

Even Keel Maintenance Program

Let's face it...time aboard your vessel is precious. Regular maintenance is key to keeping her running smooth. However, lack of regular maintenance, periods of inactivity and lack of use can wreak havoc on your AC system. Downtime causes stress, frustration and loss of valuable time on the water.

Cruise Cool feels your pain, so we started a new program called the **Even Keel Maintenance Program**, which is a combination of routine inspections and preventative maintenance checks on the AC system aboard your vessel.

The objective to the Even Keel Maintenance Program

is to increase reliability of the AC system, designed to catch problems before they become larger ones and help prevent disappointed family and friends when time on the water has been scheduled.

How the Even Keel Program Works

- The program is a one-year Maintenance agreement
- Cruise Cool will verify how many AC units are onboard for pricing
- Cruise Cool will catalog all AC equipment aboard to reduce turn-around-times on ordering of equipment
- Customer decides the frequency
- Customer and Cruise Cool signs agreement
- Cruise Cool sets the Customer schedule for the year
- Cruise Cool Technician performs regular checks

What's in it for you

- Guaranteed maintenance appointments
- **10% discount on ALL services, including equipment for the entire year**
- Priority service appointments
- No overtime charges
- No trip charges
- Discount provided pre-tax

Pricing

- 1-2 AC units: \$ 99.00 per visit
- 3-4 AC units: 165.00 per visit
- 5+ AC unit: \$199 per visit
- Chiller system unit count is determined by how many displays are onboard
- Annual payment due with Agreement

If you have any questions, call **239-775-9292**.
