

FACT SHEET

The **Georgia Industry Environmental Coalition (GIEC)**, formed in 1992, is a non-profit membership organization of environmentally-regulated businesses in Georgia. Its members form a diverse group of industries with the shared belief that environmental regulations should, and can, be both protective and cost efficient.

GIEC provides Georgia industry a strong, unified voice on environmental regulatory issues. It provides members the opportunity to

- deal collectively with the Georgia Environmental Protection Division (EPD),
- take advantage of technical and educational expertise, and
- interact and network with professional colleagues.

The **mission** of GIEC is to serve as a technically-based advocate for Georgia industry by promoting environmental regulations and policies founded on

- protection of human health and the environment,
- sound science, and
- cost/benefit principles.

Purpose

The basic purpose of GIEC is to identify and collectively address specific Georgia environmental issues of mutual interest to the membership.

Membership

GIEC membership is open to business corporations with environmental compliance and/or remediation responsibility for a site or facility located within the State of Georgia.

Structure and Administration

GIEC is led and directed by a Board of Directors elected annually by the general membership.

Affiliations

Through its Affiliate Program, GIEC has a team of environmental attorneys from six law firms working as strategic partners to achieve its goals. The GIEC Affiliates are Kazmarek Mowrey Cloud & Laseter LLP; King & Spalding LLP; and Troutman Pepper.

Through its member companies, GIEC also works closely with other groups that represent industry such as the Georgia Chemistry Council; Georgia Association of Manufacturers; Georgia Paper and Forest Products Association; Georgia Association of Water Professionals; Metro Atlanta Chamber; Georgia Chamber of Commerce; Georgia Mining Association; Georgia Poultry Federation and Georgia Beverage Association.
