Sincerely, (Dr. C., Lakewood Ranch, FL May, 2018)*
- *Thank you so much! My 14 year old boy started wearing these contacts last spring and was having the hardest time getting them in his eyes. After a few visits, Dr. McDonald introduced my son to this product and he has been so grateful ever since, it's changed his life! Thank you for creating this product! (Maureen S. Portland, OR April 2018)*
- *I struggled with scleral for two years. They were hard to get in, and when they are in, I often had bubbles that aggravated my corneas. I had reached the point of my doctor considering a cornea transplant. A doctor in Princeton, NJ had me try the inserter and stand and it solved my insertion and bubble problems. My life has changed due to the product and the improvement in vision without bubbles and aggravation of my corneas.(Jonathan N., Helmetta, NJ January, 2018)*
- *"I wanted to update you on our patient that used the plunger stand for her scleral lens. The patient was able to get the lens in with no problem her first try! From that point on inserting and removing was so much easier for the patient. The smile on her face was great! We want to thank you so much!" (Dr. J., Newport News, VA January, 2017)*

- *This product is a God send. I have very low vision in one eye. I can't even see after the lens is in, but I need the lens for relief from dry eye and cornea problems from shingles. I need the light to get it in. " (Rosemary L., N Olmsted, OH December, 2017)*
- *Got my See Green with stand and got the contact in right eye on the first try! No more toils and irritating my eyes with repeated attempts, taping to hold my eyelids open etc. I will be sure to let my Doctors at Barnes Jewish know. I would be happy to write a short testimonial. Thanks so much, (Richard S. Carl Junction, MO December 2016)*
- *"This device is instrumental to my wellness and helping me have a normal day. With much appreciation." (Michelle S. , Peabody, MA, January 5, 2016)*
- *"This item is a life saver for me! I know there are many reasons for using it but for me it was that I need both hands to open my eye to put the lens in. I'm so glad my doctor at Mayo in MN recommended it for me" (Pat G., Cornelius, NC, March 12, 2015)*
- *"I had given up on sclerals because of the difficulty in inserting the lens. My doctor had me try the device in his office and I am ecstatic as I can now wear sclerals again". (Patrick M., Houston, TX February 7, 2015)*

- *"I don't know what I would do without it" "I just love it" "I wouldn't even try to put my lens in without it" (Trudy P, Corona, CA - Dec. 20, 2013)*
- *The See Green Lens inserter is a life saver. I no longer have to have a caretaker to come every day to help put in my lenses. (Terry R., Woodland Hills, CA - June 26, 2013,)*
- *It has always been difficult for me on the insertion because of the way I was taught and because I have small very dry eyes (Sjogrens Syndrome) When I got my new LED green light from you a few weeks ago, I noticed you redesigned the green light package. I took the time to carefully read your insertion instructions and I was thrilled to be able to insert my BOSP lenses in seconds! Thank, thank you and bless you for your part of these marvelous products and you perfect instructions on the insertion. (Virginia O., Parlin, NJ - Nov. 20, 2013)*

- *Thanks again so much and please keep me apprised of any further inventions and innovations you come up with. I truly believe I would not wear my sclerals as much as I do if it was not for your amazing invention which is sooooo much easier than the traditional way of inserting sclerals. Cheers, (Jeff F., Lake Elsinore, CA - April 11, 2013)*
- *The See Green Lens Inserter made an enormous difference in my husband's life. We are very, very appreciative!! Caryn M., Great Neck, NY – (Nov. 8, 2013)*
