Mix, Navy Velour, Neon Rose, Opposites Attract Mix, Pink, Pink Passion, Plum Pudding Mix, Plum Vein, Red (formerly Cherry), Red Velour, Rose, Rose Fusion, Rosy Dawn, Silver, South Beach Mix, Starfish Mix, The Flag Mix, Violet, White, Yellow.
ShockWave Series P (F1)	100sd	17.35	1M	@	149.35	6"; Huge quantity of mini 2" flowers blanket lushly branched spreading mounds. Very fast flowering in a uniform 5 day time slot. Very fast rain recovery. Continuous color possibility. Colors: Coral Crush, Deep Purple, Denim, Mix (7 Colors), Pink Shades, Pink Vein, Purple Tie Dye, Red, Rose, Spark Mix, Volt Mix, White.
Tidal Wave Series P (F1)	100sd	17.35	1M	@	149.35	2 ft; Vigorous, hedge forming, covered with flowers. Colors: Cherry, Hot Pink, Purple, Red Velour (AAS&FSM), Silver (AAS), Surf's Up Mix.
Wave Series P (F1)	100sd	17.35	1M	@	149.35	3-6"; Spreading 3-4 ft. Blooms freely all season. Colors: Carmine Velour, Lavender (AAS&FSM), Misty Lilac, Mix, Pink, Purple, Purple Classic.
150 s/g						
Phalaris canariensis						
Canary Grass	1M	3.15	5M	@	1.90	3 ft; Attractive ornamental grass with small, oval white flower heads that are green-veined & often tinged w/ violet. Nice as dried cut.
850 s/g						
Phlox						
21st Century Series ¶ (F1)	100sd	6.85	1M	@	59.15	10"; F1 Hybrid, first ever in this genus. Hybrid vigor lends stress tolerance & long season endurance, strong germ & seedling vigor. Colors: Blue, Crimson, Mix, Pink, White.
Blushing Bride	1M	4.95	2M	@	4.25	15" pot, 24" gdn; Flowers color-shift from white to light red as they mature, creating a lovely mix of blush-white to light red on the same plant. Large sweetly fragrant flowers in profusion. For spring borders and containers, great for Mother's Day. This is a grandiflora type and can also be used as fresh local fieldgrown cutflower with closer spacing.
Cherry Caramel	1M	3.20	2M	@	2.75	16-20"; Flowers are caramel with cherry-red center. Broad overlapping petals on large blooms. Very unusual color for spring planters, borders and specialty cutflower.
Grandiflora Tapestry Mix	1M	5.20	2M	@	4.50	18"; Large flowered strains. Tapestry contains a full range of colors, with large contrasting centers of blue to rose. Stars and Stripes contains red to rose shades contrasting red stripes and white stars in center. Very fragrant. Useful fieldgrown cutflower or for massed or direct sown landscapes.
Popstars Series (F1)	100sd	6.40	1M	@	55.15	10" spreading 14" pot, 14" spreading 16" gdn; A riot of starburst bicolors, picotees and reverse picotees in red, blue, carmine, purple, rose & white. Naturally dwarf and dense branching with the enhanced flower power and garden performance of F1 vigor. Eye-popping in planters. Colors: Deep Blue, Mix (6 colors), Red, Rose Eye (cherry white star).
Starry Eyes	500sd	4.00	1M	@	6.90	18"; A rich blend of dark-eyed colors w' starred eyes. Very fragrant. Useful fieldgrown cutflower or for massed or direct sown landscapes.
Sugar Stars	1M	3.95	2M	@	3.40	18" container, 25" gdn; A brilliant pattern, violet blue shades with white starred centers. Showy & fragrant with tall stems and long vase life for cutflower. Drifts in border. Good for landscape.
Twinkle Mix	500sd	5.15	1M	@	8.80	10"; Star shaped fringed flowers in white, pink, & carmine shades including many dark-eyed types.
100 s/g ✦ Z4						
Phlox decussata (paniculata)						
New Hybrids Mix	100sd	5.50	1M	@	49.70	36"; Improved variety provides a wide color range mix of white, pink, salmon-pink, salmon-red, red, deep rose, lilac, violet, burgundy, carmine.
220 s/g ✦ Z7

Thunbergia alata African Sunset Mix		100sd	9.50	1M	@	82.15	5 ft Vine; Unique sunset shades including red, apricot & buff, all dark-eyed. Robust vine suitable for trellised containers & landscapes.	30 s/g	
Amber Eyes		100sd	6.95	1M	@	59.70	Vine to 5 ft; Large glowing amber flowers, distinctly black-eyed.		
