Now onto happier news...

DVD/cd

September 10, 2001 Juice recorded her new dvd/cd at the key club. The Key Club is located on Sunset Strip in West Hollywood, CA. The concert performance was recorded for the dvd and will also be available on audio cd.

The key club was packed with many people. I was so proud to see many of you there. Fan Club Members came up to me and introduced themselves. Thank you all for doing that. Some Fan Club members showed up in homemade "Juice" tee shirts they created and brought friends and family to the show.

Juice opened with a new song called "Your Heart is showing" and the audience was riveted. Juice was beaming a great smile the entire evening and was very animated. Otha and the band were all very energetic and entertaining.

Juice also sang another new song called, "Every Road Leads Back to You" and it was also very well received. All of her biggest hits of course were also performed and the crowd loved them! Juice got a standing ovation for "The Sweetest thing (I've ever known)." Juice received another standing ovation for "Angel of The morning."

People were still standing when the band launched into "Queen of Hearts" and everyone was clapping and dancing in place.

Shortly after the first taping wrapped, it was announced that Juice would be re-recording a couple songs. Juice came out and she sang a song for the very first time ever. That song is the title cut of this project. The song is called "Love Is Alive & Well." This is a beautiful song sang with full dedication and emotion that only juice can deliver.

The release date is yet to be determined. I will be sure to give everyone that information when it becomes available.

Juice & Otha, we all are so very proud of you for providing us with (in my opinion) the best show yet!

Thanks again to everyone who came to the show in person and in spirit! I want to also thank Otha for his generosity and thank Juice for her dedication to her fans! Juice is our shining star!

THANK YOU'S

I wanted to say thank you to Fan Club Members! Your letters show the most admirable traits in people. Those traits are kindness and support. I am so proud to call you all Juice Fans!

HISTORIC FACTS

The very first Juice Newton Newsletter did not have a logo. The newsletter was in red ink and the jnfc was born! The newsletter was sent out shortly after the release of the "Dirty Looks" LP.

Soon there after, the club had solidified into what it has become, A steady flow of information and support for a talented lady.

The newsletters that followed were always exciting and jammed with interesting news. The original JNFC ran for 10 years and was very successful thanks to Maxine Young.

In February of 1998 the JNFC was "reborn." Although times have changed, with the Internet and various other media's, the need for a place for fans to go and feel in touch with the artist is strong.

REVIEW

Remember, anybody can send in a review about Juice. It can be from a music critic or from one of our club members. Now, as I had mentioned at the top of this newsletter, there were Fan club members present for the DVD taping. Here is what fan club member Bill Volkman had to say...

“Juice Newton's September 10th DVD-taped concert was one of the last events that took place while the USA was a relatively terror-free country. It was Juice's premier concert in recent years. *Juicefans* traveled from all over the state of California, and all over the country to be here for the extravaganza. Juice Fan Club President Paul Fowler was present, coming in from San Diego and many Fan Club members met each other in person for the first time. This full-house audience at the Key Club was the most enthusiastic crowd I have ever seen in recent years. Leading into each number, the audience cheered for every old-time favorite number that Juice started up to sing.

Prior to singing "The Sweetest Thing" Juice took a moment to honor her partner Otha Young, the writer of the song. She introduced his wife Brenda and daughter Makenna. In the middle of Juice's incredible performance of this song, the audience responded with a loud standing ovation. There were two stationary DVD cameras, and two mobile cameras, capturing every element of the concert. Juice introduced two new numbers, she opened with "Your Heart is Showing" and later performed "Every Road Leads Back to You".

From midway through "Angel of the Morning" through the "Queen of Hearts" finale, the audience was in a continuous standing ovation. Juice and the Regenerators came back for an encore of Steve Cochran's, "Back to You", a number that they all always have fun performing. They finished up with the acapello "It's Late."

After the concert, Juice came back to redo a couple of numbers and then performed "Love Is Alive and Well" the title song for the new DVD/CD. Juice signed T-shirts and posed for pictures after the show. This was a remarkable event, and we all just can't wait for the DVD and CD releases to come out.

Next report from the Topsfield Fair in Massachusetts, Oct 7,8."
