

November News

October's Favorites

October was a month filled with fun experiments and festive art activities! Students really enjoyed redoing the boat challenge from last month. They were able to improve on their designs and collaborate with their peers to see what items worked best on their boats. Additionally, students were very engaged this month in mini cup and brain flake building. It was great to see the students working together to build challenging designs!

November's Focus

This month, we plan to focus on spreading kindness throughout the school and our community. We're using World Kindness Day (November 13th) to launch kindness projects in hopes of making a difference in our students' lives. Promoting kindness has been shown to reduce bullying and directly reduces disruptive behavior. Additionally, encouraging thoughtful behavior can make a huge difference in the social and emotional wellbeing of our students. Children learn by doing! So let's work together to promote and experience caring and compassionate behavior!

Upcoming Events

Doodlebugs After School Program has partnered with Sara Saltzman in hopes of starting a Spanish class on November 15th for our after school students. This class would be held on Thursdays from 4:30 to 5:15 and will cost \$45 a month for a weekly class. We are excited to start this partnership and encourage you to sign your child up for this learning opportunity!

Also, spots for hip-hop and jazz dance class are still available! See Ms. Mandy for more details!
