

Chamber Launches Vaccine Passport Poll

August 11, 2021, Saint John, NB: The Saint John Region Chamber of Commerce today launched a Vaccine Passport Poll designed to gauge the level of support for or against the idea of vaccine documentation. The poll also asks for the respondents to identify the sector that they work within and would they ask for such a document of their customers.

“We are hearing more and more events and gatherings are asking for some type of proof of double vaccination for entry and participation. It is important that the business community and the public have an opportunity to voice their opinions”, said David Duplisea, CEO of the Chamber.

The poll will close on August 19th and the Chamber plans to share results with government.
