Medical Facility Director,

I am writing in regards to my experience with Lauderdale Pathology and the services that they have provided for our medical clinic. Neil Ramgolam and his staff at Lauderdale Pathology have been exceptional in helping us provide clinical lab services at our clinic. They have given us their expert guidance with the application and startup process. The addition of pathology lab services with the assistance of Lauderdale Pathology has been a convenience to our patients and has significantly augmented our medical practice income. We have been extremely pleased with the professionalism and reliability of their lab services.

Professionally,

Dr. Nicholas W. Rutledge
