... A unique summertime experience for kids!  
Summer of 2025

We have some fantastic trips this year, and are looking forward to another great summer. Please read the information below, which includes descriptions of each trips. Our trip costs may be high than usual this year, as bussing costs have greatly increased. *When we figure out the cost of the trips, we include both the cost of admission and the cost of bussing.* The Pennsbury School District busses us to and from the trips within Pennsylvania, however they will not transport us to New Jersey. For the trips that are to New Jersey, we need to use a private bus company, which is more expensive than what the Pennsbury busses cost.

Please note, our trips have a limited number of spaces, and do fill up quickly.
