

TELECOM TOWER RENTALS™

"Your Temporary Tower Rental Solution"

150' MONOPOLE
LAKE CHARLES, LA

Ballast Mounted Temporary Monopoles

- Telecom Tower Rentals, LLC. (TTR) specializes in providing temporary ballast mounted monopoles to the wireless telecom carriers, government agencies, private sector and general contractors throughout the USA.
- Our towers come in heights of 70' – 170' and can accommodate as many as 5 carriers at one time with multiple antennas per sector and without the requirement of guy wires.
- These towers can be leased as a temporary solution or a permanent structure for up to 30 years depending on your specific needs.
- Each tower is engineered to the most current required standard, EIA/TIA REV H, and can be deployed immediately and erected in 1-2 days.

Why a Ballasted Temporary Monopole?

- Zero Ground Penetration
- Zero Guy Wires
- Maximum Capacity
- Smallest Footprint (24' x 24')
- In Stock and Immediately Available
- Heights From 70' - 170'
- Deploying anywhere within the continental USA

Common Tower Deployment Applications

Water Tank Rehabilitation
Emergency Relief
Large Public Events
Microwave Links
Temporary Relocations
