

Live, Local and Relevant Workshop Series of Vista Psychological & Counseling Centre Presents:

Supervision in a Medical World: Ethical Training of Supervisees in Medical Diagnoses that Mimic Mental Health Concerns

Goals:

1. To provide a basic understanding of medical problems that mimic mental health concerns.
2. To develop an appreciation of the need to correspond to medical practitioner referral sources.
3. To understand the need for medical clearance and how to listen to clients presenting in order to consider medical problems.
4. To explore supervisory issues with supervisees never exposed to the medical issues as they relate to mental health presentation.

This Live Workshop has been approved by the Ohio Psychological Association (Provider #262155946) for 3 Standard CE hours and 3 Ethics CE hours and may qualify supervision (3 CE hours) for other providers. Programs approved by OPA are accepted by the Ohio Counselor, Social Worker and Marriage and Family Therapy board.

Presenter: Robert A Humphries Ph.D.

About the Presenter: Dr. Bob Humphries brings a wealth of teaching experience to his presentations. He retired as an Associate Professor at Walsh University in July of 2020 after 21 years as a fulltime instructor, having served as an adjunct for the 10 years prior. His nearly four decades of clinical work in the community and continued at his private practice at Vista Psychological & Counseling Centre in North Canton, Ohio beginning in May of 2008 augment his teaching with a wealth of stories, antidotes and clinical experiences to share.
