
ALLEN DOMELLE MINISTRIES

March 2015

Dear Pastor,

I would like to enthusiastically recommend Missionary Caleb Benson, missionary to Cameroon. I came to know Bro. Benson within the past couple of years, and have gotten closer to him since he joined my home church. Bro. Benson carries himself in a very wise and godly manner, and the call of God upon his life very evident.

What I enjoy about Bro. Benson is seeing that his family carries the same burden for missions as he. His wife, Sarah, is fully behind his call of God and is a true help meet to her husband. I have never one time seen her complain or show reservation about going to the mission field. Their children are certainly normal children, but they are obedient and helpful to their fathers ministry. This family is a soul winning team that I believe will work together to bring the Gospel of Jesus Christ to the Cameroonian people.

Let me strongly recommend that you have the Benson family come to your church to present their ministry. I believe once you meet them, you will be as impressed as I have about what the LORD is doing through their lives. I would also like to ask you to strongly consider supporting them. I believe an investment in this family would be a great investment that would give eternal returns to your missions giving.

If you have any questions about Bro. Benson, please feel free to call me at 903.746.9632. Thank you for your consideration. God bless you!

In Christ,

Allen Domelle
