

# AS WE LIVE AND BREATHE

*I've been thinking today I've got to find a way to make you see  
That sharing life with you has brought about the best in me.  
How do I explain fulfillment since you came oh my soul I feel so free  
Your love has brought me joy and all that I hope for and I know, I know  
Surely as we live and breathe your love is all I need  
Surely as we live and breathe your love is all I need*

*Looking back on all the years fighting back the tears that flood my eyes  
I remember feeling blue not knowing what to do or what was right  
And then you entered in I knew where I had been and where to go I was inspired  
Your love has lifted me and now I'm free to be all I am I am*

*Surely as we live and breathe your love is all I need  
Surely as we live and breathe your love is all I need*

*And then you entered in I knew where I had been and where to go I was inspired  
Your love has lifted me and now I'm free to be all I am I am  
Surely as we live and breathe your love is all I need  
Surely as we live and breathe your love is all I need*
