EXPANDED METAL FURNITURE DECK

ITC proudly offers our new patented Furniture Deck. The Furniture Deck was conceived with the unique challenges of furniture storage in mind. Sitting flush inside the support beams the Furniture Deck provides a smooth surface allowing all types of furniture and accessories to be easily stored without damage to legs and boxes. The small opening assure legs wont get hung up or fall through all while allowing an amazing 80% open to exceed all fire code requirements. The Furniture Deck is ideal for all types of specialty applications such as archive and record storage, Bulk clothing, carpet, Food, Retail displays, and much more.

FINISH:

Powder Coat Grey

ITC Manufactures and Distributes out of both the Phoenix, Arizona and Columbus, Ohio locations.
