

Eric & Stephanie Chapman

Serving in Moldova & Malawi

Dear Friends,

September 25, 2026

Stephanie continues to improve in her health, thank you for your prayers. We will be participating in several mission's conference over the next three Sundays. On October 13th, we will be returning together to Moldova.

We want to praise God for the ministry in both Moldova and Malawi. In Moldova the team there is doing extensive work in making disciples of those that came to Christ during the summer camp. There are now 8 discipleship groups in Moldova. Stephanie and I will be visiting these groups and meeting with the entire team. The ministry is moving in the right direction, and we thank God for the vision God has giving our Moldovan leadership team. We will also be meeting with Ukrainians to discuss how we can help them now and in the future. Pray for our wisdom in these discussions.

In Malawi the JohnMark Zeigler family is fully engaged in the ministry. They are preparing our properties in Malawi to run camps next summer. They are using the Jesus film to introduce the Christ to villages that have never heard the Gospel. JohnMark opened the Shepherds Academy with 45 students and 12 future teachers being prepared to make disciples across the country. The 12 are in advanced classes and they are helping the younger students in study and ministry. We are very excited about the progress and success of the ministry in Malawi.

Because of your prayers and support, we are able to accomplish so much for the cause of Christ in both Eastern Europe and Africa.

God bless,
Eric Chapman D.D.