Mix		100sd	6.60	1M	@	56.75	7 ft; Popular climber in mix of orange shades, yellow, white, both dark-eyed and clear-eyed types.		
Susie Mix		100sd	8.30	1M	@	71.50	7 ft; Flowering vine for baskets or window-boxes.		
Thymus fragrantissimus Orangelo Orange Thyme		100sd	3.70	1M	@	31.90	**Ornamental Herbal Edible** 8" pot, 12" spreading 14" gdn; Very fragrant variety of French Thyme, whose traditional flavor is overlaid with the citrusy fragrance of Orangelo. Forms a ground-covering mat with tiny leaves, white stems and myriad blush white flowers in summer. Hardy evergreen perennial can provide beauty and fragrance yearlong. Useful in kitchen, and in landscape as a fragrant groundcover, tough enough for light traffic. Also good choice for bowls and to cover and cascade in mixed bowls or combo planters.	5600 s/g	✂ Z5
Thymus serpyllum Creeping Thyme		5M	3.00	10M	@	0.40	4" trailing 10"; Creeping, purple aromatic ground cover.	5100 s/g	✂ Z5
Thymus vulgaris Summer Thyme		2M	3.15	5M	@	1.25	8" container, 12" gdn; The best flavored of the Thymes. Narrow, distinctly grayed leaves along long internodes. Superb flavor. For containers, herb production, bedding. Slightly less hardy than standard Thyme.	5000 s/g	✂ Z6
Winter Thyme		2M	3.00	10M	@	0.90	8"; Lilac flowers and fleshy, deep green leaves. Robustly branched. Classic seasoning.		
Tithonia rotundifolia Fiesta Del Sol	✂	100sd	4.15	1M	@	35.25	36"; AAS. Compact, heat & drought tolerant, brilliant orange daisies. For containers and borders. Attracts butterflies.	150 s/g	
Goldfinger	✂	500sd	3.25	1M	@	5.60	30"; Shorter than torch w' 3-3.5" scarlet-orange flowers produced over a long blooming season, excellent garden background plant or cuts.		
Red Torch	✂	1M	4.15	2M	@	3.50	4 ft; Scarlet-red.		
Tomato Candyland		100sd	5.25	1M	@	45.15	**AAS Winner 2016** 5-7 ft spreading 3-4 ft; 55-60 days. Winner in national trials due to tidy manageable habit, easy culture and harvest. Branched trusses make fruit easier to pick without damage. Trusses can be harvested whole for appealing mkt display. Very high yield of small fruit. For bedding plant sales, or fresh mkt growers.	1000 s/g	
Heirloom Marriage Big Brandy (F1)		100sd	9.90	1M	@	85.30	Indeterminate; 2 heirlooms, Big Dwarf x Brandywine, were crossed to make Big Brandy. Jumbo 12-15 oz fruit in about 80 days from transplant. Beefsteak shape like Brandywine, wonderful flavor. More productive than either parent.		
Heirloom Marriage Genuwine (F1)		100sd	9.90	1M	@	85.30	Indeterminate; Cross between Brandywine x Costoluto Genovese. Large 10.5-11.5 oz fruit in about 70 days from transplant, larger fruit and much earlier than Brandywine, less fruit blemish but all of the flavor of an old-time tangy tomato. Substantially higher yield than either parent.		
Peardrops (F1)		100sd	7.95	1M	@	66.35	**Patio Vegetable** 8" trailing 2 ft; Oval golden-yellow 1 oz fruit. Well branched plants yield prolific trusses of sweet, thin skinned fruit. Delicious right from the vine.		
Red Profusion (F1)		100sd	7.95	1M	@	66.35	6" spreading 22"; Determinate trailing cherry tomato bred for marketing large veg baskets with fruit in color. Exceptionally early ripening at 47 days from transplant. Habit stays neat, branches profusely 360°. Produces abundant scarlet 1" fruit on 10-12" hands. Very sweet and tasty at 7 brix. Good weather tolerance provides durable aftermarket product. For veg container, veg bedding.

