

Where Should Waterford Spend ARPA Money?

The Town of Waterford has received stimulus funds from the American Rescue Plan ACT (ARP) and the Coronavirus State and Local Fiscal Recovery Fund (CSLFRF). The first portion of these funds have been received and a similar amount will be paid to the Town in 2022 raising the total amount Waterford will have to spend to **\$372,461.84**

A Citizens Committee was formed by the Waterford Selectboard to develop recommendations for the Town that fall within the allowable expenditure guidelines published by the Department of the Treasury. The allowable ideas the Committee has collected so far are listed here and we need your help to decide what Waterford residents think are the most important to our town!

Please fill out this survey to help us prioritize and add new ideas. You can scan the QR code, or use the link provided or fill out this paper and return it to the school, library or town clerk's office.

Are you a Waterford resident? Yes No

Please choose your topTHREE choices:

| | |
|---|--|
| | |
| Ventilation system for the library building | |
| Last mile broadband projects (Note that there will be an additional infusion of funds to the State of Vermont specific for broadband projects.) | |
| Host community trainings on the topic of digital literacy/ cyber security | |
| Investment in technology to better host public meetings virtually | |
| Loss revenue to Town of Waterford using calculator (Note: VLCT strongly recommends that each town take advantage of this option) | |

| | |
