Prayer Services 12PM Via ZOOM

2026 Theme : Living the abundant life (John 10:10)

Words of Encouragement from Dr. C. Yvette Brock, Pastor

Dearly Beloved in Christ Jesus,

The more abundant Life down here on Earth depends on loving God. During this Easter season, as always, we face spending money, which some of us may not even have. But the joy of Easter does not depend on spending money or commercialism. Spending time with someone who is lonely, grieving, disabled, or elderly can be rewarding. This is what Jesus meant when he said when you have done this unto the least of these then you have done it unto me. Love is what the Easter season is about. It is about loving as Jesus loved. The more abundant Life referenced by Christ has nothing to do with materialism and everything to do with love. Spending time with family and friends makes life richer during the holidays. Sharing a smile with the next door neighbor or anyone that you brush shoulders with helps spread joy. All summed up, love is the foundation of an abundant life. After all, Jesus is Love and Easter commemorates the love that he gave us on cavalry!

From the Editor:

I was talking to someone who told me that our recent below average temperatures reminded him of what the weather was like when he was a child. My grandfather had said the same thing to me a few hours earlier. I can only say that this 40 degree temperature is not welcome down here in Miami! It is out-

dated!!! Give me 65 and I will be just fine. If it's 65 all day, every day, every week, every month, it's all right with me!!! But this 40 has gotta go back to wherever it came from. It is ruining Miami's reputation. It has us in hibernation, abandoning shopping malls, beaches, parks, cruises, etc, while we wait for it to JUST LEAVE!!!! Even the layers of clothes it makes us wear are too heavy!!! (The editor's views and opinions do not necessarily reflect those of Holistic Ministries, Inc.)