Stellar (F1)	100sd	15.70	1M @135.30	**AAS Winner 2016** 30" spreading 24" pot, 36" spreading 36" gdn; 70-75 days. 70-75 days. Super disease package includes Septoria Leaf Spot and both Blights, enabling high yield potential and long lasting harvest from clean plants. Round 5-7 oz fruit load up on vigorous plants. Excellent slicing quality. Best for trellis culture in open ground. Home gdn, promoted by AAS, fresh mkt.		
Sugar Gloss (F1)	100sd	6.65	1M @ 55.60	**Ornamental Edible** 5-6 ft trellised indeterminate habit, spreading 2 ft; Produces massive trusses of bright glossy red cherry tomatoes. 1.5" diam. fruit are arrayed in beautiful spreading trusses 12-18" long, hanging from the sturdy plant and bearing up to 60 fruit per truss. First ripe fruit in 50 days after transplant. Very sweet and tasty at 12 % brix rating. This can be summer long delight for the consumer. Requires trellis support. For large finished veg tubs, veg bedding plant, worth testing for local fresh produce.		
Sweet 'n' Neat Series	100sd	7.95	1M @ 67.65	**Patio Vegetable** 10" pot, 14" gdn; Extra compact type suitable for use in patio containers or other extra-small garden spaces. Very neat, strongly branched plants can be easily retailed showing green fruit. Determinate habit but produces masses of tasty cherry tomatoes all season. Approx 48 days maturity. Colors: Scarlet, Yellow.		
Torenia						
Duchess Mix P (F1)	100sd	3.25	1M @ 20.70	8"; Bred to perform as an exceptional pot plant, but does equally well in both sunny & shady gardens. Tight, mounding habit ideally suited for pack & pot production.		
Kauai Series P	100sd	3.30	1M @ 28.65	8"; Offers the fullest range of brighter, eye-catching colors. More manageable & cost effective on the bench -- more compact habit than 'Clown'. Tighter bloom window at about 8 days, with most colors and the mix being earlier than 'Clown'. Colors: Blue & White, Burgundy, Deep Blue, Lemon Drop, Magenta, Mix, Rose, White.		
Little Kiss Series P (F1)	100sd	5.45	1M @ 46.80	6-8"; Offers excellent basal branching and is uniform in flowering time and habit. Heat tolerant, ideal in patio containers, beds and borders. Mix includes Blue, Blue & White, Burgundy, Rose Picotee & White. Colors: Mix, Rose Picotee.		
Vertigo Series P	100sd	3.65	1M @ 31.55	5-8"; Super gdn performance observed in trials. Breeding & selection work took place under extreme conditions of heat and humidity. Compact habit, continous flowering, glossy foliage and reduced fading of flower color were sustained from June to August. Colors: Deep Blue, Mix, Rose.		
Trachelium caeruleum						
Black Knight P		100sd	4.95	1M @ 42.70	40"; Glowing intense violet blue flowers borne in large umbels atop stiff near-black purple stems. Very striking appearance for vase or accent plant. For professional cutflower, field grown, hoops or glass. Also fine accent plant with vertical element.	
Corine Series P		100sd	3.45	1M @ 29.70	30-32"; Bred for rapid bud formation. Very uniform, with large decorative umbels on well branched plants. Professional cutflower adaptable to wide seasonal range. For greenhouse or hoop house in early cultivation, or outdoors in late spring to summer. Note: White not available for 2021-22 season. Use Supreme Early White as companion to Corines Colors: Light Blue, Lilac, Misty, Mix (6 colors), Purple, Red.	
Lake Michigan Series P		100sd	3.25	1M @ 21.80	30"-42" depending on spacing; Broad umbels densely packed with flowers. Wiry upright stems. Long shelf life and good shipability. Mid-season Group 3 type for late spring to early summer flowering from mid-winter to early spring transplants. Also possible to harvest in fall to early winter from late summer to early fall transplants. Colors: Blue, Mix, Purple, Violet, White.	
Supreme Early Blue P		100sd	4.95	1M @ 42.75	30-32";Intense Blue flowers. Bred for rapid bud formation. Very uniform, with large decorative umbels on well branched plants. Stems bear a large central cluster with smaller umbels below on side branches. Professional cutflower adaptable to wide seasonal range. For greenhouse or hoop house in early cultivation, or outdoors in late spring to summer. Excellent companion for the Corine series.	
