

## SPRING NEWLETTER 2009

Hello Everyone! The weather is warmer and the flowers are blossoming as a symbol of nature's beauty. Speaking of beauty, here is the latest on Juice.

### *NEW CD!!*

This is the news everyone has been waiting on. Juice has a new CD coming soon!! This CD however, is different than prior projects because it is a CD of children's songs. Some of these songs are original material!

This wonderful new project is due for release very soon!

### *THANK YOU TO EVERYONE*

Juice wishes to thank everyone for the tremendous success of her holiday CD "The Gift of Christmas." The response has been wonderful she and Otha Young hope you enjoy this holiday treat for years to come.

### *Classic Juice On CD*

Juice Newton fans have collected all of Juice's albums and know that LP's went out with big hair and parachute pants. However, two of the albums Juice recorded in 1975 and 1976 were never released on CD until now!

The classic LP's self entitled "Juice Newton & Silver Spur" and "After The Dust Settles" are now available in digital format!! These two albums were recorded on RCA Records and are now released by Wounded Bird Records.

Wounded Bird Records is also releasing "Can't Wait All Night" & "Old Flame" again to CD. A question you may be thinking is, "What about the albums "Well Kept Secret" and "Take Heart?" Those two titles are on Capitol Records and have not been released at this time.

However, in the meantime, purchase these titles to preserve your Juice collection!! You may purchase these at any retailer. Including....

### *Juice's Performance*

One of the most enjoyable things is to see JNFC Members at Juice's concerts. Bill Volkman and Daniel Crum and Jay Finnegan were all at the concert in Primm Nevada in March. JNFC President Paul Fowler was there as well.

I have been to see Juice in Primm prior but not at this new facility. It is called the Desert Sun Arena and it was packed for both of Juice's shows. Juice was very well received and spoke to the crowd about her new CD that is forth coming.

Another nice surprise was band member Jay Cawley's parents were at the show and Juice introduced them to the crowd. Jay has been with Juice for many years and is a very talented performer. Jay has written books for Scholastic as well as songs that have been recorded and is involved environmental efforts. Jay plays bass guitar in Juice's band.

I was very surprised but pleasantly so, to see the huge line of fans waiting after the show for Juice's merchandise and autograph.

Bill Volkman went to a concert in Florida recently and here is what he had to say.

Juice Newton Trio Show  
Citrus Hills Country Club  
Hernando, FL  
March 10, 2009 6pm and 8:15pm

"Juice and Otha and Jay brought their acoustic guitars to Hernando, Florida to do a Trio show at the Citrus Hills Country Club. The show sold out about a month in advance, so a second show was added at 8pm. This is the first Trio show that I have been to in a while; it gives Juice an opportunity to perform some of her old standbys, like Angel of the Morning and The Sweetest Thing in an acoustic environment, and also to perform some numbers such as Sweet, Sweet Smile, a big hit for the Carpenters that Juice wrote, and Cowboy Man which was written by Lyle Lovett. Juice was one with the retirement crowd, which was cheering enthusiastically for each number this was clearly the event of the season.

To finish the show, the trio put down their guitars and sang a capello Queen of Hearts and Love's Been a Little Bit Hard on Me. As a finale, it was great to hear Otha's baritone voice!"

*Reminder About Dystonia Benefit*

As many of you may remember, Juice performed at a benefit concert in 2006 at the beautiful Joan Kroc Theatre in San Diego, CA. All proceeds went towards Dystonia Research.
