

One fine morning

28

One fine morning, girl, I'll wake up, Wipe the sleep from my eyes
Go outside and feel the sunshine, Then I know I'll realize
That as long as you love me, girl, we'll fly

And on that mornin' when I wake up, I'll see your face inside a cloud
See your smile inside a window, Hear your voice inside a crowd
Calling, "Come with me baby and we'll fly"

Yeah, we'll fly-y-y, yeah, we'll fly
We'll fly-y-y, yeah, we'll fly

And on that mornin' when I wake up, We'll go outside and live our dreams
I'll buy you candies made of stardust, And little dolls dressed up in moonbeams
And everywhere we go we'll laugh and sing,
I'll kiss you morning, noon and night
And all the universe will smile on us,
'Cause they know that our love is finally right

Yeah, we'll fly-y-y, yeah, we'll fly
We'll fly-y-y, yeah, we'll fly

Yeah, we'll fly to the east, we'll fly to the west
There'll be no place we can't call our own
Yeah, we'll fly to the north, we'll fly to the south
Every planet will become our home

Yeah, we'll fly-y-y, yeah, we'll fly
Yeah, we'll fly to the east, we'll fly to the west
There'll be no place we can't call our own
We'll fly to the north, we'll fly to the south
Every planet will become our home
