

## Square rooms

# 255

Thinking in square rooms, a human without illusions  
Sad strains on a sad face, is that what we've come to?  
Is the world bold this love old, moving nowhere and it's gonna cold  
The wind stops, the clouds go, we're all alone

[Pre-Chorus]

Oh oh oh, oh oh oh I know, I can see those  
Oh oh oh, oh oh oh, I know, I can see those  
I can feel those, I can see those

[Chorus]

Oh oh oh oh oh, Square rooms  
Oh oh oh oh oh, Square rooms  
They don't listen, they don't car, If a man is in despair

Walks long and long clears the vision  
Of one with one and you still move me  
You undo me like you've always done  
But I realize now we've not made you out of words now  
Just you and me, just you and me until the end of time

[Pre-Chorus]

Oh oh oh, oh oh oh I know, I can see those  
Oh oh oh, oh oh oh, I know, I can see those  
I can feel those, I can see those

[Chorus] X 3

Oh oh oh oh oh, Square rooms  
Oh oh oh oh oh, Square rooms  
They don't listen, they don't car, If a man is in despair
