

## **& LESTINA'S CATERING**

It is with mixed emotions that I write this. After nearly 28 years of catering and for the last year and a half of prepared meals, sweets and specialty foods, we retired at the end of September. It has been a long wonderful run but it gets physically and mentally harder each year and the pandemic has greatly impacted the business.

I would like to thank all of my past and present employees with a special thank you to my sisters Linda and Sandy, my friend Ruth, and my husband George for being there from the beginning. I could not have asked for a more dedicated, conscientious, and fun group of people to work with.

The hardest part of all of this is leaving all of the wonderful customers! Your support, encouragement, enthusiasm, and loyalty have made this the most gratifying career I could have ever asked for.

Once again.....from the bottom of my heart..... **THANK YOU!!!!**
