Neighbor for Neighbor is a 33-year-old 501(C)3 non-profit organization run completely by local volunteers. (License # MICS-13068) We stock and distribute food and clothing to lower income families in Northwestern Oakland County. We also offer limited emergency financial aid.

Our funding comes from grants, trusts, rummage sales, and donations from local businesses, schools, churches, civic organizations, and caring individuals in the community. Often families we help in hard times become our best supporters once they’re back on their feet.

Neighbor for Neighbor operates totally on a volunteer basis.

We make every contribution count with 90¢ of every donated dollar going toward program services!

In an average fiscal year, Neighbor for Neighbor serves approximately 1,000 local individuals, distributes more than 50 tons of food and thousands of bags of clothing through our food pantry and clothing closet. We pay more than $36,678 annually to utility companies and landlords to prevent service shutoffs and evictions.

With the help of partnering organizations and churches we also provide free school supplies, Easter baskets, Christmas gifts, cold weather clothing, and personal care items to our recipients. These special needs are met by dozens of groups contributing countless hours organizing drives on our behalf. Thanks again for choosing Neighbor for Neighbor!
