Product Description

The celexon Ultramobile Professional screen is the perfect mobile companion for your presentation thanks to its very compact and light-weight design.

The elegant and sturdy aluminium housing is easy to store and is the ideal solution for private or business use when an installation screen is not an option. The fine textured, reflective material, with a gain factor of 1.0, is ideal for presentations or watching films. It provides excellent flatness with a wide viewing angle.

It is quick and easy to set up and dismantle in 3 simple steps and saves long set up time before your presentation.
