Cambridge Joint Playschemes

Registered Charity no 1045987

Background to the Charity

Our first playscheme, CHAS (Cambridge Holiday Activity Scheme), ran in 1992. Childsplay followed in 1993 and the two charities merged and became a registered charity in 1995. Cambridge Joint Playschemes (CJP) merged with another specialist playscheme, Kaleidoscope, in 2000.

CJP was founded by parents and professionals involved in the care of children with learning disabilities, who recognised that both the children and their families would benefit from specialist holiday activities.

Over the years CJP expanded and ran five different playschemes in the Summer, two at Christmas and three at Easter. We now provide holiday playschemes for one week during Easter Holidays and 2 weeks during the summer break. Our Saturday Clubs usually run 3 times a month, providing 2 morning activity sessions and one full day. These are varied and include, trips to the cinema Clubs, Swimming, Bowling, trips to local museums and arts and craft activities.

CJP has two aims: Firstly, to give children with learning disabilities the chance to join in stimulating activities and to socialise in a safe environment. Secondly, to give their families respite from caring, and the chance to do things with their other children that they may otherwise be unable to do.

As a voluntary organisation CJP is run by a Management Committee. The trustees come from a variety of backgrounds. Many of trustees have children who attend the schemes or have done so in the past. They also have a wide variety of professional experience in relevant fields.

Feedback from users, carers and professionals confirm that CJP meets a real need for holiday activities for children with disabilities. Flexible timetables of appropriate activities and outings and a high staff ratio on all schemes mean that individual needs are met and the children are enabled to participate.

Our staff all attend training sessions to ensure that they are equipped to provide an excellent standard of care.

A large proportion of our time is spent raising the funding for the playschemes to operate. Meeting the demand for places is expensive and parental contributions only go a short way towards the costs. We rely on grants and donations from a variety of sources to run the schemes and to update our equipment so that we can expand the choice of activities on offer.

Cambridge Joint Playschemes

Child Protection & Safe Guarding Policy

- 1 Cambridge Joint Playschemes recognises its duty to children and the need to respect them as individuals and protect their vulnerability.
- 2 The Cambridge Joint Playschemes recognises the part it has to play in the field of child protection and our duty to prevent the physical, sexual or emotional abuse or neglect of all children with whom we come in contact. We are committed to providing a safe environment for any child in our care.
3. We will ensure that any concerns in relation to the safety of a child involved with any activity organised by the Cambridge Joint Playschemes committee will be treated seriously and those concerns passed onto the appropriate agency so that these concerns can be assessed and appropriate action taken if necessary.
- 4 We also recognise the necessity of ensuring that any agency providing staff to work on the Playschemes has an appropriate child protection policy and procedures in place and that they are registered with the appropriate authority and that their staff have been through the necessary checking procedures. We also recognise that if any concerns about a child or a member of staff of any agency providing staff, are raised, that the agency needs to report or deal with the issues appropriately.
- 5 We will ensure that a member of the committee of the Cambridge Joint Playschemes is designated a "Child Protection Co-ordinator" and that they receive or have received appropriate training. The Designated Child Protection Worker will act as the first point of reference for any child protection issues.
- 6 We will ensure that all committee members have a copy of the Child Protection Policy and are aware of any procedures that would need to be undertaken.
7. We will produce a procedure to deal with any child protection issues involving the Cambridge Joint Playschemes.

Children have a right to be safe.
