

Vetgene

Anti Microbial Hand Wash T

Vetgene Anti Microbial Hand Wash T is a pleasantly fragranced hand cleanser with Tricolsan as the antiseptic agent.

Vetgene Anti Microbial Hand Wash T is especially formulated for general use in consulting rooms in Vet Clinics and as an antiseptic bathroom hand wash. It is fully bio-degradable and is easily applied via soap dispenser units or directly from the container supplied. Anti Microbial Hand Wash T is also suitable for on-farm and general hand cleaning. Being a neutral pH Vetgene Anti Microbial Hand Wash T is formulated for repeated use on skin. This formulation helps reduce the drying effect of repeated use and also contains recognised skin conditioners that will make the skin feel soft after use.

Vetgene Anti Microbial Hand Wash T contains especially mild vegetable oil based surfactants, including coconut oil derivatives and Triclosan antiseptic agent.

Vetgene Anti Microbial Hand Wash T contains no solvents.

Directions for use

Never mix this product with other chemicals as effectiveness can not be assured.

For use as a vet clinic personal hand wash.

Dispense a small amount (5 mls) of Anti Microbial Hand Wash T into the palm of a wet hand, bring hands together to make a lather and continue to rub hands together for 15 seconds. Rinse with warm water and dry well with a CLEAN towel.

See MSDS or label for more information.