Supreme Early White P		100sd	3.45	1M @ 29.70	30-32"; Brilliant White flowers. Bred for rapid bud formation. Very uniform, with large decorative umbels on well branched plants. Stems bear a large central cluster with smaller umbels below on side branches. Professional cutflower adaptable to wide seasonal range. For greenhouse or hoop house in early cultivation, or outdoors in late spring to summer. Excellent companion for the Corine series.

Profusion Double Single Mix F		100sd	6.15	1M	@	52.40	10"; Blend of 11 colors chosen from among both double and single Profusion varieties so as to provide in one mix the broader color range available in the collection.		
Pulcino Salmon	✂	200sd	3.20	1M	@	12.00	20"; Mid height, large rounded double flower.		
Pumila Cut & Come Again	✂	500sd	4.00	1M	@	6.85	2 ft; Noteworthy heirloom mix that produces small 2-3" double flowers in shades of cream, pink, salmon, white, yellow & more. A classic for fieldgrown cuts.		
Queen Series	✂	100sd	7.50	1M	@	64.50	30"; Specialty cutflower that produces high yields of 3" fully double blooms, with an occasional outlier or semidouble. Their sturdy stems and fade resistant colors make them outstanding cuts with a long vase life. Also performs well in large pots & gardens. Colors: Lemon Peach (priced separately), Lime, Lime Blotch, Lime Orange (priced separately), Lime Red, Mix, Pure Orange.		
Queen Lemon Peach	✂	100sd	9.15	1M	@	78.85	**2022 AAS Winner & Fleuroselect Gold Medal.** Peachy lemon with ruby-peach centers. Performance as for Queen Series, large double flrs, great for specialty cutflower, gdn or large container.		
Queen Lime Orange	✂	100sd	9.15	1M	@	78.85	**2017 AAS Winner** 28" container, 36" gdn; Gorgeous showstopper was the word for this variety in the 2017 trials. Unique new color, coral orange with lime green inner petals and red-rose centers, shifted to peachy orange with buttery lime inner ring and scarlet centers. Large 3-4" highly double fluted Dahlia type flowers, strong stems. Very durable plant, showed little foliage wilt vs comparisons, a great beauty til summer's end. Height reached 4 feet when crowded. Cut blooms lasted 3 weeks in vase at room temp with no special treatment. Must-have cutflower, field grown or high tunnel. Also a robust beauty for large showpiece containers.		
Senora	✂	200sd	3.20	1M	@	11.40	3 ft; Glowing double salmon pink. Very large 3-4" double cactus flowers. Eye catching. For borders, fresh local cutflowers in field or high tunnel.		
Short Stuff Series C (F1)		100sd	11.55	1M	@	99.35	10"; More dwarf than other zinnias, but still show off large, fully double blooms. Ideal for jumbo packs, pots or garden. Colors: Cherry Shades, Coral, Deep Red, Gold, Mix, Orange, Scarlet, White.		
State Fair Mix	✂	200sd	3.25	1M	@	13.70	4 ft; Tetraploid mix. Giant flowers, extra thick stems, less susceptible to PM & Alt. Premium selected strain for professional fieldgrown cuts.		
Sun Sunshine Mix (F1)	✂	100sd	10.00	1M	@	86.20	18-24" container, 32" gdn; F1 Zinnia, giant formal dahlia flowers on hedge forming plants. Extra large flowers, extra full double. May be stretched at close spacing for longer stems as cutflower. Mix contains extra shades of ivory, lemon and apricot.		
Super Cactus Giant Mix	✂	1M	3.85	2M	@	3.30	3 ft; Seven bright colors. Formula Blend of Giant flowered tetraploid varieies. Quilled cactus-form petallage. Premium quality. Choice for fieldgrown cutflower or mass landscaping.		
Swizzle Series (F1)		100sd	20.60	1M	@	177.40	10"; Vibrant bicolor flowers are sure to stimulate impulse sales. Full, bushy plants are covered w/large, double blooms and will perform great in the garden. Colors: Cherry & Ivory, Mix, Scarlet & Yellow.		
Thumbelina		1M	3.15	2M	@	2.00	6"; Elf sized plants for edging or containers, 2" flowers in mixed pastel shades.		
Topolino Mix		100sd	7.15	1M	@	61.15	10"; Compact growing, large flowers, a dwarf version of Pulcino w' same elegant color range & rounded double flower.		
Tudor	✂	200sd	3.25	1M	@	13.70	3 ft; Giant Dahlia-flowered type, deep purple. Large fully petalled flowers. For fieldgrown cuts, landscape, tall borders.
