1. Meeting called to order at 7:00PM

3. ZA Report – Discussion on violations for accessory dwellings with no permit. Chris reminded us of the State of Vermont rules that have changed the accessory dwelling, which he has sent to us as a board. We will need to review and address this requirement.
4. The board is unanimously concerned about the ability to put forth items to the Selectboard ahead of Town Meeting. The board will review the proposed districts (White Village/Hastings), finalize updated verbiage for the sign ordinance, review and put forth the new accessory dwelling to be compliant with the State of Vermont.
